RED CROSS GIVING.—The Canadian Red Cross Society magazine published in Toronto contains the following:—Those who live on Prince Edward Island will be glad to know that it is a small province. Whether or not such a remark from an outsider would be appreciated is another matter. Yet nevertheless the fact remains that Prince Edward Island has the minimum area and the maximum rural population for that area in all of Canada. It cannot, therefore, be expected to make the same Red Cross showing as some of the larger Provinces. Much, however, can be effected by organization, and increased organization would bring results in the P. E. I. Red Cross Society. The money which comes in is sent very largely without being solicited. It is interesting to note that the

Prisoners of War Department, which has been organized, receives a support more than double that accorded the general fund. This is most unusual. The Provincial officers in Charlottetown are much interested in the work, but lack of time prevents their giving it the necessary attention. The people of the island are extremely loyal to their own men and see that the Unit of the Red Cross bring to them. which to which any of their boys may be attached is liberally supplied with socks and comforts. This same generous spirit could undoubtedly be broadened to include thought for men generally, irrespective of place of birth, who lie in the many hospitals of the old land and new and sorely need the comfort which the supplies and kindly thought of the Red Cross bring to them.

## "Perhaps you are right, Mary, I think I will follow your advice"

"In what way?"

"By trying Dr. Chase's Nerve Food. I have been reading here about the symptoms of exhausted nerves, and the description just suits my case."

"I am sure it will help you just as it did me when I had nervous prostration, for you know yourself that nothing else seemed to do me any good."

"That is about right."

"Well, I have been telling you that the Nerve Food is what you need."

"I know you have, but I did not think there was anything wrong with my nerves, for I was always pretty well. One thing sure, I cannot sleep nights, and get up so tired every morning that I do not feel like taking hold of work like I used to."

"I have felt that I am losing grip on business and sometimes get discouraged. Of course, I have been working hard since we are so short-handed, and I suppose this is beginning to tell."

"Well, I have been worried about your health, but you would not take my advice and so I could do no more. I am awfully glad you are going to try Dr. Chase's Nerve Food, for I am sure it will build up your health."

"I have been reading here a letter from Mr. Myles of Lindsay, and I am not going

to delay treatment until I get like he was. When the Nerve Food cured him it will surely help me."

This is the letter:

Mr. Alex. Myles, 5 Regent street, Lindsay, Ont., writes: "For the last five years I had been troubled with my nerves. At times I could not put on my coat alone, and often when trying to read the paper my hands would shake so that the paper would rattle, and I could scarcely read it. When drinking a cup of tea it was difficult to get it to my lips. I did not sleep well, and sometimes would only be asleep a short time when I would wake up and then lie awake the rest of the night. Then, also, I used to take cramps in my legs so badly that I would have to get up at night and walk the floor. Sometimes during the day the cramps would bother me, too. My muscles seemed to tie up in knots. I had tried different medicines without success. Last fall I secured a box of Dr. Chase's Nerve Food, and as this one box helped me, I got some more and continued taking them till my nervousness was cured. I feel much better generally, can eat well, and sleep right through the night. I have not had any cramps for two months, and I give all the credit to Dr. Chase's Nerve Food. Some years ago, too, I was troubled with piles, and upon the advice of a friend, used Dr. Chase's Ointment, which cured me. I have great faith in all of Dr. Chase's medicines."

Because Dr. Chase's Nerve Food supplies to the body the vital substances from which new, rich blood and nerve force is created it cannot fail to be of benefit to the system. 50 cents a box, 6 for \$2.75. All dealers, or Edmanson, Bates & Co., Ltd., Toronto. The portrait and signature of A. W. Chase, M.D., is on every box of the genuine.

## NOTICE

### Military Service Act, 1917.

#### EMPLOYMENT OF MEN IN DEFAULT UNDER THE MILITARY SERVICE ACT.

The following Regulations, recently approved by the Governor General in Council, impose strict obligations upon every employer TO ASSURE HIMSELF THAT EACH OF HIS EMPLOYEES OF MILITARY AGE AND DESCRIPTION IS IN POSSESSION OF DOCUMENTS PROVING THAT HE IS NOT IN ANY WAY IN DEFAULT UNDER THE MILITARY SERVICE ACT.

An employer who is charged with having a defaulter in his employ must be able to prove THAT THE MILITARY SERVICE PAPERS ISSUED BY THE REGISTRAR OR MILITARY AUTHORITIES TO THE EMPLOYEE IN QUESTION WERE PRODUCED FOR HIS INSPECTION at the time when the employee was taken into his employment, and that it was reasonably established to his satisfaction that the man was not in default under the Military Service Act. It should be clearly understood that the Canadian Registration Certificates given on June 22, 1918, at the time of general registration, in no way define the status of a man under the Military Service Act.

#### REGULATIONS.

"106. Every person who employs or retains in his service any man who has deserted or is absent without leave from the Canadian Expeditionary Force, or who is in default in the performance of any obligation or requirement for reporting or for military service, imposed upon him by the Act or Regulations, or any proclamation thereunder, shall be guilty of an offence punishable on summary conviction by imprisonment not exceeding six months, or by a penalty of not less than One Hundred Dollars, and of not more than Five Hundred Dollars, or by both such imprisonment and fine, unless such person prove that he made due inquiry and that THE MILITARY SERVICE PAPERS ISSUED BY THE REGISTRAR OR THE MILITARY AUTHORITIES TO THE MAN SO EMPLOYED OR RETAINED IN HIS SERVICE WERE PRODUCED FOR HIS INSPECTION, and that it was reasonably established to his satisfaction by such inquiry and papers that the man was not a deserter or absent from the force without leave, or in default in respect of any of the obligations or requirements aforesaid."
