A COMPLAINT.—Complaint has been received that three hunting dogs are running wild in the Asylum woods, and as proof of the destruction of these animals a dead rabbit was found on the ground. As this is the mating season it seems a shame that the game should be thus ruthlessly exterminated. The by-law says that the penalty is a fine of \$25 for any dog running loose without his master, in pursuit of game between the first of March and the twentieth of August. The party complaining says that if these dogs are found running loose through the woods from this out, he will shoot them on sight.
