MT. STEWART AND VICINITY.—The central part of the island was visited by the worst snowstorm of the season on Saturday the 4th, beginning at noon with a light snow falling accompanied by a terrific gale making the elements rather disagreeable for some time and resembling very much an old time blizzard. The storm continued for the greater part of the night but ceased in the early hours of the morning leaving numerous banks of snow such as have not been seen for some time.—Mr. Joseph McKeary, Mount Stewart returned Monday after spending the week and visiting in Charlottetown the rest of his sister Mrs. Duffy.—S.

25th they were about 1100 strong but now about half of their comrades are sleeping their last long sleep on the battlefields. He says however that the boys who are left are quite cheerful and willing to die if needs be for their country and those dear ones at home who they are proud to defend. Private Crocken goes on to say that he has a good job now.—"I am cooking for the staff sergeants and believe me I am some cook now, and it must be pretty good when I can eat it myself for you know I was pretty hard to please on that point, but in all my travels it is pretty hard to beat you mother unless it is myself, ha, ha, ha. Remember me to all my friends and with lots of love I will now close."

ISLANDERS NARROW ESCAPE.—Private Albert LeClair, Mayfield in writing to his friend Mary A. Gallant, North Rustico, from "Somewhere in France," Feb. 10th, says he is just out of the trenches for a short rest after some very narrow escapes and follows:—"We were out the other night on the parapet, not keeping an eye on Fritz, there he turned the machine gun on us. You know how a bunch of fellows strike the ground so quick in all your life. I came out of the scrap with the loss of my fountain pen. I kept it in my left breast pocket, but I fell so hard that I broke it, but to all a lifetime and I like it the so far. This must have been a pretty country once upon a time but now it is badly battered and torn up. It makes a fellow mad to see nice homes all broken up, and it would happen just the same on P. E. Island if the German's got over, but they are pretty well stopped now. With messages for all his friends Private LeClair closes his letter as the "Fall in" alarm has sounded, which he says means "something stirring."

ISLANDER VISITING.—Mr. Peter C. McCormack of Wrangell, Alaska, accompanied by his wife and two children, returned to their home on February 21st after a two weeks visit among friends in San Francisco. Mr. McCormack is a native of Monticello, P. E. I., a son of Ronald McCormack of that place. He left the island in 1883, and has since then spent his life in Alaska, once since, in 1903. He went to Wrangell in 1898, where he now owns, a large general store as well as docks and warehouses. Mr. McCormack and family left Wrangell on November 19th, 1915, and on arriving in Seattle remained there two weeks on business. From there they went to Janesville, Wisconsin, where they visited Mrs. McCormack's two brothers and other relatives for four weeks, afterwards visiting relatives in Milwaukee, Chicago, and other cities, coming to San Francisco by way of New Orleans, El Paso, Flagstaff, Arizona, Los Angeles and Pasadena. They had a delightful trip, and returned to their Alaskan home carrying many pleasant memories of friends they had the privilege of meeting and the places visited.

Also for the many parcels sent by post, most appreciative letters of "thanks to the Women of Prince Edward Island" have been received from Lt. Col. McAvity, 26th Battalion; Major Alexander Macphail, D. S. O. 3rd E. C. C. E. and Lt. Leavitt in command of the 2nd Divisional Signallers, who speak of the island as "the best of all worlds."

Baby Afflicted With Eczema Dr. Chase's Ointment Cured

THE FAMILY DOCTOR TRIED IN VAIN TO HEAL THE SORES—ANOTHER TRIBUTE TO THIS GREAT HEALING OINTMENT
It may be interesting to note that Dr. Chase's Ointment was originally compounded to cure a case of eczema on a child. The disease had spread almost over the entire body and defied all the regular treatments for such troubles. The doctor was perplexed, but finally hit on the formula of Dr. Chase's Ointment, and, as many say, "it worked like a charm," healing up the nasty sores and leaving the skin soft and smooth.
That was a good many years ago, and since then many thousands of cases of eczema, both in children and adults, have been cured, until to-day Dr. Chase's Ointment is recognized as the standard cure for itching skin diseases.
Mrs. Geo. McNair, River Charles, N. B., writes as follows: "We use Dr. Chase's Ointment in our home, and would not wish for anything better for cuts, burns and bruises. A few years ago a friend of mine, whose baby was terribly afflicted with eczema, had her child treated by their own family physician, but the little one got no better. They tried several remedies, but they all proved useless in this case. Upon the advice of a neighbor, they got Dr. Chase's Ointment, and before the first box was used the child was completely cured. I can also recommend Dr. Chase's Nerve Food to suffering friends, who I know will be glad to learn of something to relieve their nervous trouble. You have my permission to use this letter for the benefit of others."
So nothing so good as Dr. Chase's Ointment that relief from itching and burning comes almost as soon as the ointment is applied. The sores are cleaned by the action of this treatment, and the process of healing is soon begun. By persistent use of the ointment cure is effected. 60 cents a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.
