Disease Germs Doomed

Many have lost terrors for the Scientist

The progress of recent years in medical research is little short of marvellous. Daily, science kills germs by the million. Daily, new ones are being discovered, isolated and exterminated by the march of medicine.

Science is winning. What were once regarded as serious diseases are now laughed out of countenance by the doctors. Fearlessly they plunge naked hands into swarms of them, their only precaution being to rinse their hands afterwards with a reliable germicidal preparation. We are witnessing the birth of an era when the world will have little to fear from microbes.

WEST KENT MADE WONDERFUL FINE SHOWING IN SPORTS

Under Most Favorable Conditions the West Kent School Boys Win Interscholastic Meet With 136 Points — Fred Ranahan West Kent, Best All-round Senior Athlete With 21 Points— P. Cameron Wins Junior With 16 Points— Edward Hornby Lowers Half Mile Bike School Record to 1.14 3-5.

Ideal weather greeted the school boys yesterday for their Interscholastic meet at the Abegweit grounds, great interest was shown by a large attendance of young admirers of the boys and many grown-ups.

The West Kent athletes proved too much for their opponents, and won out in fine style with 136 points while Queen Square were only able to collect 62 points.

Fred Ranahan of West Kent, the big chief of his team mates rolled up twenty-one points for the best all round in the Senior events, Arthur Gormerly of Queen Square coming second with 16 points.

In the Junior events, P. Cameron won first honors with 16 points and Arthur Fraser came second.

Edward Hornby, the speedy bike rider from Queen Square had an easy time of it in the bicycle events, but was able to drive out sufficiently in the half mile to lower the school record from 1.17 to 1.14 3-5.

Fred Ranahan made a beautiful jump in the Broad, making eighteen feet, eleven and a half inches.

Another young bike rider that deserves mention was Borden Cox, in the Junior half mile, the smallest entry making a nice dash for the finish, coming in third place, the time being 1.17 3-5.

The half mile run open was another event that was closely contested, Matheson and Hornby making a great finish in 2.22 3-5.

In the high jump, Arthur Gormerly, Queen Squares best bet, badly spiked himself which was a big handicap to him in the events to follow, Fred Ranahan, also spiked himself in the broad jump.

That Charlottetown is to have an abundance of material for field and track athletics was clearly manifested at yesterday's school meet ,the performance of every boy from both schools from the first event until the last was of the highest order and they all were nicely equipped in neat running regalia, even the most of them having the spiked shoes, which would indeed be quite a contrast side by side with the big boot and bare footed athletes at school sports ten or twelve years ago.

In congratulating West Kent School athletes on their fine showing in all the events, we also congratulate the successful athletes of Queen Square School, though smaller in members, made a very creditable showing.

After the sports were over, all the prize winners were called to the field, when each successful athlete was awarded his prize or prizes, and it is needless to say that there was a happy and pleased smile on the face of the boys as they were handed the different awards for their labor.

NOTES.

It is to be hoped the boys will keep up the good work by keeping in training and if so it will not be long before they will break into senior competition and will be looked upon as the athletes before them to bring home the bacon to Prince Edward Island.

Toby had an entry in the seven year old race yesterday that looks promising to be a chip of the old block. He has the style and speed and made a good second in his race in the fifty yards.

West Kent surely has a snappy little track team, and we hope to see every fellow pick out his best event and make a hobby of it, until he cracks the Maritime record.

In the mile run Bobby Owen the smallest entry put up a splendid race, finishes a nice third and sticking right on the heels of the winner in good time and as fresh as a daisy.

Promoters After English Fighter

NEW YORK, Sept. 18—The arrival of Tom Milligan, English welter-middleweight, has set the managers by the heels. There was a general scramble to be the first to invite Tom to walk into the "parlor." Would he agree to that? There was nothing they wouldn't do for him if he'd only sign on the dotted line.

But Tom, anything but a chuck lehead, said that he'd jolly well look the bally place over before he talks business. They say he is a really great fighter. England certainly could use one in her rings right now. The bottom fell out of England when the brave little "atom," Jimmy Wilde, pitched forward on his face in front of the late Pancho Villa."

Cleveland May Be In N. H. League

MONTREAL, Sept. 18.—It was learned from an authoritative source today that an application for a franchise for Cleveland would be presented at next week's meeting of the National Hockey League in New York. Joe Cattaranich, one of the owners of the Canadian Hockey Club, it was stated, has been asked to represent the Cleveland interests.

With New York and Boston already members, and the Pittsburg's club first payment said to be already in the hands of Frank Calder, president of the National Hockey League, the coming of Cleveland would give the United States four clubs.

It is said that the American interests will be closely allied and that a Big Four is already being planned, should either Pittsburgh or Cleveland be refused admittance. Lionel Conacher will manage Pittsburgh, while Odie Cleghorn has been recommended by Cattaranich to head the Cleveland club.

Dishwasher Faked Tickets For Series

WASHINGTON, Sept. 18.— A hotel dishwasher has precipitated the annual world series ticket scandal. As a result, a set of perfectly good, artistically engraved plates have been destroyed and private detectives are seeking the printer and distributor of the coveted though bogus pasteboards.

The dishwasher, an employee of the Patent Office by day, said he obtained from the attorney, who brought the proofs of the ticket plates to the Patent Office for registry, permission to make photostatic copies of them.
