

Scrofula

It is commonly inherited. Few are entirely free from it. Pale, weak, puny children are afflicted with it in nine cases out of ten, and many adults suffer from it. Common indications are bunches in the neck, abscesses, cutaneous eruptions, inflamed eyelids, sore ears, rickets, catarrh, wasting, and general debility.

Hood's Sarsaparilla and Pills

Eradicate it, positively and absolutely. This statement is based on the thousands of permanent cures these medicines have wrought. "The face of my little girl from the time she was three months old, broke out and was covered with scabs. We gave her Hood's Sarsaparilla and it cured her." T. M. CARLSON, Clinton, Ontario. Hood's Sarsaparilla promises to cure and keeps the promise.

MESSRS. C. C. RICHARDS & CO., Yarmouth, N. S.

Gentlemen.—In January last Francis Leclair, one of the men employed by me, working in the lumber woods, had a tree fall on him, crushing him fearfully. He was, when found placed on a sled and taken home, where grave fears were entertained for his recovery, his hips being badly bruised and his body turned black from his ribs to his feet. We used MINARD'S LINIMENT on him freely to deaden the pain, and with the use of three bottles he was completely cured and able to return to his work.

DEAR SIRS—The flour (J. F. Hayden's Keler Product) purchased from you last week was all you claimed it to be and I can certainly recommend the flour to be equal if not superior to any straight roller flour put up in Canada.

Respectfully yours CHAS. E. PRATT.
