Saturday morning opened with a devotional service by W. D. Johnston of Montague. This was followed by a round table talk on home missions, conducted by Dr. E. S. Mason. Questions relating to the constitution of the board and the home missions were asked and answered. The members of the board give their services free. The board is composed of fifteen members, one from P. E. Island. The others equally divided between Nova Scotia and New Brunswick. Two members are women. Rev. Z. L. Excellent Address

Miss Laura Bain of Tunil then addressed the gathering and gave an excellent address on the "Challenge of India today." She made an eloquent appeal for more money to carry on the splendid work among the different castes in India, especially the education of young girls, which up to a short time ago had been neglected. The work started

## Lloyd George Makes Bitter Attack Upon His Former Lieutenant

Many Years Since Members Of British House  
Heard Such An Exhibition Of Personal  
Virulence — Sir John Simon  
Object Of Attack.

LONDON, July 5—A startled House of Commons listened this afternoon as Rt. Hon. David Lloyd George hurled taunts and jibes at his former lieutenant, Sir John Simon, who recently severed his official connection with the Liberal party.

It is many years since Parliament members have heard a speech manifesting such personal virulence. Lloyd George received enthusiastic acclaim from the Labor side but from the Conservative benches came angry retorts.

Referring to Sir John's intolerable "self-righteousness," the fiery Welshman said "Great men have changed their opinions in the past, but at any rate they did not leave this slime of hypocrisy in passing from one side to the other."

Likens Sir John to Teetotaler Who Becomes An Inebriate

He likened the dissident Liberal to a teetotaler who "looked with wrathful disdain on anyone who had a drop of alcohol however diluted and suddenly, when he was approaching his seventh decade, took a drink and you saw him rolling from one side to another, and then he ended his career by entering into an inebriate's home."

Accusing Sir John by implication of seeking favors from the Conservative party, Mr. Lloyd George said the Conservatives would use his powers and gifts to the utmost "but when ceased to be useful they

## Editors Duel; Neither Hurt

THEIR HONOR ISN'T SATISFIED  
EITHER IN CUBAN  
FRACAS

HAVANA, July 5—A duel between two newspaper publishers over political differences was fought near here yesterday without bloodshed or satisfaction to the principals.

Alfredo Hornedo, publisher of El Pais, challenged Jose L. Rivero, publisher of Diario de La Marina, on the basis of an editorial attack on Hornedo on Rivero's paper.

They fought with swords for five periods without drawing blood and the referee, Professor Jose M. Rivero, halted the encounter at that point in accordance with Spanish rules. They refused to shake hands. Two score spectators witnessed the affray.

## Bob Pearce Wins Famous Diamond Sculls

(Special to The Guardian)

HENLEY ON THE THAMES, Eng. July 4—Bob Pearce, of Hamilton, Ont., won the classic Diamond Sculls this afternoon. He defeated A. Bradley, of Pembroke College, Cambridge, in the final by a comfortable margin. The prized trophy, emblematic of world supremacy in amateur sculling, thus for the first time remains in Canada two consecutive years. Jack Guest, of Toronto, won it last year.

Pearce won the final easily, according to the official verdict. His time over the Henley course of a mile and 550 yards was 10 minutes and three seconds. This slow time was accounted for by water conditions and a strong head wind.

LOS ANGELES, Calif., July 5—A terrific rip tide which caused the drowning of seven persons in southern California surf yesterday, continuing today, but life guards, enforcing a greater caution on the part of swimmers, reported no additional deaths.

WASHINGTON, D. C., July 5.—The United States Government today received assurance that Germany would not take advantage of President Hoover's moratorium proposal by increasing armaments and that the reparations savings would be used to cover the Reich deficit.

## 8 DROWN WHEN BOAT UPSETS IN OTTAWA

(Canadian Press)

OTTAWA, Ont., July 5—The wind roughened waters of the Ottawa River swamped a rowboat and sent eight young persons to death near here today. The party had been invited out for a pleasure spin in the rowboat and were in the middle of the broad stream, when the outboard motor with which the craft was equipped stalled and left them at the mercy of the waves.

## TRAINS COLLIDE, 25 INJURED

(Special to The Guardian)

NEW HAVEN, Conn., July 4.—More than twenty-five persons were admitted to local hospitals tonight, following a collision of the Merchants Limited and a passenger train bound for Springfield. At least one person was reported dying.

Two of the coaches of the Springfield train caught fire, when the two trains crashed head on at the viaduct, about a half mile from the railway station. The Springfield train was made up of wood coaches. The Merchants Limited is an all steel train.

Vincent Battistina, of the U.S.S. Pennsylvania, a passenger in the Springfield train, carried seven persons out of the burning coaches before physicians ordered him to a hospital. Railway officials were unable to account for the collision.

## Would Increase Pensions Body

BILL INTRODUCED IN HOUSE  
ENLARGES TRIBUNAL PER-  
SONNEL TO 12

OTTAWA, July 5—First reading was given in the House of Commons today to a Government bill which would make several important changes to the war pensions machinery. It would increase from nine to 12 the members of the Pensions Tribunal, and the number of commission counsel from seven to 10.

In sponsoring the bill, Hon. Murray MacLaren, Minister of Pensions, said it was to circumvent the congestion of applications for pensions which developed when the new machinery was established a year ago. The board was unable to handle the large number of applications that had developed.

By making eligible for steady pensions those who commuted their pensions at the close of the war, 18,000 applications were made possible. The intention of the proposed legislation was to expedite the hearing of these applications.

## France And U.S. Are Deadlocked

(Canadian Press)

WASHINGTON, D. C., July 5.—High administration authority said tonight Secretary Mellon would be instructed to inform the French Government that its position regarding payment in kind from Germany was unsatisfactory. The decision of the United States Government was reached after President Hoover hurried back from his Rapidan camp and conferred with acting Secretary Castle of the State Department and acting Secretary Mills of the Treasury.

The crucial point at issue between the two Governments, is an objection that experts who could consider the question of payments in kind, be instructed to devise a

When Princess Ileana of Romania went to review girl scouts at a recent rally, she took along her Australian fiance, Archdeacon Anton von Hapsburg, whom she is to marry on July 25, despite the re-

ported opposition of her brother, King Carol. The princess appears to be waving a nonchalant greeting to the cameraman, but in reality is returning the salute of the guard of honor.

## Worthy Of His Steel

(Special to The Guardian)

OTTAWA, Ont., July 4.—Whatever political views one may hold, or whatever opinion one may hold of Premier Bennett, he earns his salary. Through all this week's sweltering heat he has carried on in the Commons, not only the onerous duties of Prime Minister, but the equally onerous duties of Minister of Finance. Hour after hour in the House, he carries the brunt of opposition questions and criticisms, answering them at the outset as Prime Minister and then continuing all through the afternoon and evening, piloting his taxation legislation through the various stages. He literally talks hours on end each day.

Today was but a repetition of yesterday and several days previous, when, after dealing as Prime Minister with important matters coming up on the orders, he had to continue on and on through committee. In Hansard of the last few days the words and thoughts of one man, Premier Bennett must occupy half the space in the many hundreds of columns.

## Prime Minister Remembered On Birthday

(Canadian Press)

OTTAWA, Ont., July 5.—From his colleagues in the Cabinet, Hon. R. B. Bennett, Prime Minister is the recipient of a beautiful set of antique silver entree dishes. The gift is in recognition of his 61st birthday. In the House of Commons Friday, sixty one roses adorned the desk of the Prime Minister, who was born in New Brunswick on July 18, 1870.

## Tourist Travel To Maritimes On In Earnest

(Special to The Guardian)

MONCTON, N. B., July 4.—"The tourist travel to the Maritimes has commenced in earnest," declared M. F. Tompkins, traffic manager Canadian National Railways here today. "Canadian National trains," Mr. Tompkins said, "have been arriving the last few days with large numbers of passengers." It is expected that from now on the tourist travel to the Maritimes will be heavy. The recent heat wave has driven large numbers from the cities to seek the cooler spaces by the seashore and in addition the economic situation has led many people in the United States, particularly from New England to make a vacation in Canada.

Many vacationists from Quebec and Ontario are also coming to the Maritimes this year and several have already arrived. The number of Canadians from Ontario and Quebec visiting the Maritimes is increasing each year, particularly since the hotel accommodation has been so greatly improved.

WASHINGTON, July 4.—The interstate commerce commission today ordered decreased western grain rates into effect August 1. The rates originally were ordered effective June 1 but an injunction granted western carriers by the federal court at Chicago caused delay. The reduction is intended to apply to grain and grain products hauled in the west for export. The commission estimated it would reduce the revenues of the carriers \$15,000,000 annually.
