Perfumes Direct From France Last August we placed a large order for a choice assortment of Perfumes manufactured by Violet (pronounced, Vei-o-lay) the famous French Perfumes. The odors were selected for us by a gentleman who has had a large experience in perfumes and might almost be considered an expert in this line. Several of the odors selected are not carried in stock in Canada and could only be obtained by a special import order such as we gave. We expect this Perfume in a Few Days and can assure our customers that when our stock arrives we can show a stock of French Perfumes which we think cannot be equalled in this City or Province.
