## EXPECT U. S. STEEL WALKOUT TO BE FELT IN CANADA

### RUSSIA RECOGNIZES RED REPUBLIC IN CHINA

**To Increase Judges In Supreme Court Of Canada To Nine**

OTTAWA, Oct. 2 — (CP) — The Government is going to increase the number of judges in the Supreme Court of Canada from seven to nine and give them all a boost in salary.

It has previously proposed making the court the final court of appeal for Canada. That power now rests with the judicial committee of the Privy Council in London.

Notice of the expanded court was given in the Comments on its order paper Saturday by Justice Minister Carson.

The salary of Chief Justice Rinfret will be raised from \$20,000 to \$25,000. The eight other members of the court will get \$20,000 instead of \$16,000.

The bill that will make this change also will conform with new Brunswick legislation that allows two judges of the Supreme Court of New Brunswick to be residents of Moncton.

### RUSSIA RECOGNIZES RED REPUBLIC IN CHINA

**Most Regrettable, Says U. S.**

LONDON, Oct. 2 — (AP) — The Moscow radio announced today that Russia has recognized the Chinese Communist Government.

The broadcast, recorded here by the Soviet Monitor, said the Soviet Government has broken off relations with the Chinese Nationalist Government in Canton.

Russia's recognition of the People's Republic was announced by Gromyko, Deputy Foreign Minister, in a telegram to Chou En-Lai, Foreign Minister in the new Chinese Communist Government.

Chou, who is also Prime Minister in the People's Republic Government, earlier today was reported to have notified diplomatic representatives of foreign countries in China of the official proclamation by Communist leader Mao Tse-tung of the establishment of the new government.

China's Communists Saturday formally proclaimed their new government at Peking with Gen. Chou En-Lai as Premier and Foreign Minister, and the Soviet Union followed a day later with recognition of the new regime.

Russia's quick recognition of the Communist regime was announced Sunday by Moscow radio, had been anticipated by informed observers in China.

RUTH COMFORT

Ruth Comfort, University of Toronto co-ed, has received an apology from the U.S. state department for being detained on Ellis Island 24 hours.

GEOFFREY PEARSON

Miss Canada IV was a North American student in the group of Canadian students including Geoffrey Pearson, son of Lester B. Pearson, Minister of External Affairs, aboard the Dutch steamer Volendam when taken into custody and accused of making an "inflammatory" pro-Communist speech aboard ship.

### Canada's Exports Increased In August

OTTAWA, Oct. 2 — (CP) — A boost in shipments to the United Kingdom and Latin-American countries was partly responsible for a 12-per-cent hike in Canada's August exports.

The Bureau of Statistics Saturday reported that exports in August were valued at \$251,700,000, a gain of \$7,500,000 over August last year.

### Sale Of Hughes Drug Co. To Mr. Baker Announced

An important business transaction was completed Saturday when the Hughes Drug Company, with goodwill, fixtures, stock and other assets, was sold by Mr. G. Gordon Hughes to Mr. Earle C. Baker of Charlottetown.

The Hughes Drug Company in its present location, corner of Queen and Grafton Streets, which is considered the best in Charlottetown, has a very long and useful record in the public service. In fact it can probably claim the honour of being the oldest establishment to be carried on continuously as a drug store in Canada.

Founded in 1810

In the Weekly Recorder of Prince Edward Island of Dec. 24, 1810, appeared a notice that Thomas DesBrisay, Junior, had opened an Apothecary Shop and intended to supply "the wants of the inhabitants in general with a stock of genuine drugs and medicines."

Families in the country remote from medical assistance, the notice read, would be supplied "with medicines together with written directions as to their uses and application."

The following year, in the same paper, heads of families were informed that Mr. DesBrisay had received a supply "of genuine matter to administer as cow-pox inoculation."

Mr. DesBrisay from the first did a good business, and as the years passed, the Apothecary Shop name which the drug store continues to bear — was known far and wide for its large stock of good medicines, and its reliability.

Mr. Hughes Acquires Business

The years crawled up on Mr. DesBrisay, and he had about 30 years of service.

### Redemptorist Superior Visits City Monastery

Very Rev. Daniel Ehman, Provincial Superior of the English speaking Redemptorists in Canada, accompanied by Rev. E. Meyer, Provincial Superior, were visiting the Redemptorist Monastery at 73 East St. during the past few days.

Father Ehman sang 10:30 Mass at the Church of the Most Holy Redeemer yesterday morning. The Mass was presided by Father Meyer.

Father Ehman has 100 priests and 50 lay brothers under his charge in the Canadian Houses which reach from Charlottetown to Vancouver in Canada, and include new houses in Japan which are served by five priests.

Father Ehman and Father Meyer left this morning for Saint John, New Brunswick where they will visit St. Peter's Rectory.

### C.N.R. Appointments In Atlantic Region

MONCTON, N.B., Oct. 1 — The appointment of H.B. Titus as divisional engineer, Canadian National Railways, Halifax, and E.K. DeLong as divisional engineer, Montreal, were announced today by T.L. Landers, chief engineer for the Atlantic region of the company.

The changes which took effect today, follow the retirement of Alexander Scott as divisional engineer at Digby.

Born at Digby, N.S., Harrison Burrell Titus, a graduate of Mount Allison University, Sackville, brings to his new post more than 77 years experience in civil engineering.

One of the first projects he had in charge was the construction of the original car ferry terminals at Cape Tormentine, N.B., and Borden, P.E.I., which began in 1912, as an engineer with the Department of Public Works at Ottawa.

### Book By Stalin May Be Guide To Soviet Policy

(Moscow has published recently a new volume of the work of Joseph Stalin. This story, giving quotations from the Stalin writings and Pravda's comments, has just reached the United States by mail after passing through Soviet censorship.)

(The interpretation placed upon Stalin's words can be examined with these events in mind—in the search for clues as to how the mind of the Soviet leadership is working.)

(By Eddy Gilmore)

MOSCOW, Oct. 2 — (AP) — The 11th volume of the works of J. V. Stalin has just been published. It has been greeted as a fresh reminder of the goal of world revolution and of the loyalty the Soviet Union demands of Communists elsewhere in the world.

While this volume covers portions of the period from January, 1928, to March, 1929, its application to today's complicated international situation is evidenced by comment of Pravda, the official Communist Party newspaper.

In one chapter Stalin says the socialist revolution in the Soviet Union is in essence "part of the world revolution, the base and instrument of the world revolution."

"There is not any doubt that the international nature of our revolution lays on the proletariat dictatorship in the U.S.S.R. certain obligations with regard to the proletariat and oppressed masses of the world," Stalin wrote.

Pravda commented: "The Soviet Union is pursuing its foreign policy consistently. The words spoke by Stalin in 1928 ring out with tremendous power today."

Stalin then went on to enunciate the principle of loyalty to the Soviet Union's revolution. The chapter includes this speech to the central committee in 1928, published in the works for the first time. The principle: "These obligations of the international proletariat consist in support of the proletariat of the U.S.S.R. in its struggle against waters and foreign foes, in the war against a war directed toward stifling the proletarian dictatorship of the U.S.S.R., and preaching a direct transfer of the armies of imperialism to the side of the proletarian dictatorship in the U.S.S.R. in the event of attack of the U.S.S.R."

Of this, Pravda said: "Any deviation from it is a betrayal of the cause of socialism and a passing over to the camp of the bourgeoisie. This has happened today to the Tito clique in Yugoslavia."

"Having betrayed internationalism, the bourgeois nationalist Tito clique has gone over finally from the camp of democracy and socialism to the camp of the sworn foes of the Soviet Union, the countries of the people's democracy and the whole world Communist movement, to the camp of imperialism and fascism."

### One In Three Tons Of Steel Used Here Comes From U. S.

By Harold Morrison

OTTAWA, Oct. 2 — (CP) — Tentacles of a prolonged United States steel strike may dip into every aspect of Canadian industry, Government officials said today.

Officials said there was enough steel on hand so that repercussions of the strike will not be felt in Canada for another week or 10 days.

If the strike is prolonged, the Government may have to move into the picture to reinstitute wartime controls on the distribution of steel to protect such vital industries as construction and public utilities development.

Reason for the Government's concern in the events which have seen 538,000 U. S. steelworkers walk out of their jobs is the fact that one out of every three tons of steel Canada uses comes from U. S. mills.

Added to the Government's worries is the announcement by the National Policy conference of the 50,000-member Canadian branch of U. S. W. A. (C.I.O.-C.L.) voting support of the American steel strike.

While it was unknown just what form this support would take, the conference said that Canadian steelworkers stand prepared to render whatever assistance may be within our power in this struggle.

A Government official said he did not know what the Canadian steelworkers had in mind—whether they were thinking of walking out in sympathy or slowing down production.

### News In Brief

BRISTOL, England, Oct. 2 — (AP) — The world's largest commercial airplane, the new 130-hour Bristol Britannia, flew a two-hour speed test Saturday. Results were described as "very satisfactory."

MEXICO CITY, Oct. 2 — (AP) — The Interior Department today seized the film "Kit Carson," whose showing caused a patriotic outbreak in Puebla Friday night. Shouting students caused cancellation of the showing of the film.

NEW YORK, Oct. 2 — (AP) — Oswald Garrison Villard, 77, newspaper and magazine editor and writer, died Saturday.

### H.E.A. Convention At Amherst This Week

SACKVILLE, N.B., Sept. 29 — The Home Economics Association of the Maritimes, including Newfoundland, will open a three day convention in the new Fort Cumberland Hotel in Amherst on Friday, October 7.

This convention which usually takes place as three separate annual conventions in N.B., N.S., and P.E.I., this year includes for the first time a Canadian new Province, Newfoundland, and is being held as a joint Maritime Convention. A busy three-day program of lectures, discussion groups, executive and business meetings, dinners and luncheons is planned.

Among the speakers from outside the Maritime Provinces who will address the convention are Dr. Margaret McCready, Dean of Home Economics, Macdonald College, Quebec, and President of the Canadian Home Economics Association, Dr. Margaret Hockin, Rural Welfare Officer, Women's Division, F.A.O. of the United Nations with headquarters at Washington D.C., Miss Ella Brett of the

### One Seriously Injured In Accident At S'ide

The car was in collision with a bus from Charlottetown, driven by James Peterson. The car was said to have been travelling south on Russell Street and the bus was on Highway 1. A stop sign is on Russell Street.

The car was said to have been very badly damaged. A fourth man in the vehicle was not hurt.

The accident occurred about 10:45.

### Iron Curtain Between Tito, East Drawn Tighter

Reports from Belgrade said the reaction of Yugoslavs was one of increasing alarm. Though there are no signs of an imminent outbreak of shooting war, unconfirmed reports said Tito was shifting troops from the West — where they faced little Albania — to the east.

An Associated Press correspondent who toured the western parts of the country said he noted few troops in that part of the country.

On the diplomatic front the Government's reaction was a bit more to Russia Saturday. It called Russia's severance of the Soviet-Yugoslav alliance a blustering, war-mongering act.

The network of alliances linking Yugoslavia with the Soviet bloc had become a dead letter to an increasing extent following the action of the Communist International Information Bureau 15 months ago in reading Tito out of the Communist group on charges that he was a nationalist anti-Soviet.

The Yugoslav note accused the Soviet Union of being an oppressor of small countries and a country which reduced its treaties to worthless scraps of paper.

### Dr. J. A. Donahoe Acquitted In Traffic Case

WALPOLE, Mass., Oct. 2 — (CP) — Dr. Joseph A. Donahoe of Truro, N.S., has been acquitted in district court on a charge of driving to endanger the lives and safety of the public in connection with the death of Lloyd (Laure) O'Brien of Charlottetown, P.E.I., his harness racing driver.

O'Brien, 38, died following head injuries suffered in an automobile collision at the entrance of the Bay State Harness Raceway in Foxboro, Mass., Sept. 20.

Michael Paulais of Cambridge, Mass., driver of the other car, was found guilty on the same charge and was fined \$100.

### Coming Events

- \*Dance, new school, Iona East, Oct. 5th.
- \*Mail your Films to Garnum Photo Studio, Charlottetown.
- \*Dance, K. of C. Hall, Souris, Wednesday, October 5th.
- \*Buying live and dressed poultry daily. Parker Canfield, Crapaud.
- \*Dance Long River Hall every Wednesday. Good music. Door prize.
- \*Show, "Drums Along the Mohawk" at Cape Traverse tonight at 8:30.
- \*Now buying Timothy Seed, Registered, Cleaned or Uncleaned, McGuigan and Boyle.
- \*Dance in St. Peter's Legion Hall every Tuesday night. Cliff Peters Orchestra.
- \*Hunter River Starch Factory is open for full season. Apply for appointments at factory.
- \*Regular Dance at the "Sea Breeze", Victoria, each Wednesday, Dancing 9 till 1.
- \*Annual Thanksgiving Chicken Supper, Wellington Hall, Monday, October 10th. Supper starts 4:30 P. M.
- \*Come to the hot chicken supper and bazaar at Cross Roads Church Wednesday, Oct. 5. Supper served from 4:30.
- \*Coming, Armouries, Charlottetown, Oct. 25 to 27, Trade and Industries Exhibition, featuring Don Messer's Road Party as entertainment. A Y's Men's project.
- \*Regular Dance East Royalty Rink Hall, Tuesday, October 4th, Eastern Rhythm Boys, Dancing 9:30 to 12:30. Bus leaving I. M. T. at 10:00.
- \*Hear Rev. A. F. Baker speak on "The New Approach to the Liquor Problem" at Hearst Hall, Charlottetown at the Annual Temperance meeting at 2 P. M. Wednesday, October 5th.
- \*Commencing October 1st, this store will close on Monday, Tuesday, Thursday and Friday at 5:30 P. M. Wednesday at 12:30 P. M. and on Saturday at 9 P. M. Moore & MacLeod, Limited.

### No Figures On Cost Of Making Margarine

OTTAWA, Oct. 2 — (Special) — Agriculture Minister Gardiner told W. Chester B. McLure, Progressive Conservative M.P. for Queens, that he could not give production cost per pound either of butter or margarine. He assured Mr. McLure prior to the weekend adjournment on Friday that with a floor price for butter of 58 cents a pound, "a farmer should make a profit."

The Minister would express no opinion of the Prince Edward Island member's suggestion that margarine could be produced in Canada at the present time for 20 cents a pound, implying that its manufacturers at present are amassing high profits.

"Margarine is manufactured from oils which are imported," Mr. McLure told the House in debate on agricultural estimates. "It should be easy to find out the cost of a pound of margarine. The department of agriculture must know that it is different from manufacturing a pound of butter."

"These people (the margarine manufacturers) are buying the oils. The Minister knows the setup. The Government took all the duties off so that they could make it as cheaply as possible and get as big a margin of profit on it as they could. If we had the figures, this committee would learn that it does not cost 20 cents to manufacture the finest margarine on the market." In reply, Mr. Gardiner had no information as to margarine production costs. He told the committee:

"I can only assume that when the margarine manufacturers reduced the price somewhere in the forties down to somewhere in the thirties they would still get their costs of production. I do not think they would have reduced the price below that. I assume that it is somewhere in that neighborhood and am not in a position to say how much. I am bound to say that it would be very difficult to state what the cost of producing a pound of butter is. It is certainly much less in the summer time than in the winter time."

### 3 Busloads Of Potato Pickers Arrive Tonight

What has become an annual movement of potato pickers from Nova Scotia and New Brunswick to Prince Edward Island will get underway this week. Last week a vanload of one busload of young men arrived in the Charlottetown area via the Wood Island ferry from Cape Breton Island. About the same number of wards of 100 pickers were distributed from Summerside after being recruited from the Moncton district. Tonight they were bused to a vanload of one busload of one bus will leave immediately for Souris where the men had been booked to work at surrounding farms. The other two busloads will come directly to Charlottetown and will be allotted to farms adjacent to the city.

It was pointed out by officials of the National Employment Office Charlottetown that the transportation methods in handling the movement have been streamlined and wherever possible pickers are delivered almost at the farmer's gateway. In former years, men coming from Cape Breton came by rail, involving an overnight trip and the necessity of meeting them at the railroad station and then forwarding them by bus from Charlottetown to their various destinations. Quite often some of the

### Miss Canada IV Sets North America Speed Boat Record

PICTON, Ont., Oct. 2 — (CP) — Miss Canada IV set a North American speed boat record of 138.648 miles an hour today and missed cracking the 10-year-old world mark of 147.7 mph by a whisker.

There were a couple of ironic twists to the run over Picton Bay. Driver Harold Wilson of Ingersoll, Ont., had only to top less than a second off the total time of 51.9 seconds over the two one-mile runs to become the fastest water pilot in the world. The boat had it due to Wilson "throttled her down" but to a red-hot engine.

"Miss Canada" was so high over the water chops that the breather pipes weren't sucking in enough water to keep the engine cooled," he explained later. "He had no way of knowing he was so close to climbing over the world record."

It was ironic also that the previous North American titleholder was such a crust, owned by Jack Shafter of Detroit, an easy winner over Miss Canada in the International Harmsworth Races at Detroit this summer. Such crust set the record, 129.6 miles an hour, over Gull Lake, Mich., in August.

Under American Powerboat Association regulations, Miss Canada is allowed one more attempt before surrendering Tuesday to break the world record set by the late Sir Malcolm Campbell, over Lake Coniston, England, Aug. 19, 1939. And Wilson is sitting tight until conditions are "just right" because he is confident "she can do it."

### Singer Buddy Clark Dies From Injuries In Crash

LOS ANGELES, Oct. 2 — (AP) — Popular singer Buddy Clark was killed Saturday night and five others including radio commentator Sam Hayes were injured in a plane crash in a Los Angeles residential area.

Clark, 44, one of North America's favorite crooners for a decade or so, died at a police hospital, despite oxygen and transfusion efforts, about an hour after the crash.

Death was caused by multiple skull fractures. The others were not believed critically hurt.

The crash came as the pilot of the chartered plane attempted a forced landing on Beverly Boulevard. The party was returning from the Stanford-Michigan football game at Palo Alto.

Others injured were James L. Hayler, 27, the pilot, of Fresno, Calif.; Hayes' wife, Sally, 28; and two NBC executives, Frank Berend, 40, Beverly Hills, and Jennings Piers, 52, North Hollywood.

Hayler said the plane was attempting to land at suburban Burbank because of a low supply of fuel when it ran into overcast. When it emerged, he said, he didn't know where he was.

"... I figured we were out of gas. I just picked a spot and set her down."

Clark, whose recordings and radio work during the last few years had boosted him into the higher income brackets, leaves a wife, the former model Nedra Clark, and a daughter, Penny, six. By a previous marriage to singer Louise Hughes, he had two children, Thomas, 11, and Katherine, nine.

In a support suit brought by his first wife earlier this year, she testified, however, that his 1948 earnings were \$58,800.
