The Romance Of The Grocery

NO. 2.

On the top of a showcase, just inside our door, you will see some little round gray crockery jars which come to us from China.

There is a touch of Oriental fatalism in the drab coloring of these containers, a hint of the Eastern ideal of service in their salidity. The contents, ginger preserved in syrup, has an elusive, haunting flavor that has escaped the western manufacturer of the spice.

Can people say that the grocery business is humdrum, when a glimpse of little things like these can carry us to a country where the wheel and progress has not appreciably moved in 60 centuries?

SCHOOL CLOSING.—The closing exercises of Vernon School were held in the hall, which was prettily decorated for the occasion, on Friday afternoon, December 23rd. Rev. Mr. Brodie acted as Chairman, while Miss Mary MacGillivray ably presided at the organ. After the well-rendered programme, which was enjoyed by all, Santa Claus appeared on the scene and distributed presents from the gayly decorated Christmas tree. The teachers, Misses Morson and McGillivray, received beautiful and appropriate gifts from the pupils of their respective departments. The singing of the National Anthem brought to a close a very enjoyable afternoon. Following is the programme: Welcome by Helen Sullivan; Opening chorus, "Ring, Ring, Christmas Bells," by Senior pupils; Recitation, "A Tragedy in Past Participles," by Ellen Herring; Dialogue, "Christmas Doings," by Mary McDonald, Mary Henry, Maymie Masters and Eunice McDonald; Recitation, "Christmas Night," by Joan Irving; Recitation, "When Huldy 'Spects Her Beau," by Byron Henry; Dialogue, "Little Ritchers," by Emiline Fraser, Margaret McDonald, Carmena Fraser and Byron Henry; Recitation, "A Trap for Santa Claus," by Marion Jenkins; Recitation, "The Crippled Doll," by Olive Brodie; Closing chorus, "Christmas Times," by Junior Pupils.

CHARGED WITH COUNTERFEITING.—Henry McLeod, aged twenty, of Dunstaffnage was arrested by an officer of the Dominion Police on Saturday afternoon charged with passing raised bank notes. He was brought to the Charlottetown Police Station where it is understood that he made a statement declaring that he had passed the raised notes, but that they had been given to him by two other young men. He did not know whether they were from the city or country. McLeod it is reported said that he had passed four ten dollar Bank of Nova Scotia bills, which had been raised to $20 by pasting over the figure one on the 10, a 2 cut from a $2 note. With one of the raised bills, it is said, he bought a pair of hockey boots, at Conroy's store, with another a package of Sen Sen for 5 cents at Johnson & Johnsons with another a bottle of ginger ale for ten cents from L. A. Huszard and the fourth bill he had changed at the Jenkins & Sons. McLeod is also reported to have said that he gave these two men twenty dollars of his own good money for one of the raised bills, before he knew that the latter were tampered with. An effort was made to pass one of the raised twenties at Prowse Bros. but without success. McLeod is claimed to have said that all he got out of the transaction was $9.50 and that the rest of the money went to the other. Two of the $2 bills from which the figures 2 had been cut were also passed. McLeod was up before the Court yesterday and he was remanded until Saturday.

EASIER TO MARRY THAN TO SEE SHOW

NEW YORK, Jan. 9.—Asserting that getting a marriage license in New York is easier than buying a theatre ticket, two judges in general sessions have come out in favor of a measure which would require publication licenses, and prohibiting the ceremony for a month, during which any objections could be registered. This, it was asserted, would check runaways and bigamy.

"911 you have to do to get married in New York," said Judge Talley, "is to go to a window in the Municipal Building and get a license, and then go to another window and get married".

His remarks were made in suspending sentence on a married man with two children, who alleged that riage after having puffed at the poppy while skylarking in Chinatown.

A "balanced diet" may sound confusing to many people

The facts, as explained here, are simple.

The secret of a "balanced diet" is to have food containing all the elements needed for proper nutrition. These elements are protein, to nourish the tissues; starch and sugar to furnish energy; fat to supply heat; and mineral salts to provide the material necessary for building nerves, brain, and tooth and bone structure.

Grape-Nuts, the nourishing cereal made of whole wheat flour and malted barley, served with cream or milk, is a complete food for young and old alike.

Go to your grocer today and get a package of Grape-Nuts. Eat it with milk or cream for breakfast; or with stewed fruit, jelly or jam, as a delicious dessert for lunch or dinner.

Every member of the family will relish this palatable and nourishing food—

Life a Burden To Mrs. Carson

RESIDENT OF SHERBROOK, QUE., HAD ENDURED AGONIES FOR MANY LONG YEARS

"I believe the most wonderful thing that ever happened in my life has been the way Tanlac has restored my health and strength," said Mrs. Annabal Carson, 56 Bloin Lane, Sherbrooks, Que.

"For many years I suffered from nervous indigestion and only those who have had this awful trouble know the agonies I endured. I finally grew so weak I could hardly lift my hand to do a bit of housework and was so miserable all the time that life was a burden to me.

"That I am a well and happy woman today I owe to Tanlac, and there is nothing too good for me to say about this grand medicine. My only regret is that I didn't take it years ago.'

Tanlac is sold in Charlottetown by Reddin Bros., and by leading druggists everywhere.

Separates from Church of England

LONDON, Jan. 7.- The first step has been taken for the severance of the Church of England in Australia from the church in England. After three days' keen debate at Sydney in the presence of crowded galleries, the Times' Melbourne correspondent writes, the Anglican General Synod, which represents the whole commonwealth, affirmed the principle of complete autonomy for the Church of England in Australia as a "national church" in the sense contemplated by the thirty-nine articles.

Dutch Liners Are Purchased

HAMBURG, Jan. 7- The Hamburg-American Line and the American Ship and Commerce Corporation have purchased from the Royal Holland Lloyd Line the steamers Holandia, Frisia, Limburgia and Brabantia, which will engage in the passenger service between Hamburg and New York, and also the steamers Deutschland and Albert Ballin, now in course of construction.

The Hallondia and Frisia, will fly the German flag and the Lihburgia and brabantia the American flag, although the four steamers will operate under the one management.

Strange Case of Nurse In Houlton, Me.

HOULTON, Me., Jan. 8—Physicians are puzzled over a case which resembles the so-called sleeping sickness although varying somewhat in some of the symptoms. Miss Burden of this town, twenty-two years old, a student nurse at the Aroostook County Hospital, has been in a stupor for seventy hours.

Many of the local physicians have examined the patient but been unable to make a satisfactory diagnosis. Electric treatment was tried and the patient appeared to make a marked response and show symptoms of improvement although she is still unconscious.

Bishop Brunet Dead in Montreal

MONTREAL, Jan. 9—Bishop F. X. Brunet of Mount Laurier died this morning in the Hotel Dieu.

Bishop Brunet arrived in Montreal from Ottawa two weeks ago. He was suffering from congestion o fthe lugs, for which he was operated on at the Hotel Dieu on last Wednesday. He never rallied.

Bishop Brunet was born in Ottawa in 1863, and was educated at the University of Ottawa. Previous to hi sappointment to the bishopric of Mount Laurier in 1913, he had served as chancellor of the diocese of Ottawa and as secretary of Archbishop Gauthier of Ottawa.

Many Women Need Better Blood

They Lack Vitality and Color

It is a fact proved by thousands of grateful letters that Hood's Sarsaparilla is remarkably beneficial to women, whose most common ailments drain and weaken the system and sometimes result in anemia, nervousness, general break down.

Women overworked by family duties or overtasked socially find their nerves all unstrung, faces pale, appetite poor, sleep unfreshing.

Hood's Sarsaparilla gives the blood more vitality and better color, makes stronger nerves, and contributes to the enjoyment of life.

It embodies a long-tried and found-true formula for relief of the pale, weak, nervous and dyspeptic.

UNITED STATES MINTS MANY "PEACE" DOLLARS

PHILADELPHIA, Jan. 9.—The new United States silver dollar—the "Peace Dollar"—was placed in circulation today, several hundred thousand having been shipped to the Federal Reserve Banks by the Philadelphia mint.

The new coin was made in commemoration of the arms conference at Washington. It is designed with the head of Liberty on one side and on the other a dove upon a mountain top, clutching an olive branch, truck by the rays of the sun, with the word "Peace" beneath it.

This is the first time the silver dollar has been changed since 1878. The coinage laws forbid any change in the design more often than once in 25 years except by special legislation.

Theer will be 180,000,000 of the new coins issued, one-half of which will be dated 1921. The first dollar was sent by special messenger to

A Robber Saved From Gallows

OTTAWA, Jan. 8- The governor in council has commuted the sentence of death passed upon Wilfred Meharg, a farmer's son, of Wentworth county (Ont.), to life imprisonment. Meharg was sentenced by Chief Justice Sir William Mulock, at Hamilton. The date of execution was set for Jan. 18. He was found guilty of murdering Dr. Whitworth, of Hall's Corners, while engaged with four other men in robbing a store.

The principal plea of the defence at the time of the trial was that the shooting was accidental. Meharg is twenty-two years of age.

Value of the I.O.F. Policies

MONTREAL, Jan. 7- A denial has been received here from Deputy Chief Supreme Agent L. G. Morgan, of the Independent Order of Foresters, Ottawa, concerning a report published in a local paper yesterday to the effect that the policies of old members of that organization have fallen in value from $1,000 to between $50 and $300, due to their face value being eaten away by several liens imposed so that I.O.O.F. might be in a position to present a favorable financial statement. Mr. Morgan declares that he joined the order in 1885, and that his policy with all the reductions now stands at $782.

Discussing the accuracy of Mr. Morgan's denial, High Chief Ranger Henri Rochon, of this city, stated he must be in error.

"If the case is taken of a member who joined prior to 1899," said Mr. Rochon, "who was subject to the increase in rates in 1908, the lien in 1913, and who, in each case, instead of paying the money outright, let it run as a debt against his policy, accumulating compound interest at the rate of four per cent., it is easy to see that by the time he reached seventy there wouldn't be very much of his $700 left."

YOUTH HANGED HIMSELF

GODERICH, Ont., Jan. 9.— William Owen, 20 years old, committed suicide by hanging himself from a beam in M. Dalton's barn, in Ashfield Township last evening. He came from a school in Toronto, and had been working for a farmer in Clinton when he got into trouble for abusing the stock. He was in court for breaking a calf's leg and knocking the eye out of a horse, for which he served a short term. No reason for his act can be given.

A WINTER HOLIDAY

A winter holiday in summer sunshine is provided by the Canadian Pacific Railway in the sailings of the S. S. Sicilian to Havana, and return. This makes an ideal short holiday trip for those who cannot spare the time in summer, twenty days being required for the trip, the itinerary allowing five full days in Havana, the fascinating capital of Cuba, with its glorious winter climate and historic associations; its palaces, parks and parades, and all that helps to add joy to life and rob it of care. The steamer calls at Boston on second day out, and on the return touches and leaves Boston on the nineteenth day. The fares, St. John to Havana and return $190.00 and Boston to Havana and return $150.00. Accommodation is provided on board during the stay in Havana. No passports are necessary. Anyone contemplating this very delightful tropical cruise should communicate with Mr. N. R. DesBrisay, District Passenger Agent, Canadian Pacific Railway, St. John, N. B., who will advise dates of sailings and any additional information that may be desired.

Fur Thieves Threw 40-Gal. Milk Can Through Window

NEW YORK, January 9.—Fur thieves broke into the store of Joseph Schwartz at 58 West 125th street, early this morning, and escaped with sealskin wraps and mink coats worth $5,000.

A policeman a block away heard the crash of glass when the thieves threw a forty gallon milk can through the show window to gain entrance. He ran to the store, but the burglars had fled before his arrival. The police believe they escaped in a taxicab.

The store is only fifty feet from Lenox avenue subway station, into which people already were passing on their way to work downtown.

That she stole in order to send money to her son in Belgium, whose hands were cut off by the Germans during the war, was the plea made by Antoinette Bureau, 48 years old, when she pleaded guilty to a charge of grand larceny in general sessions today.

The Bureau woman was arrested on December 22, and was indicted on a charge of taking jewellery worth $1,700 from a residence where she was employed.

Assistant District Attorney William R. Maloney said he had learned that the woman had been sending most of the stolen loot to relatives in Belgium. He told the court that he believes she had stolen jewellery worth $40,000 from various homes before she was caught.

The arraignment today of fourteen men, including a number of former employees of the New York Central Railroad, before Juctsice Young, in the Supreme Court at White Plains disclosed that for months state troopers and railroad detectives have been trying to run down a series of box car robberies which in a number of years have yielded the thieves merchandise valued at more than $250,000. All of the men were released on bail bonds ranging from $200 to $500 each.

The Irish Free State

(Continued From Page 1)

BELFAST, Jan. 9.—The treaty between the British parliament and the Irish Free State was ratified Saturday by a majority of seven-sixty, four members of the Dail Eireann voting for the ratification and fifty-seven against it. The news was received with much gratification and joy not only in Dublin and throughout Ireland but Great Britain and the entire British Empire as well. Church bells were rung and prayers sent up in thanksgiving. Although De Valera, the President of the Republic, announced that regardless of the Dail's vote he would hand in his resignation and retire to private life, his resignation has not yet been tendered. The Irish President was overcome with emotion and completely broke down when announcing to the Dail the reasons he had opposed the treaty.

DUBLIN, Jan. 9.—The vote taken Saturday evening resulted in 64 for the treaty and 57 against. The peace treaty has been ratified, and prayers of thanksgiving went up from people in all churches yesterday. But Ireland continues to face internal disorganization, giving rise to the greatest anxiety. The split in the Dail Eireann has been heightened and intensified by the vote on the treaty, and the future was never more obscure. At different hours yesterday two factions held conferences in the Mansion House. The Dail meets again today in public session, and all members are expected to attend.

It has become apparent that De Valera's resignation as president of the Irish Republic did not take official form, and the outstanding question is whether he will make effective his expressed intention to resign, and what will become of the Dail. Many believe the opponents to the treaty plan to keep the Sinn Fein parliament in being, while supporters of the treaty will endeavor to establish a provisional government and carry out the terms of the peace agreement. De Valera's resignation tendered to the Dail Eireann yesterday was specific. He consented, however, to postpone action thereon, on condition that the vote on the treaty should be taken within forty-eight hours. At the same time he plainly stated he intended "whatever happened" to retire into private life. When a vote was taken, his resignation was not repeated. De Valera merely alluded to it when he rose in a voice broken with emotion, and began to explain his personal position. But he had not got far when he sat down, unable to go on. Subsequently De Valera summoned a meeting to be exclusively confined to the fifty-seven deputies who voted against the treaty, and yesterday at Mansion House prior to a session of associates, he delivered a speech which was a clear indication of his intention to continue the fight, this time apparently not against the British government, but against the provisional government of the Irish Free State, which he said he regards as a usurpation and which derives its chief objection to and authority from British parliament. There are many tonight who are of the opinion that the question of De Valera's suspended

Stewart to Penitentiary For 15 Years

NEWCASTLE, N. B., Jan. 9- In the Supreme Court here this morning Chief Justice McKeown sentenced Millett S. Stewart, who was convicted of man-slaughter in connection with the death of James Ross at Neguac on Aug. 2 last, and his brother, William Stewart, found guilty of attacking a young woman. The former was given fifteen years with hard labor in Dorchester penitentiary. Millett Stewart strongl yprotested his innocence. William was sentenced to serve three years in the penitentiary.

James Ross, of Tabusintac, was killed at Neguac on the night of Aug. 2 last. Ross had purchased the property of Nicholas La Tullippe, under foreclosure of mortgage, and on the day of his death had evicted the La Tullippe family. Millet Stewart, a justice of the peace, and a friend of the La Tullippe family, endeavored to stop the eviction but was unsuccessful. That night about 9 o'clock Ross was found dead beside the La Tullippe gate, having been struck with a rifle bullet. Millet Stewart was charged with the murder of Ross but a verdict of manslaughter was returned by the jury.

WOMAN MAGISTRATE

TORONTO, Jan. 9. The appointment of a woman magistrate for Toronto, Dr. Margaret Patterson, is being criticised at the City Hall, Mayor-elect Maguire finds fault with Attorney-General Raney for having made the appointment without having consulted the civic authorities, and says so far as he is concerned, the city will not concur in the appointment. City Solicitor William Johnston is quoted as saying the city has not authority to pay the salary of $3,500 fixed for the woman magistrate.

What Puts Death In Bad Liquor

NEW YORK, Jan. 9- Two legalized formulae of preparations which are intended for toilet use are the chief causes of death from the drinking of bad liquor, according to an officer of one of the largest alchol concerns in the city. This man said that acetone and isopropyl alcohol are responsible in most cases for the deaths in New York since Christmas.

Wood alcohol, he declared, is a minor element in the dangerous concoctions which are being sold to the public in the guise of whiskey and gin. The real trouble making ingredients, he said, are being widely distributed in five gallon sample cans which can be purchased for experimental purposes without a permit. Bootleggers obtain these cans in the names of members of their families or of relatives.

Purchasers of these compounds who have a knowledge of chemistry recover the ethyl alcohol they contain, but the majority of buyers simply color either of the two formulae and sell the stuff for whiskey. The use of these preparations with just the addition of coloring matter, the alcohol expert declared, is deadly an has caused much of the illness and death attributed to wood alcohol.

One of the formulae is composed of 100 gallons of pure ethyl alcohol and ten gallons of acetone, the other of 100 gallons of pure ethyl alcohol, one gallon of isopropyl alcohol and sixty ounces of either alkaloids or salts.

The acetone lacerates the stomach and the isopropyl alcohol paralyzes the nervous centres. Antidotes for wood alcohol poisoning do not combat either of these chemicals, according to the expert. In the majority of cases, he declared, the attending physicians, do not know that these substances are in the systems of persons drinking bootleg whiskey.
