Large Concourse Of Citizens Welcome New Bishop To Diocese On His Arrival Last Evening

Rt. Rev. J. A. O'Sullivan, D. D., Formally Installed Bishop In St. Dunstan's Basilica. Eloquent And Moving Reply Made By Prelate To Addresses Of Welcome.

The wonderful, spontaneous welcome that you have given me tonight has overwhelmed me. . . I can only say that I come to love you, to accept your joys as my joys and your sorrows as my sorrows, and to do my best among you as the chief pastor of your souls.

With these and other moving words the Rt. Rev. Joseph A. O'Sullivan, D. D., Bishop of Charlottetown, acknowledged the enthusiastic reception and addresses of welcome tendered him last evening following his installation in the episcopal office at St. Dunstan's Basilica.

The arrival of Bishop O'Sullivan on the early Borden train last evening was the occasion of a notable demonstration on the part of the Catholic people of the city and Province, and of citizens generally.

Thousands crowded the precincts of the railway station and adjacent streets as the train pulled in at 6:45 p.m. and hundreds more lined the streets along the route of the procession. Inside the Basilica, there was a vast audience which filled the spacious edifice before the ceremonies began.

Reception On Train

The Prelate stepped from the train, accompanied by Most Rev. Archbishop O'Donnell, of Halifax, and Rt. Rev. Bishop Le Blanc of St. John. He was welcomed by Monsignor McLean, Vicar General, Monsignor McDonald, Rector of St. Dunstan's Basilica, and a representative group of the clergy of the Diocese. He was then escorted to his car, smiling pleasantly on the assembled throng. The automobiles of the clergy brought up the rear of the long parade which escorted the Bishop to the Palace.

Installed Last Evening

In the lead was the League of the Cross Band, followed by the students of St. Dunstan's University, the Holy Name Society, the boys of the Church of the Most Holy Redeemer, the Knights of Columbus, the Canadian Legion Band, and the Benevolent Irish Society. The parade proceeded along Weymouth Street to Richmond, up Richmond to Great George and thence to the Palace, which was beautifully decorated and illuminated for the occasion.

At the Palace the Bishop was received by the clergy, girls of Notre Dame and St. Josephs Convents assembling around the main entrance as he entered his new residence, singing: "Holy God, We Praise Thy Name."

Procession To Basilica

The Bishop then vested in "Cappa Magna," and as soon as the procession was lined up the clergy proceeded from the Palace to the Basilica, the procession being headed by the Thurifer followed by the Cross bearer and acolytes. Next in order came the choir and altar boys, vested in cassock and surplice and carrying bouquets of carnations. Next followed the clergy and lastly the Church dignitaries, Prelates and Bishops assisted by their chaplains.

On entering the Basilica the new Bishop was received according to the ritual of the Roman Pontifical by the Rector, the Rev. Monsignor Maurice McDonald, the choir singing the "Ecce Sacerdos Magnus" as the long procession wended its way up the central aisle.

After the prayers of the ritual were sung the installation ceremony took place, with the Most Reverend Archbishop O'Donnell of Halifax officiating. The Bishop's appointment from the Pontifical was then read in Latin and English by Rev. Patrick McMahon. Addresses followed by Rev. Monsignor McLean on behalf of the clergy of the diocese, and Mr. Justice Arsenault on behalf of the Catholic laymen.

After replying feelingly to both addresses, the Bishop vested in cope and mitre and said Pontifical Benediction, accompanied by the Corpus Christi choir.

On return to the Palace, a cordial address of welcome was presented by Mayor Prowse, on behalf of the citizens of Charlottetown.

RIGHT REV. JOSEPH A. O'SULLIVAN, D. D., BISHOP OF CHARLOTTETOWN

Three Lives Added To Long List Of Level Crossings Will Be Invited To Confer On Health Matters

(Special to the Guardian)
TORONTO, Ont., May 18.—At Woodstock three lives were added to the long list of level crossing fatalities when the westbound international limited struck an automobile driven by Clifford Foster. Foster and two companions in the car, F. Francis and A. Simmons were killed instantly and the wreckage of the automobile scattered along the track.

(Canadian Press)
OTTAWA, Ont., May 18.—The health officers of all the provinces in Canada will be invited to confer on health matters with Dominion officials at an appropriate time. This announcement was made in the House of Commons this afternoon by Hon. Murray MacLaren during the debate on resolution in favor of grants for full time health units.

The Liquor Traffic Treaty Will Prohibit The Exportation Of Liquor To U.S.

(Canadian Press)
LONDON, May 18.—Hugh Dalton, Under Secretary for Foreign Affairs told the House of Commons today that Great Britain would not seek to have the liquor traffic treaty with the United States modified so as to substitute definite distance from shore for the present provision of one hour steaming by a suspected vessel.

Commander Southby had asked if the Government would not consider advisability of giving notice of such a proposal under article five of the Anglo-American convention "in view of doubt and uncertainty occasioned by the present arrangement."

Net Cost Of Carrying Papers

(Canadian Press)
OTTAWA, Ont., May 18.—The net cost to the country of carrying newspapers through the mails during the fiscal year which ended March 31, 1931, was \$5,328,000, while the revenue derived from that source was approximately \$1,000,000. Hon. Arthur Sauve, Postmaster-General, told the House of Commons today in answer to a question put by J. D. Chaplin, (Cons. Lincoln). The statutory rate for this service is one cent a pound, while approximately 100,000,000 pounds were carried during the year under this measure.

Whiskey Left In Wrong Place

(Canadian Press)
OTTAWA, Ont., May 18.—A case of whiskey ordered from Scotland for Hon. I. M. Tokugawa, Japanese Minister to Canada, and which went astray after reaching the Capital, has been discovered in the basement of an Ottawa church. The incident revolves around the fact that the consignment was addressed "to the Japanese Minister." To the expressman charged with delivering the case, the title "Minister" apparently had more connection with a church than with a diplomatic office and the Scotch accordingly was left in the basement of the house of worship, located close by Hon. Tokugawa's residence. The expressman's thoughts at delivering whiskey to a church are not on record.

Registered Captain Is Necessary

(Canadian Press)
OTTAWA, Ont., May 18.—The regulation that power driven schooners of ten tons and over must carry a registered Captain does not apply to fishing schooners, it was declared at the Department of Marine today in reference to a despatch from North Sydney in this connection. The despatch stated customs officers had tied up all such auxiliary schooners which had been sailing without a registered Master. The fact is, according to the Marine Department, that the regulations have been loose since that loosened instead of being tightened up. The provision applies to schooners carrying freight, coasting schooners and the like. The Department has decided that henceforth a sailing vessel certificate will be acceptable in such cases.

Reduced Marine Insurance Rates

(Canadian Press)
OTTAWA, Ont., May 18.—Reduced marine insurance rates for the Hudsons Bay route have been agreed to by the imperial shipping committee. The report of the rate finding committee was released here today by the Department of Marine. In the report it was agreed "to reduce the rate of additional premium for suspension of the North American warranty in respect of vessels passing Cape Chidley inwards on and after August 10 and leaving for the last loading port on Hudsons Bay on or before September 30, from 60 shillings per 100 pounds sterling to 50 shillings per 100 pounds sterling on the insured value plus two shillings per ton on the gross registered tonnage, on a vessel valued at 10 pounds sterling a ton. The latter rate works out at 3 1-2 per cent as against 4 per cent at the former rate."

N. Y. Gangster After Factor

(Special to the Guardian)
CHICAGO, Ill., May 18.—(Jake the Barber) Factor, who swindled Englishmen out of \$5,000,000 Police and federal agents declared today they feared he would be killed before they could arrest him. He is being sought here for extradition to England.

The price on Factor's head is not a legal reward offered for the apprehension of the master swindler, who began his operations in Chicago before he became internationally notorious. Instead, according to official files, it is a standing offer made by Jack "Legs" Diamond, notorious New York gang leader of a large sum of money to anyone who will kill Factor.

Premier Ramsay McDonald Scores House Of Lords

(Canadian Press)
LONDON, May 18.—Premier Ramsay McDonald today made an open declaration of war on the House of Lords in a letter to the Labor candidate in the Rutherglen by-election which takes place on Thursday. "Serve to every whim and proposal of the Conservative party," the letter said, "the Lords return to a life of hostility as soon as a Labor Government begins to unfold its policy." "We have built up the Labor party, we have asked the people to trust to the ballot box and political methods; we have spent time and money in elections, and when we have done everything which a political democracy can do, a body of irresponsible partisans, which keeps the Tory party always in power in a position to defy a Government so elected and a majority so declared."

B. C. Will Benefit As Result Of London Decision

(Special to the Guardian)
VANCOUVER, B. C., May 18.—The British timber market will be open to British Columbia's lumber industry on an unprecedented scale, as a result of the decision of the Corporation of London to use Empire woods after Aug. 1 in its great housing program. The announcement from London was regarded today by the provincial government as the best business news it has received since the beginning of the present economic depression.

The business to be diverted to Empire timber producers will be worth more than \$1,000,000 a year at present prices and British Columbia should get the lion's share of it, according to figures in the hands of the Government. Considered more important than the immediate returns from the new trade is the fact that it will introduce the British Columbia product as a general purpose wood to the British people.

May Amend Pensions Act

(Canadian Press)
OTTAWA, Ont., May 18.—The Government is now considering the question of amending the present pensions legislation, Hon. Murray McLaren, Minister of Pensions and National Health, informed the House of Commons today in reply to a question by C. G. Power, (Lib. Quebec South). The Minister did not intimate in what particulars any proposed legislation would amend the present act.

MORE ABOUT THE NOTORIOUS JAKE FACTOR

Alleged To Have Appealed to "Scarface" Al Capone For Protection While In Chicago.

(British United Press)
CHICAGO, May 18.—Still another fantastic underworld tale tonight linked "Jake the barber" Factor, alleged international confidence man de luxe, with efforts of "Scarface" Al Capone to become a modern day wolf of LaSalle Street, where the financial bulls and bears of the middle west do daily battle in stocks, bonds and grain. Federal agents, seeking "Jake the barber" on charges of fleecing British investors and business houses of some \$8,000,000, indicated that the story is not quite as preposterous as it sounds.

When "Jake" returned to Chicago after his financial operations in London, so the story goes, the local kidnap gangs decided that it would be profitable to capture him and hold him for, say, \$1,000,000 ransom. Jake was reported to have appealed to Capone, who agreed, according to the tale, to protect Jake. In return Factor was to start a large brokerage house, with "Scarface" his silent partner. Capone was said to have decided that if the British were gullible enough to buy stock in non-existent gold mines and oil wells, the citizens of Chicago would be equally good prospects for the purchase of Factor-Capone stock certificates, if embellished plentifully with gold seals.

Detectives, hunting Factor at the behest of Scotland Yard on specific charges of swindling the London Broad Street Press, Ltd., of \$2,300,000, said they believed "Jake the barber" remained hiding in Chicago, probably under the armored wing of Capone. Nature of the Broad Street Press financial fiasco remained shrouded in that particular brand of mystery peculiar to international detective stories. One theory has it that "Jake the barber," who earned his pseudonym as a hair clipper in a Chicago cut-rate shop, organized the Broad Street Press himself, with money advanced him by Jack "Legs" Diamond, New York's best known racketeer. The federal sleuths were inclined to grin a bit at that story, and to laugh frankly at other tales that Diamond tried unsuccessfully to enter England several months ago for the express purpose of "bumping off" Factor. It was pointed out that the fake stock deals alleged to have been promoted by Factor were so fabulously profitable that he had no need of outside capital.

Met Prince At Gaming Tables

The Prince of Wales met John "Jake the Barber" Factor, a fugitive in Chicago, at the gambling tables at Le Touquet, but authoritative sources said today that it was not believed the Prince was made a victim of any of Factor's swindles.

When the Prince and Factor were playing at Le Touquet, much gossip arose from the fact that the Prince lost heavily at Baccarat, while Factor was winning. But in stock sales, it was pointed out, Factor confined his activities to small investors.

The extradition warrant for Factor's return to England was based on his connection with the Broad Street Press case, in which four men were committed for trial today on charges of conspiracy with Factor and Arthur J. Klein, alias Harry Klein, held in New York since November 11 to induce the public to invest in worthless shares. An official receiver testified that the Broad Street Press made a profit of \$3,000,000 in the last three months.
