IN MEMORIAM

MRS. FINDLAY McDONALD.

A most worthy woman passed away at Garfield on the 3rd inst. in the person of Mary Morrison relict of the late Findlay McDonald in the 88th year of her age.

The deceased was a woman greatly beloved in the Belfast congregation of which she was a consistent and honored member during her long life time, she had shared of 103 troubles but was always serene. For her every cloud had a silver lining. Her cheerfulness was contagious, and her faith so real that it made one ashamed if he did not share it. Her intelligence was of a high order, and in the out goings of her life she was tender, compassionate and trustworthy—Mrs. McDonald was a cousin of the famous African Missionary and Explorer David Livingstone.

As the end drew near she was not disturbed by doubt or fear and left this world sustained by a strong hope of an abundant entrance into her Master's presence. She left to mourn the departure of a loving mother four daughters, Mrs. Blake and Mrs. Squires of New Bedford, Mass. Mrs. Martin of Grand View and Miss Sarah at home and two sons Neil of Montague and John F. on the homestead, besides many devoted friends.

HEROIC RESCUE MARKS AIR-PLANEWIRELESS WRECK

An unusual accident and still more unusual rescue occurred recently, says the March Popular Mechanics Magazine, when a British seaplane, emerging from a dense mist, crashed against the top of a slender radio tower. The impact was so great that the mast was bent far out of line, the aerial engine wedged between the interstices so that the plane was suspended almost at a right angle, and the pilot catapulted onto one of the wings, where he lay unconscious. A strong wind added terror to the situation. Fortunately, three sailors were at the time painting the steelwork some distance below, and one of them climbed up the inside of the tower to the point, nearly 300 ft. above the ground, where the craft was fast. Crawling out on the wing, he reached the senseless airman and prevented him from falling until his two comrades were able to pass him a rope. Tying this about the pilot's body, he lowered him to the ground.

HOCKEY

A fast and interesting game of hockey took place at the Arena yesterday between the Queen Square team and a team composed of West Kent boys and Prince of Wales juniors. Capt Ryan scored twice for Queen Square in the first half. Both goals were the result of splendid team work. The first was scored after a run the full length of the rink, and the second was scored after a pass from Ready, who received it from Buote, this too was the result of a long run made by Ready.

The combined team made only one score in the first half although several good tries were made by Gordon, Love McLeod and Turner. The second half was fast but no scores were made and the game ended 2-1 in favor of Queen Square. Killroy and Duffy were also stars for Q. S. S.

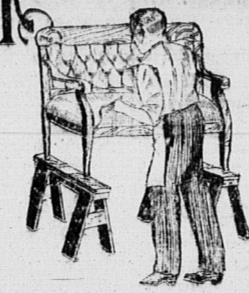

The Queen Square boys are in fine trim now and are anxious to finish their series with West Kent for the championship. It is hoped that arrangements for this finish will soon be made as hockey fans are anxious for a right decision in the matter.

GERMAN TROOPS ARE MUTINOUS

LONDON, Feb. 25.—A despatch to the Exchange Telegraph from Amsterdam, dated Thursday, says that according to frontier reports at Beverloo, in Belgium, where German recruits are trained for the front, the officers announced, Feb. 17, that the men would leave for Flanders on the 18th, and ordered them to sing "Die Wacht Am Rhein" and other German national songs.

The soldiers, according to the despatch, declined to comply, whereupon an officer drew his sword and attacked a recruit. The officer was shot, and afterwards all the soldiers suspected of having participated in the revolt were court-martialed, sentenced to death, and shot the same day.

Polish Members Criticise Germany

LONDON, Feb. 28.—Polish members of the Austrian Parliament are continuing the outspoken criticism of Germany occasioned by the terms of the Ukrainian peace treaty and the resumption of military operations against the Russians. German newspapers reflect the irritation caused by the attitude of the Poles. In a despatch from The Hague on this subject the correspondent of the Exchange Telegraph Company quotes a message from Vienna repeating the report current several days ago that dissolution of the Reichsrath was expected unless the Poles ceased their attacks.

TORONTO, Feb. 27.—Through the Imperial Munitions Board orders have been placed in Canada for \$1,100,000,000 worth of munitions, and the sum of \$875,000,000 already has been expended in respect of these orders in plants established in every province of Canada outside of Prince Edward Island.

This statement was made by Hon. Newton Rowell, president of the Privy Council, in the course of an address to a number of Detroit business men who were the guests at a dinner given by the Toronto Association Saturday night.

He said there were between 500 and

600 munitions plants in the Dominion employing between 250,000 and 300,000 workers, including as many as 35,000 women, at one time. Now there were approximately 5,000 women engaged in munition work.

Mr. Rowell also stated that Canada is now rendering assistance to the United States in the production of munitions, and is at present engaged on orders for 7,000,000 shells, 10,000,000 forgings, and 2,000,000 cartridge cases for the United States Government.

DON'T SCOLD, MOTHER! THE CROSS CHILD IS BILIOUS, FEVERISH

Look at tongue! If coated, clean little stomach, liver, bowels.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has clammy, achy, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again.

Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that it is made by the "California Fig Syrup Company." Hand back with complete any other fig syrup.
