PRINCE EDWARD ISLAND AS A SUMMER RESORT

THE LAND OF PURE DELIGHT FOR TOURISTS AND HEALTH SEEKER

SOME OF P. E. I. ATTRACTION

Prince Edward Island is the best spot on earth in which to spend a vacation. It is more, it is the ideal land we've all heard and sung about in the halcyon days of childhood and youth, "The Land of Pure Delight." Some of its outstanding features are:

A LAND OF BEAUTY.

Three hundred and seventy-eight years ago Jacques Cartier wrote:—"All this land is low and the most beautiful. . . . This is a land of the best temperature which it is possible to see." Thousands of tourist visitors attest that it is more beautiful today, and the most attractive summer resort in the entire Dominion of Canada.

A DELIGHTFUL SUMMER CLIMATE.

Gentle breezes laden with the breath of the sea blow from the south and the west all through the long summer days, dying with the red and gold amber and green of a gorgeous sunset. The nights are always cool and bright, refreshing rest and sleep. There are no fogs.

A LAND OF HEALTH.

In no country does so large a proportion of the people live to a green old age. Only about one per cent of the population dies each year. The report of the Registrar of Vital Statistics for the year 1911, in which year the mortality was larger than usual, shows that of a total of 1,114 deaths there were

566 over 60 years of age; 411 over 70 years of age; 214 over 80 years of age; 42 over 90 years of age;

The infant mortality of other countries is almost unknown here. There is no other land under the sun where 40 per cent of the population live to pass the seventy year span of life!

A LAND OF ABUNDANCE.

In no other country is there greater abundance of the best food and of clear, sparkling water in town and rural districts alike. Lamb of the finest flavor; Eggs, milk, butter and cheese; The most luscious oysters in the world; Lobsters in great abundance; Sea and brook trout, mackerel, cod, etc.; Wild geese, brant, plover, duck and partridge in their season; Strawberries, raspberries, blueberries, cranberries; Apples and plums of rare excellence; cherries and small fruit are plentifully produced.

AGREEABLE SOCIAL CONDITIONS.

The Island is socially a land of the golden mean. Few are very rich and almost none are poor. The great majority enjoy comfort and prosperity. Sobriety and order everywhere prevail. In no part of the American Continent is there proportionately so little serious crime. There are no tramps and beggars are unknown. Churches and schools are abundant.

POSTAL AND OTHER FACILITIES.

There are 468 post offices—one to every 4 1/2 square miles. Throughout a large part of the Province there is free delivery of the mails daily at the farmers' road gates. The Prince Edward Island Railway intersects the Island in every direction, bringing four-fifths of its area within five miles of the rails. Telephone lines all over the Island connect 175 towns, villages and settlements.

SOME SPECIAL ATTRACTIONS FOR TOURISTS

ON THE NORTH SHORE.

The rampart of sand dunes, fifty miles long, thrown up by the waves. The long shallow lagoons inside the dunes, the haunts of fish and waterfowl. Scores of miles of broad, clean, hard sand beaches, the delight of bathers.

IN GENERAL.

Surf bathing and sheltered sea bathing; Shooting wild geese, duck, brant partridge and plover in their season. Fishing brook and sea trout, mackerel and other sea fish. Clam baking, picnicking, oyster digging. Boat sailing and rowing. Hundreds of motor boats.

IN CHARLOTTETOWN.

Victoria Park, 60 acres within ten minutes' walk of the Post Office. Beautiful walks and drives, tennis courts, cricket and baseball. The Belvidere Golf Links. Amateur Athletic Grounds. An excellent Free Public Library. The Legislative Building, seat of a Legislative Assembly older than the United States Congress. The Miqmas Encampment at Rocky Point. The old French Fort at the Harbor's mouth. Seventy miles of land-locked waters for boating, bathing, oyster fishing and clam digging.

THE FOX RANCHES.

Tourist visitors and investors will find great interest in seeing the scores of fox ranches that are thickly dotted over the western and central portions of the Island. There are upwards of 150 of these ranches. There are hundreds of these black and silver beauties, each with a present selling price of \$5,000 upwards. A single black fox represents the values of a good farm, with all its buildings, fences and live stock. The total value of all the black foxes on the Island is believed to be over \$7,000,000. The Island is the recognized headquarters of this important industry. Eighty-five per cent of all the valuable foxes in captivity throughout the world are within P. E. Island ranches.

PROVISIONAL DIRECTORS

Dr. G. F. Dewar, M. L. A. Southport, Pres. Ludlow Jenkins, Esq., Mt. Albion, V. Pres. J. A. Moore, Merchant, Hazelbrook, Sec. Treas.

THE RANCH

is located on the farm of Mr. Ludlow Jenkins, and he, having had considerable experience, has been engaged as manager.

THE FOXES

Options have been secured on four pairs of blue foxes and in addition two pairs of reds already in the ranch will be taken over. One of these males is from a black mother and was the only red in the litter. We consider this fraught with great possibilities.

TERMS

The Directors propose to build an up-to-date ranch and maintain the foxes and their increase till Sept. 1914 for the sum of \$9500.00. No taxes or percentage will be charged for maintenance.

10 p. c. of amount subscribed must accompany the application. Balance payable Aug. 15th, 1913.

ITEMS OF INTEREST

In Fur Farming in Canada we read Page 56. "The blue fox thrives and multiplies in captivity and can be raised with more satisfaction than the other members of the fox family as it is more tractable and easily managed," on Page 66 we read—"Altogether I have seen twenty-two litters of newborn foxes the largest eleven and the smallest five." From this we gather that they are easily managed and very thrifty and should make a first-class investment.

At a low calculation the number of blue pups should be ten pairs which would if sold as breeders [and the prospects are that this will continue for a number of years] net the company \$12,000. This means over 100 p. c. without any additional expense to the Company.

Already \$2500.00 has been subscribed and the balance is offered to the public. Intending investors would do well to sign the application attached and mail to the secretary.
