French Middleweight Outpoints Lou Brouillard

(A. P. By Guardian's Special Wire)

PARIS, Nov. 25.—Marcel Thil of France, claimant to the middleweight boxing championship, tonight outpointed Lou Brouillard, former welterweight and middleweight champion, in a 12-round bout. Thil weighed 162 and Brouillard 158.

The Frenchman used an effective left jab to pile up points in the early rounds and then withstood the French Canadian's late round assaults. In the 12th, Brouillard, striving for a knockout, battered Thil all around the ring but failed to floor him for the count.

It was expected that Thil and Brouillard, native of St. Eugene, Que., and now a resident of the United States, would be rematched.

GAINS LOSES DECISION

LEICESTER, England, Nov. 25.—(C. P. Cable)—Ben Foord of South Africa outpointed Larry Gains, the former Toronto negro, in a 12-round boxing match tonight. Gains formerly was heavyweight champion of the British Empire.

Jack (Spider) Armstrong of Toronto, bantamweight, and George Marsden of Nottingham fought a scrappy eight-round no-decision bout.

Stanford Is Chosen For Rose Bowl Tilt

(A. P. By Guardian's Special Wire)

LOS ANGELES, Nov. 25—For the third successive season, Stanford was named today to represent the west in the annual Rose Bowl football game at Pasadena New Year's Day. The Eastern foe may be chosen in "two or three days."

The vote of the 10 Pacific coast conference members was not unanimous. It was understood Coach Claude ("Tiny") Thornhill's Stanford squad received seven votes and California three. Stanford defeated California Saturday. University of California at Los Angeles, tied with California and Stanford for conference leadership, was understood to have voted for Stanford.

Stanford has made plain that it prefers an undefeated team for their opponents. With Princeton and Minnesota among the "untouchables" the selection would automatically dwindle down to New York University, Texas Christian and Southern Methodist.

"If either Southern Methodist or Texas Christian turns out to be the best team in the country," said Coach Thornhill, "I don't see why we can't play them."

Springfield & Vicinity

A very pleasant evening was spent at the home of Mr. and Mrs. Clarence F. Haslam on Tuesday evening, Nov. 19th, when the people of the community gathered there to extend congratulations and good wishes to them upon their recent marriage. They were presented with an address and beautiful cabinet of silver. Hon. Walter G. MacKenzie, chairman for the evening, called the gathering to order, while Mr. Allison Mayne read the address and Miss Janet Sinclair made the presentation. Mr. Haslam, on behalf of his bride, thanked the people for their gift and good wishes. After the singing of "For They Are Jolly Good Fellows," and bouncing both Clarence and Helen, a dainty lunch was served by the ladies, ere the guests departed for their homes, wishing the bride and groom many years of happy wedded bliss.

Miss Vivian Woodside, Clinton, has returned home after visiting her sister, Mrs. Hyatt Haslam.

The School is progressing very favourably under the capable management of Miss Margaret Ford, Emerald.

Miss Doris Buntain, Rustico, is spending a very pleasant holiday with her sister, Mrs. Clarence F. Haslam.

The many friends of Miss Elizabeth Mayne are glad to know that she is improving after her recent operation in the Prince County Hospital.

Dr. Lewis C. Haslam has returned to Montreal after spending a short holiday with his parents, Mr. and Mrs. H. B. Haslam.

Master Reggie Weeks, Elliotts, was a recent visitor to Springfield.

Bruins And Abbies Clash Tonight

Holding their team together for a try for Maritime hockey honors later in the season, Abegweit officials today announced another exhibition game for tomorrow night, splitting the team into "Abbies" and "Bruins."

Officials of the club hope for a series of games with Halifax, Moncton and Saint John and are arranging for a holiday exhibition series with "some strong Upper Canadian team."

Last week's game disclosed several faults, gave coach Harold Gross a chance to lineup his prospects and several faces will be missing tomorrow night. Fagan, the Amherst, N.S. boy has gone home, McWilliams and Campbell have left the lineup and McLeod, the right winger from Victoria will be put into action.

Coach Gross now has the squad cut down to a sizable working unit and the players retained are beginning to justify their selection. Practice sessions are productive of smart hockey and tonight's game should witness two fast, clever teams in action.

C. N. R. EARNINGS

(Canadian Press)

MONTREAL, Nov. 25—Increase of $89,000 was shown in earnings of Canadian Pacific Railway Company for week ended Nov. 21, it was announced today. The earnings were shown at $2,705,000 compared with $2,616,000 for the corresponding week last year.

According to the latest estimates there were 55,700,000 sheep in North America in 1934. Canada had 3,400,000; the United States 52,200,000, and Newfoundland 100,000. In 1933, the number of sheep in the world was estimated at 688,300,000.

'Teen Aged Youth Bisley Prospect

EDMONTON, Nov. 25.—(C.P.)—"Bisley or bust" is the motto of 18-year old David M. Davies, of Edmonton, youngest competitor in the grand aggregate rifle match in the 1935 meet at Ottawa of the Dominion of Canada Rifle Association. He came within one point then of making Canada's Bisley team and the winter months find him in intensive training to "make" the 1936 team.

The youthful Davies has gone ahead quickly since he joined the cadet corps of the Wayne, Alta., high school when 12 years old. In the grand aggregate, competing against 600 of Canada's crack riflemen, he placed 31st. After three years under Lieut. S. Johnson, principal of the school and member of the 1934 Canadian Bisley team, Davis began shooting with a service rifle.

Although he has been a top-ranking sharpshooter in Alberta for the past three years, the 1935 D.R.A. was the first in which he competed. In 1933 Davies went to Ottawa but was forced, through illness, to withdraw from the shoot. The next year he was again unable to take part in the event.

Numbered among his awards are 21 medals and seven trophies, two of the medals and one trophy being won at Ottawa this year and two other medals as a result of his showing in the qualifying meet held at Calgary. He holds a record for the Stony Plains ranges, 104 out of a possible 105—the only practice he had prior to the Calgary qualifying meet.

The lad's ability and also the high standing of musketry at Ottawa, in 1935, can be guaged from the fact Davies' score of 689 was equal to the wininng total in 1933 and two above the score of last year's aggregate winner.

He was a member of three teams competing at the Dominion meet. He was on the western rifle squad which defeated teams from the east and central parts of Canada, a member of the Alberta team which won the London Merchants' cup, and helped to bring another Canadian triumph over the British Imperial team in the annual cadet's event.

"I've always had a longing to shoot. It's such a good, clean sport," he told a reporter.

The wools of prime interest in international trade are merino and cross-bred. Canada, New Zealand, the British Isles, Irish Free State, Argentina, Uruguay, Chile, and Brazil (which also grows merino) and Spain (which also produces carpet wool) are producers of cross-bred wool. Merino is the prevalent type of wool of Australia, Union of South Africa, and the United States. Carpet wool is turned out by Soviet Russia, China, India, French Africa, Turkey, Iran, Syria, Peru, Bolivia, Mexico and Ecuador.

ON THE SIDELINES

Sunshine pervaded the gloom and uncertainty that has been surrounding the future activities of the Abegweit Hockey Team when it became known yesterday that the players had decided to stick together rather than accept offers from United States clubs. The decision will meet with approval the length and breadth of the Island and will give officials assurance to carry on negotiations for the proposed tour of the British Isles. But whether or not the tour takes place the Abbies will carry on until the playoffs. In the meantime exhibition games with mainland teams are to be arranged and it is likely that next week will see the first of these take place although as yet the name of the locals' opponents has not been divulged.

* * * * *

Tonight at the Forum Bruins and Abbies clash in the second game of their series, a game that has all the earmarks of producing a fast, wide-open brand of the national pastime. Faults evident in the first game have been corrected; several players have been released and Coach Harold Gross now has four lines, all boasting plenty skating and hockey ability, displaying great form in practice sessions. The draw game served only to intensify the rivalry between the squads and tonight each team will be out to cop the verdict. The players deserve a good turnout. Despite the adverse criticism and obstacles they continue to carry on and have settled down to strict training for that distant shot at the Maritime title.

* * * * *

Aptly termed "Youth Night" local hockey followers will have an opportunity of witnessing the up and coming hockey stars in action at the Forum next Friday night when a doubleheader bill featuring the Midgets and Juniors takes place. Midgets will hold the spotlight first with Jack McCourt sending his Canadiens against Stan McClintock's Maple Leafs and Royals taking on the Rangers in the other half of the bill. The games should draw a large crowd. Midget hockey little thought of two years ago received a great impetus last season when the Rangers copped the Maritime title while the Junior branch of the sport appears headed for its best season. The Legion Band will be in attendance while civic officials will participate in a brief opening ceremony.

* * * * *

It is from the ranks of the youths participating Friday night that Charlottetown is looking for its future hockey stars and it is up to the fans to support and encourage them as much as possible. One thing certain is that those who attend are in for the surprise of their lives as they watch the younger element go through their paces.

* * * * *

The junior game between the Royals and the Rangers will prove a severe test for the latter-named team who in reality are the 1934 graduating class of the Midgets. Rangers made a big hit with local fans last year in their smart display against Amherst but many feel that the step into junior hockey will prove too big for them to take.

* * * * *

No such thought exists in the camp of the Rangers however and they are out to prove it. Coach Johnny Williams has the utmost confidence that his charges will give a good account of themselves against a team that is already being considered as the best on the Island. Johnny would not predict a victory but states his team will prove to everyone's satisfaction that they are ready for the Junior ranks.

* * * * *

This year's City Hockey League seems destined to develop into a close-knit struggle throughout the entire length of the schedule. Each one of the seven squads has strengthened considerably and have been impressive in practice sessions. Holmans, the champions, have also added strength to their lineup and are all set for the defence of their title. Regardless of the outcome the brand of hockey should prove far ahead of other seasons, and after all that is the idea of the league to develop players breaking into the game.

* * * * *

A prominent and well-known Montreal columnist has the following on the selection of Port Arthur Bearcats as Canada's Olympic hockey representatives; Royals were left out in the cold in the selection of the team to represent Canada at the Olympic Games. There was no one on hand to press the Quebec claims and so it came to pass that the team which was at least the second best aggregation as they finished last year was side tracked for a club which many consider would have met the same fate from Royals that they received from Wolverines if they had met in the finals.

* * * * *

Royals had no one to fight their battles though they could have mustered a team which would only have been short Phil Watson of last year's squad, as they could have easily called on Hughie Farquharson for this year's jaunt. Royals had more right to represent Canada than the Port Arthur club. Their club could just as easily have been staffed by Wolverines ready to make the trip. From this angle it looks as though the athletic politics which is so rife in these deliberations had worked out a solution which will satisfy the west and the far east as much as they can be satisfied under the circumstances; and left Quebec moguls as usual wondering how it is that their teams get so little—and give so much.

Five Clubs In Southern N.B. Loop

(C. P. By Guardian's Special Wire)

SAINT JOHN, N. B., Nov. 25.—In communications received here tonight the five clubs in the revived Southern New Brunswick Hockey League expressed satisfaction with the circuit's present formation.

Saint John Beavers, Rothesay Oaks, York All-Stars, St. Andrews Senators and St. Stephen said they were against a proposal of Moncton hockey officials who tried to have Saint John and Rothesay drop out and form a new loop with Moncton and Sussex.

Challenge For America's Cup Is Withdrawn

(A. P. By Guardian's Special Wire)

NEW YORK, Nov. 25.—The Royal London Yacht Club has withdrawn its challenge for the America's Cup, making it unlikely the ancient yachting series will be resumed until 1937 at the earliest.

Announcement of the withdrawal of the challenge, which was made Aug. 19 on behalf of Commodore Charles Fairey, was made today by George Cormack, Secretary of the New York Yacht Club.

Shortly after the challenge was filed the Royal London Yacht Club made known that it was Fairey's desire to conduct the series with class "K" yachts—slightly smaller than the "J's" used last year by T. O. M. Sopwith of England and Harold S. Vanderbilt of New York.

Replying that the America's Cup should be "raced for by yachts of the largest and fastest class racing at the time and eligible under the deed of gift," the New York Y. C. responded that with at least six "J" vessels in the waters of Great Britain and the United States the "present political and economic situation" makes it unpropitious at this time to start a new class of yachts.

American yachting officials deemed it unlikely another challenge for a match next year would be issued but expressed the probability the series would be renewed in 1937 when it is anticipated Sopwith may challenge with a new yacht now under construction.

To Aileen Meagher, track star, born in Edmonton, November 26, 1910. It was while living in Halifax that Miss Meagher became prominent as a sprinter and she was the leading Maritimes entrant on Canadian team at the British Empire Games in London last year and her anchor-leg sprint won the Empire relay for Canada.

Small Crowd Sees Carnera Successfully Launch Second Stage Of Comeback

PHILADELPHIA, Nov. 25.—Primo Carnera used a big weight edge and a hard left jab tonight to outpoint plucky Ford Smith, cowboy from Montana, and get safely past his second comeback hurdle.

Before 6,500 fans at the Arena, the Italian giant came from behind in the early rounds to swap four of the last five and hold the Westerner even in the closing frame.

The former titleholder had a 58½-pound weight pull, scaling 267½ to 209 for the 10-round bout. He used this weight to good advantage after Smith had gotten off to an early lead in the first two rounds, on the strength of a left to the jaw and a roundhouse right to the body.

But Smith, who gained a giant-killing reputation by stopping Art Lasky and outpointing Buddie Baer, was unable to stay away from the big Italian after the fifth round.

Carnera unleashed his left jab then and made the cowboy look bad. By the seventh he had opened a cut over Smith's right eye with his left and in the eighth he slowed his opponent down to a walk by mixing the jab up with a slashing left hook.

Smith was trying hard to land a telling blow in the ninth and left himself open for a stiff right to the head that almost floored him. As he wavered, Carnera shot three fast lefts to the head but the westerner swung a right that momentarily forced Primo back.

The Montanan came out with all he had in the 10th, but Primo kept sticking out his left to slow Smith's rushes.

Edmonton Grads Name New Pilot

EDMONTON, Nov. 25.—(C.P.)—Gladys Fry, member since 1927 of Edmonton Grads, perennial queens of world basketball courts, is the new captain of the team. She succeeds Margaret MacBurney, leader since 1925 who retired following the international series with St. Louis for the Underwood trophy.

First "outsider" to be chosen captain, Miss Fry is one of two girls in the club's history who were not students of Edmonton Commercial High School. She attended Strathcona high school and graduated from the University of Alberta in household economics.

According to the records, she played her first series of games with the Grads in 1927 against Chicago Taylor-Trunks. Except for a single season when she was unable to play because of illness, she has held centre position until a year ago when she was moved back to one of the guard positions.

One of the most unselfish players ever to wear a Grad uniform, Miss Fry is credited with never losing her smile even when the going is "tough." She would much rather pass a ball to a teammate who is in a more advantageous position but despite this has set an enviable scoring record.

EDMONTON, Nov. 24—(C.P.)—With Mrs. E. C. Pardee as president and chairman, formation has taken place of the "Women's Civic League" for the purpose of assuring greater influence for women in civic affairs.

Black Hawks Undefeated In Five Starts

(C. P. By Guardian's Special Wire)

MONTREAL, Nov. 25. — Chicago Black Hawks' new forward line of Doc Romnes, Paul Thompson and Donnie McFadyen showed scoring punch in their team's undefeated streak of five games and dominated the first weekly statistics of the National Hockey League, issued here tonight by President Frank Calder.

Only big Charlie Conacher, Toronto Maple Leafs' right wing star, the League's leading scorer for the past two years, was able to keep pace with the Chicago trio. Thompson has five goals, nine points; Romnes two goals, eight points; McFadyen two goals, seven points, an aggregate of nine goals, 15 assists, 24 points in five games of which Chicago won four, tied one.

Conacher, "Sweeney" Schriner, New York Americans, and Nick Metz, young Leaf, each has scored six goals for the leadership in that department, but two assists gave Conacher eight points to lead the Canadian section. Schriner, Metz and Harvey Jackson, Leafs' left winger, each has six points.

Canadiens placed three players next in the Canadian division, veteran Aurel Joliat, young Jack McGill and Paul Haynes, each with five points. The champion Montreal Maroons, in four games, could show nothing better than Baldy Northcott's four points.

Red Horner of the Leafs' rearguard quickly jumped back into his place of last year as most penalized player with 22 minutes. Hec Kilrea of Detroit and Vernon Ayres of Rangers each had 14.

Nazi Olympic Official May Visit The U.S.

BERLIN, Nov. 25. — Herr Von Schammer Und Osten, chief of the Nazi official sport organization, may visit the United States to confer with sport officials concerning the 1936 Olympics, it was learned here today.

The German sport leader will speak in Paris on Nov. 29 and in London a few days later to Franco-German and Anglo-German bodies concerning German sports and the Berlin Olympics, over which much controversy has raged in recent months.

He may go on from London to New York, it was said. The move was interpreted as an attempt to answer protests that Germany discriminated against Jewish athletes.

Thorough centralization of all German sports will take effect Jan. 1, 1936, it was announced here today.

The German Federation for Physical Culture will supervise all divisions of sport and assure that they develop in accordance with Nazi principles.

All other German sport organizations, like the German Gymnastic Association will cease to exist.
