Youthful Veterans—

Wing Cmdr. Benidickson, round-faced and youthful looking, was in civilian clothes while Lieut. Langlois wore the blue uniform of a naval officer. It turned out they had been messmates at Halifax during the war when the former served as R.C.A.F. liaison officer to the Navy.

Reports Tabled

As usual on the first business day of a session, the House received piles of documents, laid on the table by Ministers. They included reports of departments, boards and commissions, orders-in-council passed since Parliament was last in session and the major international agreements Parliament will be asked to ratify.

MUTUAL AID—

sides during the budget debate unless Finance Minister Ilsley can manage to effect more than "token" tax cuts for the coming year.

War expenditures for the current fiscal year estimated at $2,000,000,000 run about half of those in 1944-1945 when mutual aid totalling $800,000,000 boosted the total to $4,450,000,000.

In the lobbies and in their private offices in the buildings private members raised the point that this saving of two billion dollars should be translated directly into income tax reductions. In view of some of Mr. Ilsley's recent pronouncements, however, they have misgivings that the Government will maintain taxes at somewhere near present levels in order to pay for the Government's ambitious program of social services.

A western Liberal member said his constituents have asked him to hold the Finance Minister to the letter and spirit of pre-election pledges to reduce income tax and another Liberal from western Ontario told this correspondent that the electors would not mind getting along with fewer social services provided the money which would be spent on those services would mean a proportionate reduction of taxes.—S.

Beef Prices Continue Steady On Local Market

Beef prices locally and on the Montreal market have remained steady in recent weeks, contrary to a statement reported in yesterday's account of a meeting of the Summerside Board of Trade.

Information supplied by officials to The Guardian yesterday indicated not more than a quarter cent per pound variation in beef prices over the past few weeks. Montreal prices for Steers, 4 top grade steers were 14¾ to 15 cents. Yesterday's packing plant quotations in Charlottetown were 10½ cents for top grade steers, with no variation from previous weeks.

race meet ever held over the Covehead track. Preparations are being made for handling a large crowd and owner Charles Willis expects to give the public a fine race card.

—o—

Ben White has spent over three score years and ten on this planet and at least fifty of these have been devoted to driving race horses, first under the tutelage of the late Ed. F. Geers, won what was probably his most prized victory at Greenville, Ohio two weeks ago when his son Gibson's two-year-old trotting mare Deanna by Dean Hanover (3) 1.58½, dam Rosalind 1.56½ (both world's champions then) captured the Horsemen's Stake. It was the richest purse of the season for two-year-old trotters, the value being $18,755. The field was an excellent one, with the highest priced yearling of all time, Bombs Away, finishing 7-4. Deanne was 1-1, the first heat in 2.08¾ and the second in 2.07, the latter constituting a new world's record for two-year-old fillies over a half-mile track.

—o—

On the same day Sep Palin won the Fox Stake, richest two-year-old pacing event, with Ensign Hanover, owned by Mrs. James Johnston of Rochester, 1-1 in Johnston of Rochester, Michigan. Ensign Hanover is by Billy Direct, 1.55, dam Helen Hanover. He was 1-1 in 2.07½ and 2.09¾. The value of the stake was $19,651.

—o—

Those of us who think Charlottetown track was crowded on Thursday afternoon of Old Home Week should see pictures of Greenville, Ohio, track where the above events took place. So great was the crowd that the center field was practically filled and people were standing all along the inrail half way around the track. The grand stand seating accommodation is not as great as at Charlottetown and it was pack jammed to capacity. As a matter of fact harness racing has never had such a boom in our memory since the days of Dan Patch 1.55 as it is undergoing now. Whether it will continue to hold the crowds in the coming years is problematical because other outdoor sports such as baseball, athletic track events, etc., will come into their own again.

—o—

Please note the ad. for Goodwill races in this issue. Entries close today with J. W. Boulter, Secretary, and the office will be open until nine o'clock this evening for the convenience of those who wish to drop in there. By all appearances the meeting will be a big success and two good afternoons racing may be expected.

Chatham, N.B. Miramichi Exhibition races on Wednesday were the best held over that track in years. Among the stellar performances was the winning of the 2.17 class by Jolly Harvester owned by J. Mac O'Brien, South Nelson, N. B. He was 1 1 1; Diana O. Grattan 2 2 3; time 2.14¼, 2.10½, 2.12½. The second heat is a new record for Jolly.

—o—

The 2.25 trot and pace was won by Colonel Dan, owned by Jenkins Bros., Chatham; Lee Direct 2 3 2; Mickey Volo 4 4 3; three other starters. Time 2.14¼; 2.15; 2.15½.

—o—

Note: Both Jolly Harvester and Colonel Dan were winners Old Home Week. The Free For All was won by Lew McKinney, owned by George Gay, Moncton, with 1 1 1; R. A. Grattan 2 2 2. Time 2.10½, 2.10, 2.11.

after daybreak they were as a rule too high for effective shooting. The old practice was bad for the gunners but good for the ducks.

To many old sportsmen who have spent the last four or five years overseas, and have been recently demobilized, the morning of the opening day will be a real thrill. The writer well knows the memories that came flooding back when the opening date came around while in France and Belgium in World War I and there was a hollow feeling, that was not caused by the want of bully beef, when the early morning mists swirled around gun emplacements and tangled skeins of barbed wire instead of the old familiar ducking scenes, and the imagined whistle of wings in the pre-dawn calm turned into the whine of a Heinie shell on mayhem bent.

• • •

The gaudy ring-necked pheasant appears to be stealing the spotlight from the less pretentious Hungarian partridge, and in some sections is far more plentiful than the Hun. One farmer in the Lake Verde-Village Green area has three coveys on his land with from 9 to 14 birds in each. In spite of this apparent heavy population the T. Hill sector still holds the honours for having the most pheasants.

Trout fishing closes on September 15th, excepting that Rainbow trout may be taken until October 31st. Some good catches have been made recently by local anglers. This week "Stake" Archer, genial employee of Ed's Taxi, landed 14 beauties from the Morell River. The largest weighed slightly over 2 1-2 pounds. Most streams showed an improvement in fishing over last season with the exception of Fortune. To many anglers the fishing in this river this season was a decided disappointment.

• • •

Some beautiful specimens of trout have been taken recently from Whitlock's dam at Dundas. The trout from this water hold their firmness and palatability all through the season and are a close second to the fresh run seatrout. In some dams the trout that makes a nice dish early in the season become soft and lose their flavour during the hot weather of July and August, but not so Whitlock's. Edgar's layout at Dundas bids fair to become the choicest fishing spot in the province. We trust that Edgar will continue to turn a deaf ear to tempting offers for leasing privileges, but maybe that's too much to expect.

First Meeting Of Recently Appointed Education Council

The Dominion Government has agreed to pay part of the construction cost of the new vocational school now being erected near Prince of Wales College, Mr. L.W. Shaw, director of Education, informed the Prince Edward Island Council of Education yesterday afternoon.

The occasion was the first meeting of the Council since its formation on July 27 last and was held in the Provincial building, Premier J. Walter Jones, chairman of the Council, presided.

Questions discussed at the meeting included the scarcity of available teachers, teacher training at Prince of Wales College, the issuing of permits to applicants for teaching positions who have no license, and the most suitable date on which to hold the annual meeting of the Council.

Mr. Shaw also informed the Council that at the conclusion of vocational training for returned men, the building will be turned over to the Provincial Government for probable use as a trade school which will be operated in conjunction with the proposed regional high schols if and when they are constructed.

Premier Jones told the Council the Department of Education had been re-organized since the formation of the Council and that it now has a special department of which Mr. McPhail, public school inspector, is the head. This department, the Premier said, devotes all its time to providing correspondence courses for those school districts which are without teachers.

He also stated that Miss Dorothy Auld, B.A., has been appointed to assist in the accounting work which involves the paying of teachers' salaries.

Retires As R. C. Fleet Chaplain

OTTAWA, Sept. 7 — (CP) — Rev. B.C. Martin, 44, of Halifax, has retired as Roman Catholic chaplain of the fleet, it was announced tonight. He is returning to his Sketch Harbor parish near Halifax.

Father Martin will be succeeded by Rev. Michael MacIsaac former command chaplain of Newfoundland

Father Martin was appointed chaplain to the fleet in June, 1944, when this post was introduced to the Canadian Navy. Designation of the heads of the chaplaincy services as chaplains of the fleet was new to the Canadian Navy although it had long been used in the Royal Navy.

His appointment came on the 19th anniversary of the June day on which he had been ordained into the priesthood at St. Mary's Cathedral in Halifax.

As Chaplain of the Fleet, Father Martin was concerned with the work of 30 full-time Roman Catholic chaplains, several of whom were overseas or afloat, and 22 part-time chaplains, mostly at reserve divisions across Canada.

He was awarded the Order of the British Empire in the last New Year's honors list.

200 Soldiers Are Aided By Khaki College

By GORDON McKEAN

LEAVESDEN, Hertford, England, Sept. 7 — (CP) — The university extension and vocational training branches of the Khaki University of Canada are helping some 200 Canadian soldiers awaiting repatriation to complete university courses, take post-graduate work and refresher courses and learn various trades and callings which they can use in civil life.

Extension director is Lt.-Col. H. F. E. Smith of Vancouver and assistant directors are Majors C. W. D. Scotcher and C. I. Stuart, both of Montreal.

"The university extension plan is designed to place Canadian soldiers in British universities where the desired course is given," Col. Smith said in an interview. "The courses cover fine arts, science, pre-medicine, law, divinity and agriculture."

Some 150 soldiers are taking two or three subjects and credit normally will be granted for them at Canadian universities when the students return home.

Col. Smith said British institutions have been "wonderfully cooperative" in placing students.

The children were taught finger exercises and motion songs, and Billy MacLure, Kay Martin and Marsha MacDonald gave recitations during the program of hymns, Bible story and prayer. The roll call showed 17 members and $6.00 was raised last year. The mite boxes were brought in and several new members secured. At the close, a happy party with ice cream and cakes was held and pictures of the group were taken. As this was only the 2nd meeting since organization, the workers were much encouraged.

Honorary president Mayor J. F. Arnett was present as a guest. The matter of re-establishing the Y.M.C.A. in Summerside was brought up and there was considerable discussion but no action was taken. Mr. W. A. Currie reported on the Boy Scout camp and said that 47 Scouts had attended the camp which was in charge of Mr. Walter Lidstone. Ask Open Season On Pheasants

Mr. W. H. Tidmarsh was re-elected president of the Prince Edward Island Fish and Game Association at its annual meeting held last night in the City Hall. Other officers elected were; vice-president Queen's County, Col. K. S. Rogers; vice-president King's County, Mr. Keir Clark; vice-president Prince County, L. W. Hancock. Mr. P. R. McCormac was elected secretary-treasurer to succeed Mr. Bruce Wonnacott who resigned on April 30 last.

The new executive includes Messrs. Frank Acorn, Erskine McNutt, J. S. Jenkins, W. E. Phillips, Walter Bearisto, Earl Ings, Alliston Owen, P. M. Dakin, Stewart Jones, William Garrick (Montague), Geo. Hardie and Wendell Beaton.

Considerable discussion centered about the new season on ducks which will open this year on September 15 and close December 5. Several members, including Mr. Frank Acorn, expressed the opinion that the later the season opened, the better condition the ducks would be in; others, including the chairman, Mr. W. H. Tidmarsh, Messrs. R. E. Mutch and Daniel McKinnon thought October 1 too late an opening for duck shooting by reason of the probability of inclement weather. After the opinions of most of the members had been heard, it was decided to throw the whole question open for discussion at the next quarterly meeting in December before any date for the season of 1946 would be suggested to the Provincial Government.

The constitution was amended to provide that in future when the executive meets, a quorum of five will be necessary before any business affecting the Association can be decided.

A resolution was passed asking that there be five days open season on cock ring-necked pheasants and that this five-day season open October 1 to coincide with the Association's resolution asking that the season on Hungarian partridge this year extend from October 1 to October 31, both days inclusive. The season bag for the cock pheasants was set at five birds and that of the Hungarian partridge to eight per day.

Few Internees Held In Canada

OTTAWA, Sept. 7 — (CP) — Once numbered in the thousands when the empire stood in peril, the total of civilian internees held in Canadian custody has shrunk to virtually nothing, it was learned today.

Among the few still held are 21 merchant seamen—a mixture of German, Hungarian, Finnish and other nationalities formerly at war with the Allies—who were recently moved from an internment camp 15 miles from Fredericton to a camp at Monteith, Ont. It is expected they will eventually be deported.

At its peak, the internment figure stood at 3,883, the bulk—2,394—being internees and European refugees brought to this country from the United Kingdom. Many of them were released months and even years ago.

Canada herself interned 1,489 civilians as persons who might prove dangerous in some way to the national welfare and to prosecution of the war. The legal instrument for this was the Defence of Canada Regulations.

The list of internees touched the great and the unknown. Camillien Houde, now Mayor of Montreal, was probably the most noted native Canadian interned. Among the hundreds of enemy aliens brought from Britain and later returned was Prince Friedrich Georg Hohenzollern fourth son of the former Crown Prince of Germany.

Of the number shipped from Britain, 1,500 were refugees from Europe. Among them were outstanding scholars, doctors, scientists technical workers, many of whom later returned to Britain and worked for the Allied cause.

WOLVERINE IN ST. JOHN

SAINT JOHN, N. B., Sept. 7— (CP) — Perhaps there's a man shortage here. Stories of two-legged wolves are common but this one has a "man bites dog" angle, to wit: A St. Patrick Street resident sought police protection because a damsel insisted on "squeezing" him, with consequent discord in his household. Police sternly ordered the wolverine "to leave this man alone."

NO REPORT ON TRANSFER

PENNFIELD, N. B., Sept. 7 — (CP) — Group Capt. A. B. Searle, officer commanding the R. C. A. F. station here, said tonight that any announcement concerning a report the station will be transferred to Vancouver would come from Ottawa or the Eastern Air Command at Halifax. He said he had no knowledge of any such change and added that a statement in a Pennfield despatch carried Wednesday night by The Canadian Press, quoting him as saying he understood the report was correct, was erroneous.

Review Sentences In V-E Day Riots

(By The Canadian Press)

OTTAWA, Sept. 7—Justice Minister St. Laurent said in the Commons today that the Remission Branch of his department was making "a very careful and sympathetic" investigation of sentences imposed on naval personnel and others in connection with the VE-Day riots at Halifax.

He was replying to John Diefenbaker (PC-Lake Centre) who had asked whether the Justice Department was considering remitting or reducing some of the "stiffer" penitentiary sentences imposed on naval personnel.

IN MEMORIAM

In loving and cherished memory of Mrs. Neil MacCannell who passed away Sept. 9th, 1940.
And the stately ships move on
To their haven under the hill,
But oh, for the touch of a vanished hand
And the sound of a voice that is still.
Inserted by Husband and Family.
