MRS. GEO. SHEPPARD

SYDNEY, April 2.—After an illness of only a few hours, Mrs. George Sheppard, 64, a native of Cardigan, P. E. I., died today at her home 343 Esplanade. She had resided here for nearly thirty years. Surviving are her husband, three daughters, Mrs. Patrick J. Smith, Misses Violet and Barbara, Sydney and four sons, George, Junior, and Frank, Sydney; Edward, Portland, Me., and Richard in the Canadian West.

most serious economic factor, the coffee situation. Reports received from Rio de Janeiro state that the drop in coffee prices which began last October has resulted in a large increase in exports of coffee which in turn has helped to relieve the surplus of stock on hand. From the first of January until on in March the average volume of exports of coffee from Rio de Janeiro and Santos, the two chief ports have run close to 300,000 bags a week as compared with an average of 245,000 bags for the corresponding period of last year. This indicates an increase of all over twenty percent. From the beginning of the coffee year, July 1929, until the end of February exports of coffee from Brazil were 8,385,161 bags as against 7,625,477 an increase of some 760,000 bags.

An indication of how the American Copper Association view the outlook for the price of copper, is contained in statements made by Mr. Brownell, vice-president and chairman of the Finance Committee of American Smelting and Refining Company at the annual meeting. This company is one of the leaders in the Association.

Mr. Brownell believes that foreign consumption of copper in 1930 will be as good as in 1929, and foreign consumption normally represents 40 percent of the total world consumption. The adoption of the Young plan in Germany now permits that country to procure funds for electrification, and Europe is expanding her electric power program. In the United States, 60 percent of the copper consumption is taken by electrification.

"If world consumption is only 75% it will be over 1,500,000 metric tons, or approximately the present rate of world production. To get a similar drop of 25 percent in the world consumption, compared with a preceding year, one would have to go back to the last half of 1920 and the first half of 1921. Except Kanga which has been producing for years, the African situation is a prospect rather than an actuality at the present time. Probably it will be from three to five years before any substantial tonnage of copper is coming from northern or central Rhodesia. Average per capita consumption of copper in the United States is 60 pounds per year. In Europe it is only eight pounds. There are no signs yet that the saturation point is being approached in America while Europe, as fast as she gets money, is developing her power system so that her consumption will grow."

LAPTHORNE & STEVENSON District Managers Charlottetown, P. E. I.

winter in Charlottetown, is visiting in Rollo Bay West, the guest of Mr. and Mrs. Lazarus White and leaves this week for his home in Belle Cote Inverness, C. B.

Miss Annie and Mr. Adolphus Buote, Bear River, were visitors to Lower Rollo Bay, Sunday, the guests of Mr. and Mrs. Peter F. Deagle.

Miss Olive Peters, Rollo Bay East was a recent visitor to Souris West, the guest of the Messrs White.

We are glad to see Mr. Tom McCloskey out again after his recent serious illness.

Many of the men about here have been busily engaged hauling lumber to Dixon Bros. mill, Fortune, but owing to the bad traveling have been obliged to postpone their activities.

The Messrs Mary Peters, Gertrude MacDonald, Mary E. MacRae, and Mary A. Gallant, Souris, were recent visitors to Rollo Bay East.

Mr. and Mrs. Dalis Paquette and family of Souris, have moved to Rollo Bay Centre, where they will in future reside. We understand it is Mr. Paquette's intention to erect a forge and continue the blacksmith work which he made a success of in Souris. His many friends wish him continued success.

Mrs. Lazarus White and Mrs. Joseph J. Chaisson, Rollo Bay, were recent visitors to Souris.

We regret to learn that Mr. Joseph B. MacCormac has been confined to his home in Rollo Bay for the past week, by a severe attack of a gripe.

Mr. John LeBlanc, who spent the winter in Charlottetown, is visiting in Rollo Bay West, the guest of Mr. and Mrs. Lazarus White and leaves this week for his home in Belle Cote Inverness, C. B.

Headed by Dudley Leblanc the party, to number 200 will pass through the city enroute to Grand Pre, Nova Scotia, to help celebrate the 175th anniversary of the Acadians exodus. They will travel partly by automobile and partly by train, so that leaders in the movement can map out the proposed Longfellow-Evangeline National Trail, which will extend from the Grand Pre Valley through Boston and New York into Louisiana.

Most of the Acadians traveling northward will be from St. Martinville, called "St. Mar" in the poetical immortal story, where sleeps the original of his "Evangeline." At St. Martinville is the grave of Emaline Labiche, the girl whose story the poet told in the world's most beloved poem.

Those making the pilgrimage to the land of their great grandfathers will tell the story that there was no happy ending to the story of Emaline Labiche, but that she died of a broken heart when she learned that her lover had wed another.

Mr. Alex. MacGillivray, Souris River, was a passenger to Charlottetown this week where his wife is dangerously ill in the City Hospital.

Mr. William J. White has returned to his home after spending the past winter in Lower Rollo Bay, where he was in the employ of Mr. Peter F. Deagle.

Congratulations to Mr. and Mrs. Peter Carpenter, Lower Rollo Bay, on the birth of a son.

Mr. William A. White, Rollo Bay, Centre, is busily engaged erecting a roof on his barn which was unroofed during the big gale.

Messrs. John and Joseph Sweeney and Fred Jennings, Souris, were visitors to Rollo Bay East on Sunday last.—R.

ACADIANS PLAN BIG PILGRIMAGE FOR SEPTEMBER

BOSTON, April 6.—On September 6, Boston will welcome the descendants of the Acadians, who in 1775 sought sanctuary in the southwestern section of Louisiana.

RED ROSE TEA quickly became the leader for good quality tea.

The slogan "Red Rose Tea is good tea" is the best known of any in Eastern Canada.

The leader ever since. And has spread the name of an important Maritime Province industry across the Continent and in many other countries.

And now we have made such a reduction in price as to bring Red Rose within the reach of everyone.
