

We often refer to the doctors. Why?
 Because we make medicines for them. We give them the formula for Ayer's Cherry Pectoral, and they prescribe it for coughs, colds, bronchitis, consumption. We trust them; they trust us. Ask your own doctor about taking this medicine. *E. C. Ayer & Co., Lowell, Mass.*

Dr. J. H. AYERS installed in his dentistry parlors on Saturday a new Columbia operating chair which is a model of convenience and adjustability. The chair can easily be made to suit any patient and it can be lowered or raised by a slight pressure of the foot. It is handsomely finished in plush and nickel and makes a valuable addition to these well known parlors.

The death occurred at Village Gr on Wednesday, January 12th, of Thomas Brehant aged 91 years. His life was characterized by filial affection, devotion to the Saviour and unflinching trust in God; and during his last illness he showed that endurance and patience which none but the Christian can manifest. His death was an evidence of the power of the Saviour's love in alluring the soul from earth to heaven and giving us an earnest of eternal glory.

OBITUARY.—There entered into that rest that remaineth for the people of God, Donald McDonald of Dundas Centre on the 20th of November last in the seventy first year of his age. He was a righteous man and his life and character deserves emulation. Having attained the allotted span of years he longed for the Rest Beyond this "little scene of joy and woe." Over twelve months ago he parted in death with his beloved wife. Marriages it is said are made in heaven and no happier couple could be found. His loving to women seven sons, three settled on the Island and four in British Columbia besides two daughters living, Christy, Mrs. Jas. Shaw, Lorne Valley and Anna Belle, wife of John Acorn besides a number of other relatives. The deceased also leaves a sister, Flora, Mrs. William Ward of Upton. He was one of a family of eight sons—all of whom have joined the great majority with the exception of two Angus N and Alexander of Forest Hill. One brother remained in Scotland, Sergeant Angus McDonald of the Black Watch who served under Sir Colin Campbell in the Crimea at Alma, Balaklava and the Redan and was in India at the relief of Lucknow. The deceased was a man of honor—his word was his bond. He has left an example to his family and to those who know him. It is idle for us to weep for those we must soon follow, but when a good neighbor and an upright man passes away we feel there is a void which cannot be filled. "Let me die the death of the righteous and let my last end be like his"—Com.

AUCTION SALE OF STOCK

Dear Sir,
 The second Maritime Auction Sale will be held in the Winter Fair Building, Amherst on February the 3rd, 1905, commencing at 10 a. m. The contributions consist of eighteen Shorthorn bulls ranging in age from eleven to thirty months; sixteen Shorthorn females ranging in age from ten to twenty-two months, excepting two young cows four years old, both in calf; five Ayrshire bulls ranging in age from eleven to twenty-three months; and two Hereford bulls, one thirteen months old and the other twenty-six months old.

The contributors state that these animals are splendid representatives of their breeds and are in good condition. This sale offers an exceptional opportunity for Agricultural Societies and private individuals to select good animals for this year's mating.

A Catalogue is now in course of preparation and will be ready for distribution about the 15th of this month. A post card will secure one for you.

The I. C. Railway has given the same rate as for the Winter Fair, namely 11-3 cents a mile for round trip ticket. It is expected that the other railways will give the same rate as they did for the Winter Fair. A complete announcement will be made of this in the second January issue of the "Maritime Farmer."

We hope that every Agricultural Society requiring animals will have a representative present. The Auction Sale system has been a wonderful success wherever it has been established as it enables would be purchasers to compare the animals one with another and make their selection, and it saves the time and annoyance of travelling from place to place and carrying the merits of each animal in their minds.

We would respectfully ask that the person receiving this circular, will bring this sale to the attention of the Society. Everyone can rest assured of fair treatment as no by-bidding will be allowed and each animal sold will be to a bona fide purchaser.

The building will be comfortably heated and all animals are expected to be in the Building on the 2nd so that would be purchasers will have the opportunity of viewing the same.

Any information desired can be had by addressing E. B. Elderkin, Amherst, N.S. Amherst, N. S. Jan. 9, 1905.
