WOOD ISLANDS HALL DEBATE—On Monday evening March 21st an interesting and instructive debate was held in the Wood Islands Hall. Although the day had not been very pleasant quite a good gathering was present. Rev. R. Hensley Stavert was elected chairman and the subject resolved that the world is getting to be a better place to live in. The speakers on the affirmative side were Messrs. Stewart McDonald, Wendell McMillan and Robert Brown and those on the negative side were Messrs. James Dixon, Malcolm P. Beaton, Murdoch McPhee, and Robert Cook. When the discussion was closed the question was submitted to the audience for decision as to the merits of the qualities of the subject matter and the manner of delivery. Call the vote having been taken it was found that the negative side had won by a vote of seventeen to six. The chairman acted as critic and then gave a good summing up of the whole discussion. The meeting was closed with singing of the National Anthem.

Rotary

The "Roosevelt Reform Policies" formed the subject of an interesting address given by Rev. Father J. T. McGinn at the Rotary luncheon yesterday afternoon, of which Rotarian Roy McLeure was chairman, and at which Rev. Dr. McManion was a guest.

Father McGinn first discussed the quality and character of the struggle which is going on in the United States today, where there is a vast amount of hidden as well as organized wealth, the benefits of which are not summing down in a fair measure to the people.

He spoke of what the share croppers in the cotton states have to contend with, and the sium dwellers in Detroit, New York, in Pennsylvania, San Francisco and other cities where, in this so-called civilized age, conditions are unspeakably low.

He traced the present day situation to the days when the Colonies attempted to set up a new nation, and when two ideals were enunciated by Washington and Adams and other leaders of that day. First, let us give as many people as possible private property, farms, boats, etc., and in that way develop a sturdiness and independence of character. Second, let us give them economic and political freedom.

Two schools of thought then sprang up. One, headed by Jefferson, who was desirous of giving all people some property and the vote. The other, Hamilton, who was opposed to that, and who openly favoured the establishing of an all-powerful wealthy class. In fact, he even wanted a king.

The followers of Jefferson and Hamilton have clashed through the years, and as a result, the nation has been given this legacy. First, all the people are given a vote. They have their political freedom. Second, the Hamilton doctrine has prevailed, so that the rich have become richer.

He referred to the events which brought Roosevelt into office in 1932 and 1936. He sought a happy balance between the two forces, the granting of economic freedom, and at the same time a certain security for those who possessed property.

The speaker said that personally he had always been a Democrat, but as there were certain harmful features of Roosevelt's policy he could not continue with the party. He approved of some of Roosevelt's accomplishments, including controlled currency and stock market reform, improvement in economic conditions in the South where wealth was opened up and resources conserved. But Roosevelt has fallen down in his method of attaining the objectives. The President finds it impossible to work with others who oppose him such as John W. Davis, one of the greatest constitutional lawyers in the United States; Mr. Caley, former Secretary of State; Alfred E. Smith and others. There has been a glaring misuse of relief funds where the money was spent in many instances for political purposes. The change of advisors under the New Deal was also criticized.

5TH CHARLOTTETOWN TROOP—Everybody had a good time at last week's hike and our A. S. M. was successful in obtaining some real action shots with his ever-ready camera. There will be no hike this Saturday owing to the Troop cake sale which the ladies are holding for us at the Maritime Electric.

Chief activities week will be the first Troop fishing trip for this year. Judging by the enthusiasm shown by the boys the fish are going to catch it in fine style, of course no fish will be caught before the day set for fishing.

Among the promotions in the Troop is listed that of Wallie Higgins, third in the Bulldog Patrol, to be Patrol.

Everything points to a successful Troop Camp this summer. The boys now have about two thirds of the required amount in their fund and if they continue to show the interest they have been showing to date, they will easily attain their objective.

Owing to the Hobbies Exhibition the Troop bowling and Gym activities were postponed this week. All the fellows are asked to note that these two periods will be resumed as usual next week.

13TH CHARLOTTETOWN TROOP

The first real meeting of the newly formed Troop in the Holy Redeemer Parish took place at the Holy Redeemer Tennis Courts Club House on April 1st.

Games were played and parts of different Tenderloot Tests explained. The prospective boys are very keen on this game of Scouting, their only complaint being that the meeting was too short—6:30 until 8:30 long enough for the Leaders, they say.

1ST MONTAGUE ROVER SEA SCOUTS

Sheriff Killed In Shooting Affray

CAMPION, Ky., April 11—(AP)—Deputy Sheriff W. M. Perry, 60, was killed and James Dykes, 60, deputy sheriff and Campion's town marshal, was probably wounded fatally in a gun battle during the recess of the Wolf Circuit Court today. A large crowd attending court in this mountain county seat was thrown into near panic. A posse headed by Sheriff Rowlie Clark set out immediately in pursuit of J. M. Combs, Jr., 19, son of a well-known attorney here. Officials said the shooting occurred as officers sought to intervene in an argument between Combs and Frank Terrill.
