Optical Opening Read This

Our nicely equipped Optical parlors are about completed, and we are now able to give our patrons an optical service second to none.

We keep abreast of the times, and use, in making examinations, those methods which are recognized by authorities as the most Accurate and Dependable.

We operate our own LENS GRINDING and PRESCRIPTION department and can match and replace complicated lenses at short notice.

We do not claim to sell \$3.50 to \$5.00 glasses for \$1.00. Such methods are the recognized ear marks of the optical pedlar all over the continent, and are merely used as a bait to catch the unwary.

We respectfully solicit your patronage because we are competent to serve you, and we are located permanently. The money we earn is NOT taken out of the country but spent to help build up other local industries.
