

# U.S.S. WYOMING IS LAUNCHED

### Uncle Sam's Latest and Greatest Battleship Takes the Water— Her Dimensions.

PHILADELPHIA, Pa., May 25.— Surpassed by none and equaled only by her own sistership, which is not yet completed, America's latest and greatest warship, the battleship Wyoming, was launched today at the yards of the Cramp Ship and Engine Building Company at Kensington. There was no outward incident to mar the ceremonies, which were witnessed by a distinguished gathering of naval folk and official representatives of the State of Wyoming, in honor of which Commonwealth the powerful sea fighter was named. For the first time in the many years that the Cramps have been building the big fighting machines for

the United States navy the general public was barred from attending the launching. No one was permitted to enter the yards without a card of admission. The enforcement of the new rule was due, according to the explanation of the company officials, to extraordinary conditions arising from the great size of the Wyoming. So huge is the mammoth hulk that it completely filled the great shed built over the cradle and rendered it impossible to build the customary stand about the prow for the accommodation of the spectators. Provision was made only for the christening party and a few distinguished guests.

The christening party, headed by Miss Dorothy Eunice Knight, daughter of a former chief justice of the Wyoming supreme court and sponsor for the big battleship, took up their positions near the nose of the big ship. A few minutes later there was a rousing sound and snap, the weak end under beams gave way and as the Wyoming moved down, the ways Miss Knight hurled the bottle of sparkling wine at the prow and exclaimed in a clear voice: "I christen thee Wyoming."

# How I Made My Hair Grow

### Woman With Marvelously Beautiful Hair Gives Simple Home Prescription Which She Used With Most Remarkable Results.

I was greatly troubled with dandruff and falling hair. I tried many advertised preparations, and various prescriptions, but they all signally failed; many of them made my hair greasy so it was impossible to comb or do it up properly. I think that many of the things I tried were positively injurious and from my own experience, I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances. To have them injure the roots of the hair. After my long list of failures, I finally found a simple prescription which I can unhesitatingly state is beyond doubt the most wonderful thing for the hair I have ever seen. Many of my friends have also used it, and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth of the hair and restores it to its natural color, but it is equally effective for removing dandruff, greasiness, itching, and brilliancy, etc., and for the purpose of keeping the scalp in the best condition. It also makes the hair softer, more pliant and more resistant to breakage. I have a friend who used it two months and during that time it has not only stopped the falling of her hair, but it has wonderfully increased its growth, but it is practically invisible. It is made of the following ingredients: Menthol Crystals, 12 drachms; Lavone de Composee, 2 oz. If you like it returned add a few drops of Lavone de Composee, which mixes perfectly with the other ingredients. This however, is not necessary. Apply night and morning; rub thoroughly into the scalp. Go to your druggist and ask for an eight ounce bottle containing six ounces of Menthol Crystals and two ounces of Lavone de Composee. Mix the ingredients yourself at your own home. Add the Menthol to the Lavone de Composee and add the Lavone de Composee. Let it stand one-half hour and it is ready for use.

The gigantic battleship slid down the tallow-greased ways with the lightness of a frail lifeboat. As she righted herself far out in the stream and was taken in charge by several tugs the great crowd of spectators cheered to its enthusiasm. To the cheers of the onlookers was added the deafening noise of hundreds of whistles from the factories and shops along shore and the many river craft.

The battleship Wyoming is declared to have no equal afloat as a first-class fighting machine. She is of 26,000 tons displacement, or 3,320 tons greater than the British battleship Conqueror launched a few weeks ago. The displacement of the Wyoming is 6,000 tons greater than that of the Delaware, which has been in commission less than a year, and nearly 15,000 tons greater than that of the Oregon, which scarcely more than a decade ago was known as the "Bulldog of the Navy."

The apartment of the Wyoming will consist of twelve 12-inch and twenty-two 5-inch guns broadsides of twelve 12-inch and eleven 5-inch guns. The twelve 12-inch guns will be mounted in six turrets on the centre line of the ship, two forward, two aft and two midships. Each turret is to be protected by armor twelve inches and eight inches thick, and supplied with ammunition by electrical hoists from the magazines and shellrooms below. The entire handling of the guns will be done by electric motors. For defence against torpedo boat attacks there will be provided a battery of twenty-one 5-inch guns, protected by armor of medium thickness. Close subdivision and strong bulkheads will form additional protection against the damage likely to result from mine or torpedo explosions. The principal dimensions of the big battleship are as follows: Length on load water line, 554 feet; length over

# Could Not Rest at Night. Back Was So Weak.

### Weak, lame and aching backs are the primary cause of kidney trouble. When the back aches or becomes weak it is a warning from the kidneys that everything is not right with them.

Heed the warning: sure the weak, lame, aching back and displace of any chances of further trouble. Doan's Kidney Pills are the first thing you know you will be troubled with Dropsy, Diabetes or Bright's Disease, the three most deadly forms of Kidney Trouble.

On the first sign of anything wrong Doan's Kidney Pills should be taken. They go to the seat of the trouble and strengthen the kidneys, thereby strengthening the back.

Mrs. John Puigh, Parkdale, Man., writes: "I have used Doan's Kidney Pills and find nothing to beat them. I could not rest at night my back was so weak. I tried everything, but could not get anything to do me any good until I was told by a friend to use Doan's Kidney Pills. I tried them and I am not the same weak woman I was before. I am very thankful to have found so speedy a cure."

Doan's Kidney Pills are 50 cents per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont. If ordering direct specify "Doan's."

The main belt armor will be about eight feet wide and will have an average thickness of ten inches. Above this is to be another belt of ten inches thickness, and still higher amidships, is the casement armor protecting the secondary battery and funnel bases. At the ends of the main belt are transverse armor bulkheads. Each barrette is of armor varying from four inches to eleven inches in thickness, which protects the entire ammunition-handling machinery for the 12-inch guns in the turret above. A strong protective deck extends all fore and aft.

The Wyoming will be fitted for a flagship and her complement as such will consist of 85 officers and 1,830 men. It is expected she will be ready for commission by the end of the year.

**BUD MOTH.**  
The Bud Moth is reported as being very plentiful this year. It feeds carefully at the trees and notices the leaves curled up about the blossom buds and if they are carefully opened a tiny red worm is noticed. It moves rapidly and may easily escape unobserved. These worms eat the flower buds and consequently destroy any prospect of fruit. These should be sprayed at once with the poisoned lime-sulphur mixture or with the Lime-Sulphur wash poisoned with Arsenate of Lead. For the latter spray the Commercial mixture should be used and applied at the rate of 1 gal spray to 35 gals of water. Do not spray in the evening. This is the best time to do so before the blossoms open. Full information can be had on application to the Department of Agriculture at Charlottetown, P. E. Island.

**OBITUARY**  
The Reaper is busy again gathering in the ripened grain. The sheaves, ripe for the harvest are fast borne away to Eternity's shore. The death occurred on May 16, 1911, of Allison LeFevre of North Tryon at the age of 73 years. He was one of the most respected men in the community. He has seen the wilderness change to a rich and prosperous country, well supplied with schools, churches, and all the comforts of life. Three children came to the home viz—Mrs. Major Huestis, Summerside, Mrs. Hugh Walker, At. His wife also survives him. For years Mr. LeFevre was unable to follow his employment. During his long illness he was cheerful and patient to a degree that excited astonishment. The funeral procession to the cemetery at Cape Traverse was large, and the funeral service was conducted by Rev. W. M. Field. Much sympathy is extended to the bereaved family upon the loss of a dutiful and respected head and in the community he leaves a vacancy.

# NO MORE DANDRUFF

Geo. E. Hughes Knows What is Making Clean Scalps.

In order to rid your scalp of filthy dandruff you must kill the germ. There is a hair dressing called Parisian Sage which is now sold in every town in Canada. It is guaranteed by Geo. E. Hughes to eradicate dandruff, stop falling hair, splitting hair and scalp itch in two weeks or money back. If you have dandruff get a large 50 cent bottle today and rid yourself of it. Remember that if dandruff germs are not destroyed in time, the hair will surely fall out and baldness will follow.

# We Specialize on Repairing

We take particular pride in the work of our repairing department for we know it is unusually excellent.

Your jewelry can be left here with the assurance of getting supreme satisfaction. Everything that care, skill, experience and ingenuity can suggest will be done to guarantee your satisfaction.

**W. N. TANTON**  
Jeweler—Sunnyside

**"BY THE WAY-SIDE."**  
I stand alone, wind-tossed about. Sighing by grasses, that bend only out. Alone! no one chooses, or caresses me here. For the blossomed mass, is far more dear.

In the lives of men, I'm but a blight, a weed. I'm not chosen for the world's great need. The blossomed mass, are the gems of the night, and their sweet purity, the gems of light. They trample me under their feet as they pass. I'm not seen in the dry sea grass. So I'm wearied and worn, with their faults again, and fall like a rag in the tears of rain. I'm of little use in this world of night. I'm but a daisy, to make its dark circles here. It appears that the Canadian Pacific has been the leader in the insurgent movement, and has given definite warning that it will not again be a party to the agreement under which all the North Atlantic Lines have been working.

Soon my petals will wither and fade away. The seeds to fall in the thorns by the way. But perhaps from my tomb, some blossoms may grow. The thorns may be roses, brighter gems to do more.

Mary I. S. Yeo.  
**CUTTING RATES IN ATLANTIC SHIPPING.**

MONTREAL, May 27.—The prospects of a rate war in the Atlantic shipping circles here. It appears that the Canadian Pacific has been the leader in the insurgent movement, and has given definite warning that it will not again be a party to the agreement under which all the North Atlantic Lines have been working.

**WOMAN TOLD HER SHE DID NOT HAVE A PINT OF GOOD BLOOD IN HER BODY.**  
Mrs. Donthe P. Cormier, Middle Sackville, N.B., says:

"In the spring of 1897 I was all run down, and the doctor told me I had not a pint of good blood in my body. I took different remedies from doctors, but they did not seem to do me any good. After having taken a lot of different other kinds of medicine, and they did not seem to benefit me, I was almost in despair and did not know what to do until my husband met a lady and told her about my sickness and she told him to try Burdock Blood Bitters as she had received the greatest benefit from using it. My husband went and bought me a bottle, and after having taken it I felt better, so I kept on using one bottle after another until I had taken six in all and then I was strong and well. I am positive that my being alive to-day is due to the use of Burdock Blood Bitters. One spring since then I was not feeling very well and had a lot of work to do. I thought I would procure a bottle of Burdock Blood Bitters and after I had taken two I was able to do a lot of hard work all the summer, and I never felt better in my life. In the winter of 1905 I had Pneumonia, and it left me with a severe pain in the left side. Every morning when I would get out of bed I had to sit down for a while it was so painful. After I had used Burdock Blood Bitters the pain disappeared completely. It has also cured me of bleeding piles. I have received so much benefit from Burdock Blood Bitters that you may publish this as it may help others as it has me."

# A Sure Thing

Billiousness and backache are common complaints which surely result from a clogged liver. If your liver is sluggish and not performing its proper functions, our Little Gem Pills will promptly restore good health, for they arouse the liver to action.

These pills are composed of purely vegetable ingredients and have a beneficial effect upon the stomach and bowels as well as the kidneys relieving indigestion and constipation.

15c per bottle  
**E. A. Foster**  
Central Drugstore  
Sunnyside.

# DON'T FOOL WITH YOUR LIVER

## MAKE IT ACTIVE AND HEALTHY WITH "FRUIT-A-TIVES"

Don't treat the Liver with common purgatives. Salts, senna, calomel and the host of "liver pills" do not act on the liver at all. They merely irritate the bowels.

"Fruit-a-tives" will cure Biliousness and Torpid Liver because this famous "Fruit-a-tives" corrects Indigestion and Constipation—not by inflaming the bowels like common purgatives, but by making the liver active and healthy.

"Fruit-a-tives" is the greatest liver medicine in the world, and is the only medicine made of fruit juices.

50c. a box, 6 for \$2.50, trial size, 25c. At all dealers, or from Fruit-a-tives Limited, Ottawa.

### IN MEMORIAM

Died May 8th, 1911 Mrs. Jane Williams of Westmoreland, P. E. I., aged 72 years. For three years she was ill of a singular disease during which she suffered very much but was mercifully saved from all muzzing and impatience. Though debared from the public worshipping of God she constantly enjoyed His comforting presence. So completely was she delivered from the fear of death that she would contemplate it with the greatest calmness. Her mental powers retained their full vigor until the close of her life and the Lord was pleased to answer her constant prayer by granting her an easy release. She calmly breathed the sigh of expiration and retired from this vain and transient world. Her remains were interred in the home cemetery at Springton. The funeral service was conducted by Pastor Field of Tryon. Six daughters and seven sons are left, including Roderick on the homestead. Her fatherless children are committed unto his hands who has said, "I will preserve them alive." Her loss will be long and deeply deplored by her numerous friends.

### CHICAGO STOCK CO.

There was a time some years ago in the theatrical business when the best class of theatre-goers were not as a rule patrons of the stock companies. Today the best productions which are given in many cities during the season are those produced by the stocks. In fact some of the greatest plays which are produced on the stage today are such a success that the star and play never leaves New York City, or if it does only visits the leading cities. For this reason the ordinary theatre-goer who cannot attend his entire winter in the large cities could not get to see the really big shows and great plays, if they were not offered by first-class stock attractions.

Mr. Ross Kam of the Chicago Stock Company, representing the above fact, this season closed contracts with some of the greatest writers of the present day for the exclusive use of their plays outside of New York City. A mere glance at the following list of productions which he has under contract and which will be produced during the engagement here, will verify his assertion that there will be no better days seen in this city this season at even a two dollar price than he is going to give the theatre-goers during the engagement of the Chicago Stock Company, and everyone knows that their prices are within the reach of all for the best seats in the theatre. The plays which are announced to back up the above assertions include The Climbers from the pen of Clyde Fitch, which Amelia Bingham has played for the last thirty years in the best theatres in the country at the highest prices. The Music Master, the starring vehicle of Miss. Blanche Walsh for two years to phenomenal success, a play also from the pen of Clyde Fitch, stands number two in the list. From Charles Klein, the author of The Music Master, The Lion and the Mouse and The Music Master, Mr. Ross Kam has secured the rights for his new play The Stepchild, pronounced by some critics as a better story than The Man of the Hour, for while similar in theme to that play it has that artistic touch of pathos characteristic of Mr. Klein's writings, which made The Music Master the greatest dramatic success the world has known in a hundred years. Grace George's former Broadway production Clothes, from the pen of Channing Pollock and Avery Hapwood is still retained in their list of offerings.

The celebrated company will open their six days engagement at the Opera House to-morrow night with a Massive and stupendous scenic production of Clothes, the most beautiful play ever presented on any stage. Its a play that will long remain in the memory of all those witnessing it. No lady should fail to see the \$7000.00 display of Parasian gowns worn in the great circus ball scene in the third act. The seats are selling fast.

Mrs. L. M. Poole and Miss Poole, city, made the round trip by the Northumberland Saturday.
