THE KING'S COUNTY GUARDIAN

Mrs. James Ching of East Point, is visiting her sister Mrs David Bruce.

Miss Mable Gunn, Cardigan, who has been home on a visit, leaves on return to Saskatchewan, in a few days.

The immense ice blockade still exists on the shores of eastern King's County. In area and immensity it has rarely been equalled.

Raymond McDonald who for the past seven years has been in Montana, is home on a visit to his father Captain Joseph McDonald, Cardigan, who is seriously ill.

On March 11th about fifty guests assembled at the home of John and Mrs. Howlett, Annandale, on the eve of the departure of their son, Stanley, and Joseph H. Mills for Eureka, California. The evening was pleasantly spent in games and enlivened by singing and music until about ten o'clock when the hostess announced supper. After everyone had fared sumptuously they again repaired to the parlor where another surprise met them. After an hour of singing, an address was read by John M. Morrow, accompanied by elaborate presents from fellow Lodge members of Star of Hope I.O.G.T. to which Stanley briefly and eloquently replied in behalf of himself and Brother Joseph Mills. James Robertson who was present, and who intends accompanying the boys, received a very handsome present from the host accompanied by a brief speech to which Mr. Robertson suitably replied.

Mrs. John D. Stewart passed away on the 14th, aged 72, and was buried at West River, King's Co., on the 16th. Two sons lives at home, and John Alex. in Boston; two daughters, Cordilla in Boston, and Lena who left Boston on the 21st ult. spent nine days on the Minto. walked on the ice to Cariboo, took team to Cape Tormentine, crossed on an ice-boat to Cape Traverse, and arrived home on the 15th, the day after her mother's death. Mrs. Stewart was a daughter of the late Donald McLean, and was one of a family of four sons and seven daughters, and the last survivor of her family on the Island. Five sisters still survive—four in Massachusetts and one in Newfoundland. Three of her brothers John, Donald and Daniel, are buried in their native soil, while her younger brother Joseph, sleeps his long last sleep in an unknown sphere on Southern soil where he fell in defense of the Union, in the Northern army.

TRIED TO SHOOT A MAN IN BED

AUGUSTA, Ga., March 18.—Several shots were fired into the bedroom of J. D. Watson, son of Thomas E. Watson, the former presidential candidate of the Populist ticket, at their home at Thomas, Ga., early today and while it was later claimed that the investigation indicates a plot against Thomas E. Watson or his family, no definite clue was obtained.

Several shots were fired late last night in the backyard of Oscar Lee, the former presidential candidate's son-in-law, but none of the shots were directed at the house. At 2 o'clock this morning two loads of shot were fired through the younger Watson's room but did not go near the bed. Watson immediately summoned Sheriff Hawes and the premises were searched but without result. The affair caused considerable excitement.

THE OLD STORY.

"And so their marriage turned out unhappily?"

"Yes; she was a hard ice cream soda drinker, and he married her to reform her."

MUD DIGGING

Sir,—There was a complaint sent in to the Inspector of Fisheries about parties digging mussel mud on live oyster beds in Orwell River, some time ago.

The inspector ordered the warden for this district to investigate—he did so by asking those digging if they were on the oyster beds—their answer was that they were 200 yards from the channel, and as he knows nothing about the Orwell River channel he had to take their word for it. There are live oysters coming up every day and this river will soon be useless for fishing. There ought to be a warden appointed who knows the river. I am writing this in hopes that The Guardian will say something in the matter, for we have given up hopes of the fishery department doing anything.

I can give you names of those who have seen live oysters taken up whenever required to do so.

INTERERRED.

AGED MAINE WOMAN KILLED

BRUNSWICK, Me., March 17.—Mrs. E. Frost, 78 years old, and formerly of Bath, was killed to day, it is said, accidentally, by the discharge of a shot gun, which was being cleaned by Horace E. Dunning, the owner of the house and for whom Mrs. Frost acted as house-keeper. The shooting took place this afternoon and within an hour a coroner's jury had been impanelled and began an investigation of the case. The jury adjourned until tomorrow without returning a verdict, but no attempt was made to place Mr. Dunning under arrest.

Mr. Dunning is a widower and lives about a mile from the centre of the town. He told the jury that he did not know the gun was loaded. His shot tore a hole in the woman's breast from the effects of which she died within a few minutes.

Dunning immediately notified the neighbors and the authorities were soon on the scene.

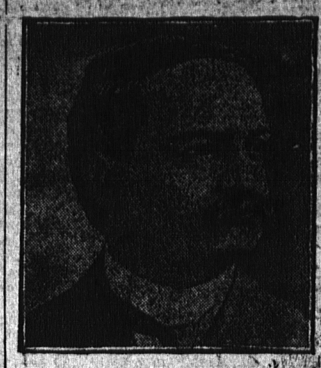
It is expected that the jury will make a report in the morning.

FLOODS CAUSE GREAT LOSSES

CINCINNATI, O., March 17—With a stage of 61 feet this evening, it was believed that the crest of the Ohio river flood was not far away. Forecaster Bassler has placed the probable crest at 65 feet some time tomorrow. Losses cannot be given, although they are heavy. Personal suffering has not been excessive on account of mild weather, although many thousands of persons have been driven from their homes.

Reports from up the river say that the worst is over at points above Cincinnati. The Cincinnati government proposes to issue bonds for $150,000 for the relief of flood sufferers.

The city suffered a loss of about $150,000 today by the collapse of the eighth street viaduct over the railway of the Mill Creek section. Three fifty foot spans of this viaduct went down into the flood, but the high water is not believed to be the sole cause of the disaster. There was no one on the bridge. Several electric car lines use this viaduct and all have been compelled to make a wide detour. In the carrying away of the bridge 110 Western Union telegraph wires were broken and telephone communication with several suburbs was temporarily cut off.



CHARLES CURTIS

Senator-elect from Kansas. The first Indian Senator.

Tired, Off Color, Lacking in Strength.

You feel real seedy.
No snap, ambition or spirit.
You've noticed your color is miserable.
Noticed that your blood is thin, that you feel the cold, that trifles bother and worry you.
You ought to be vigorous and ruddy,—you eat enough, sleep fairly well—but still that listless feeling hangs right on.
To overcome this condition all the vital functions must be stimulated.
You accomplish this by taking Ferrozone.
How it makes the appetite jump.
There follows as a natural consequence an abundant supply of rich, red blood.
Vitality and strength you'll soon find throbbing within you, because your food is digested so thoroughly that it's readily assimilated.
You soon notice that your color is coming back and endurance too, and soon the joy of life, health, vigor, strength—and with these come the old-time zest for everything that makes life worth living.
Ferrozone is a marvellous body-builder blood-former and strength-giver.
Ferrozone, by supplying the aid the body needs to build up, gives the recuperative power that will enable you to do your work easily, and to maintain strength.
Try it for a month.
See if you don't find it just the thing you need to make you strong. Not a man, woman or child who needs more strength, better nerves and surer health who won't find it in Ferrozone. This nourishing tonic makes you feel like new—brings back the feeling of spirit and ambition you had years ago. Try Ferrozone, sold everywhere in 50c. boxes.

Our British Beef Iron And Wine

Enriches the blood—strengthens the system—increases the appetite, gives renewed strength and vigor. It is made from fresh beef, citrate of iron and imported sherry.
