apparently in reference to Rotgen. Writing from Rotgen, Smith White of the Associated Press said American troops "are now assaulting the hulking anti-tank obstacles and pillboxes just beyond this town."

Pour Steadily Into Germany

Writing from the town forest of Aachen, another Associated Press observer, Don Whitehead., reported that long American columns crossed steadily into Germany during the day.

"The vehicles guns and jeeps just kept rolling, and the boys stared curiously at a small stone marker in the forest indicating the boundary between Belgium and Germany," Whitehead said.

As the great attack gathered momentum, Gen. Eisenhower issued his second broadcast to Germany in two days, this time urging foreign workers in northwestern, western and southern Germany to flee the Nazis' manhunt for soldiers and trench diggers and to leave the factories and go into hiding.

IN MEMORIAM

In memory of Dorothy May Stewart, who departed this life June 27th, 1944.
In my heart your memory lingers
Sweetly tender fond and true,
There is not a day, dear Dorothy,
That I do not think of you.
Fondly remembered by Mother, Sister and Brother.

IN MEMORIAM

In loving memory of Alfred R. Cudmore, who was missing on the H. M. C. S. Ottawa on Sept. 13, 1942.
We often sit and think of him
when we are all alone,
For memory is the only thing that
grief can call its own.
Like ivy on the withered oak,
when all other things decay,
Our love for him will still keep
green and never fade away.
Ever lovingly remembered by Daddy, Sisters and Brothers.

DR. D. LEIGH McASSEY, V.S.

Thoughts of you are ever near.
Remembered always by wife and family.

He added a word of warning that though certain restrictions have been eased by the Board, consumers should not get the false impression that rationing is on the way out. Calling attention to this week's announcement of the reduction in the amount of butter rations as a result of the decrease in butter stocks in Canada, he expressed the hope that the general public would realize that there is still need for conservation of rationed commodities. Mr. Butt was accompanied here by R. F. Johnson, recently appointed as superintendent of rationing in the Maritimes. Now on a tour of the Maritimes to check rationing problems, they came here from Nova Scotia and left today for Saint John, N.B.

Check Discharges From the Bowels

Bowel troubles, although happening at any time of the year, are more prevalent during the hot summer and early fall months.

Summer Flu is one of the worst troubles, but diarrhoea, dysentery, colic, cramps and pains in the intestines, or any looseness of the bowels should have immediate attention.

The action of Dr. Fowler's Extract of Wild Strawberry is pleasant, rapid, reliable and effectual in helping to check the unnatural discharges.

It has been on the market for the past 94 years, so why experiment with new and untried remedies?

Get "Dr. Fowler's" and feel safe.

Romania Pledged To Fight With Allies

Moscow Makes Public Armistice With Former Hitler Ally.

By RICHARD KASISCHKE

LONDON, Sept. 13 — (AP) — Romania has pledged to fight on the Allied side until final victory over Germany, to pay $300,000,000 worth of reparations to Russia, to restore all United Nations property and to adhere to the 1940 frontier that gave Russia Bessarabia and Northern Bucovina, the Soviet government announced tonight in broadcasting the terms of the Roumanian armistice.

In return, Romania is to get back the Transylvanian territory which the Germans had handed to Hungary in 1940 and is to maintain her own civil administration in non-combat zones.

Commenting on the 20-point armistice formally signed today, the chief Romanian negotiator in Moscow, Lucretiu Patrascanu, declared: "We have not got a right to be dissatisfied with the terms."

These first published armistice terms of the war were signed by Marshal Rodion Y. Malinovsky on behalf of Russia, Britain and the United States, with Russia "acting in the interest of all the United Nations," and by the Romanian delegation which has been dialing in Moscow while Romanian troops already were fighting under Red army direction against the Germans and Hungarians.

Italy was accorded the first armistice of this war from the United Nations but its terms never have been made public. Terms for Bulgaria have been drafted by the European advisory commission but not yet signed.

Prophesy Federal Election November 27

By R. K. CARNEGIE

QUEBEC, Sept. 13 — (CP) — Liberal members of parliament who have come to Quebec after talking matters over with cabinet ministers in Ottawa are prophesying that a federal general election will be held Nov. 27—the last Monday of the month—or at latest early in December.

The date will be largely decided by the progress of the war in Europe. If Germany collapses or is so knocked about as to be unable to carry on the fight on a substantial scale, there would be nothing to prevent Prime Minister Mackenzie King from fixing an election date well before the Christmas holidays.

Reports from London today said American war planning officers overseas are figuring that organized resistance in Germany will end by Oct. 31, at the "outside". If that proves true, the Canadian elections could be held at the end of November or early in December without conflicting with Prime Minister Mackenzie King's indication that he would not call an election before the war was won unless he was forced to do so to avoid extending the life of parliament, which automatically ends in April.

Most of the Canadian cabinet is in Quebec and it met in the Chateau Frontenac today. There is little doubt the rapidly-changing war situation is being closely watched by the Minister in its relation to an early appeal to the electorate.

There was a nomination meeting in Quebec's Dorchester constituency Sunday when Leonard Tremblay the sitting Liberal member, was chosen as the party's candidate. According to one report, the party managers were warned by Air Minister Power that the nomination meeting was the real start of the election campaign in Quebec.

Returning officers to take the vote of the fighting men and women overseas were selected early in August and, while at that time the government emphasized that it did not necessarily mean an early election, the appointees were told to proceed to their posts in Britain, France, Italy, India and Australia with all possible speed so the voting need not be delayed for lack of election machinery in the battle areas.

The United States Presidential election is set for Nov. 7. If President Roosevelt is returned it might boost the stock of the Liberal government in Canada particularly if the appeal to the Canadian electors came within a few weeks.

Suggests Dec.

OTTAWA, Sept 13 — (CP) — The Citizen said today in a newspaper story that the concensus in Ottawa is "Canada's much anticipated next federal election may come between Dec. 6 and 20."

The newspaper added:—

"Military events are marching forward at such rapid rate in Europe these days that it is expected Prime Minister MacKenzie King may be able to announce dissolution of the 19th Parliament by Oct. 7 at the latest. Dissolution by the latter date would allow for a period of from 50 to 60 days before voting took place."

"Y" Directors Honor Chairman D. J. Bonnell

MR. D. J. BONNELL

Following a well-attended meeting of the Board of Directors of the Charlottetown Y. M. C. A., members of the Board, with very sincere regret, bade farewell to Mr. D. J. Bonnell who, with Mrs. Bonnell, leaves shortly for the west coast.

President of the Y. M. C. A. and Chairman of the Executive and Board of Directors, Mr. Bonnell was the one-man executive who carried the recent New Youth Centre Building Campaign to such a successful conclusion.

Mr. J. M. McPadyen, in presenting an address of farewell, stated: "D.J." during his short stay in the city has amply demonstrated his abilities as an organizer and leaves behind him a record of many campaigns, not the least successful of which was the recently completed drive for a new Charlottetown Youth Centre. Red Cross, National War Services, Blood Donors Clinic, Provincial Sanatorium to mention but a few, of many, all have felt the beneficient influence of his guiding hand, and profited by his ability and his experience. More, however, than all of this, has he demonstrated to each and every one a lesson in citizenship — how to live with his neighbor, with himself, with his God — that will remain with us as a lasting memory of our good friend D. J. Bonnell."

In reply Mr. Bonnell denied the major role attributed to him in the success of his many campaigns. "For the hard work involved" he said "there were compensating factors, in the new friends made, and the broader outlook gained." Speaking of the New Youth Centre in particular, he said, "with such enthusiastic workers, with their untiring support, their vision, sincerity and heartfelt belief in the cause for which they were working, nothing is impossible."

Inferences drawn from his remarks led to the belief that his absence from the city might be of but a temporary nature, and he, on being pressed to do so, retained the office of President of the Association.

P. E. I. Airman Had Close Call

Warrant Officer Ernest Hudson of Cascumpec, Prince Edward Island, was tailgunner, and four cannon shells smashed through his turret. He lost one eye and suffered other wounds but considers himself lucky to be alive.

WO. Hudson is back on his feet again. He thinks the Wellington probably is all patched up,. too.
