

# A Prisoner's Release

A Bright Youth of Eighteen Suffered so Badly from Asthma and Bronchitis that he was Forced to Remain in the House for Months at a Time.

## DR. CLARKE'S KOLA COM- FOUND CURED.

Mr. L. O. Lemieux, C. P. R. Engineer, 556 Alexander Street, Winnipeg, Man., writes: "My son who is just eighteen years of age has been a terrible sufferer from asthma and bronchitis during eighteen years. He became worse each year in spite of the hundreds of dollars I spent on doctors and many remedies. For several years he has had to remain in the house during the winter months, and for hours at a time treated with poultices and mustard plasters to keep him from choking. Time after time we thought each attack would be his last. About the first of September, 1898, we heard of Clarke's Kola Compound and purchased in all seven bottles. While taking the first four bottles the change was gradually for the better; soon after taking the fifth bottle he could go out any day without any sign of his trouble, and since completing the treatment has been completely cured. This grand medicine certainly has been a blessing to him. During the last year, he has been cured, he has developed wonderfully physically and is altogether a changed boy. I give you this letter that it may bring the light of this wonderful medicine to some other sufferer, as I have every reason to thank the gentleman in Vancouver, whose testimonial I read."

# Going Fishing ?

Fine stock of Gear at Jamieson's Drug Store. All new and reasonable prices. A Buden Powell would make the fishing better. It's the best 5c. Cigar.

# The Medical Hall

Fast Growing Children especially school children, whose brains are much exercised with study and whose strength does not keep pace with their growth, should be given PUTNEP'S EMULSION. This preparation contains phosphorus and lime, in palatable form, and just in the best condition to be taken into the system, and supply what brain and nerves require, and to build up the bodily structure; and the codliver oil supplies much needed fat food. Be sure you get PUTNEP'S original and best Emulsion. Of all druggists and dealers.

# THE HIGH COMMISSION.

Sir Wilfrid Laurier has expressed his belief that the High Commission for the better adjustment of our relations with the United States will meet again within the current year. It will be remembered that this Commission was appointed in 1898 and first met at Quebec in August of that year under the presidency of Lord Herschell. In the following January the Commission met in Washington where first Hon. Mr. Dingley and, six weeks later Lord Herschell died. By subsequent appointments the vacancies were filled and the work went on until a basis of agreement was laid for the settlement of most of the questions referred, but in regard to the boundary between Alaska and Canada no agreement was attainable and the Commission adjourned indefinitely, the American and Canadian Commissioners reporting to their respective Governments.

The High Commission was not, however, dissolved and may be called to meet again at any time by concerted action of the Governments interested. After the failure of the Commission the British and American Governments agreed upon a temporary boundary between Alaska and Canada, to be maintained during pleasure, or until a permanent boundary can be settled by treaty and properly delimited. In this unsatisfactory state the questions at issue between Canada and the United States remain.

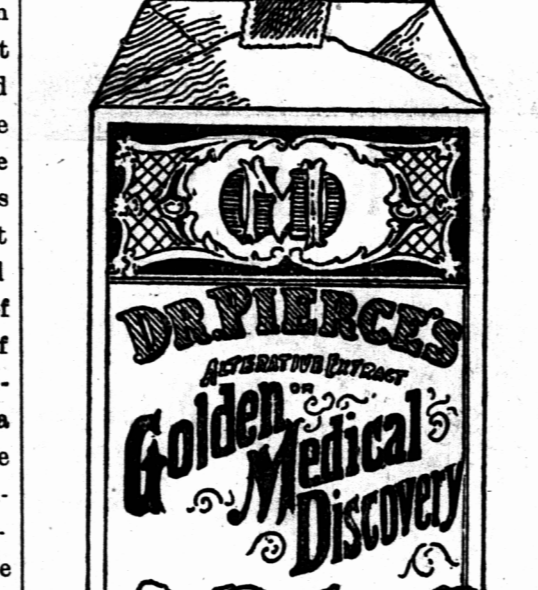

One of the difficulties of the present condition of affairs as affecting Canada was brought to light a few days ago in Parliament when a resolution was moved by the Premier for the appointment of a second Inspector of Penitentiaries at a salary of \$2,000. Sir Wilfrid explained that the necessity for this second Inspector arose from the fact that in addition to the five regular penitentiaries in Canada it was found necessary to maintain another or long-term prison in Dawson City. "We cannot," he said, "at the present time bring a convict from Dawson to the British Columbia penitentiary except through territory that is in the hands of the United States authorities, and claimed as American territory. The moment we brought a prisoner to Skagway, for instance, there is no doubt whatever that he would be released from our authority. As soon as the labors of the Joint High Commission are resumed, which, I think, will be this year, we are in hopes of getting the treaty extended so as to cover the transfer of prisoners of one country through the territory of another under the proper surveillance."

This is only one of many difficulties affecting not Canada alone but both countries, which can only be got out of

# DRUNKENNESS IS A DISEASE AND CAN BE CURED

IS YOUR HUSBAND, BROTHER, FATHER, any of your relatives afflicted with the Disease of Drunkenness? With a sure cure which can be given WITH or WITHOUT the knowledge of the patient. Read the following which speaks for itself. SAN FRANCISCO, CAL., Dec. 1, 1900. DR. W. H. SAUNDERS & CO., Chicago Ill. Dear Sirs—Kindly accept my thanks for the wonderful and permanent cures you have wrought on many members of my congregation. I have organized a society among my members to promote and advertise this most safe and speedy cure for this dreaded curse and disease which so many are afflicted with. You will learn in the very near future the result of their labors I sincerely hope that God will bless you and allow you to still continue in this great and good work in saving our fellow mortals from the scene of destruction, and place them on the road to live a sober and righteous life. Only wishing I could do more to assist you in this noble and worthy work, I am, Yours in Christ, Rev. J. M. B. We have and are curing thousands, and we have hundreds of testimonials on file speaking of these wonderful cures. Send for particulars, enclosing a cent stamp to reply. Address, DR. W. H. SAUNDERS & CO., Sta. C. Chicago, Ill., U.S.A. 19d&w1y

the way by fair concerted action of the two countries. The Dominion and Republic have thousands of miles of common boundary across which in both directions a vast traffic in passengers, mails, natural products and merchandise is daily passing. Besides their coastal waters and fisheries on the Atlantic and Pacific are in touch, and many of the railways and steam lines of communication connect or intersect the territorial jurisdiction of both Governments. Behind all this lies the question of the removal of trade restrictions as far as may be practicable. It will be seen that there is a vast field within which the Joint High Commission may work for improving the relations between the two nations that jointly control the North American continent. It is important to learn that the Commission shall shortly resume its meetings. At least we take it that Sir Wilfrid Laurier would not have spoken so confidently without some knowledge of the disposition of the Washington authorities in that regard. And when the Commission shall meet again let us hope it may happily effect a fair and permanent settlement of the numerous and difficult international questions now pressing for solution.

Is a genuine specific for diseases of the stomach and organs of digestion and nutrition. No other medicine has had so remarkable a success in curing diseases affecting the heart, liver and lungs, whenever these diseases, as is commonly the case, were caused by "weak stomach" and impure blood. Food imperfectly digested cannot be perfectly assimilated. "Golden Medical Discovery" restores the organs of digestion to perfect working order. Foul blood must result in a foul body. The "Discovery" purifies the blood and increases the activity of the blood-making glands, so increasing the quantity and quality of the blood supply. It has been tried by over half-a-million people. It has cured ninety-eight out of every hundred who have tried it.

WHY NOT LET IT CURE YOU?
