Miss Clara Greenan is spending her Easter holidays at her home in Moncton. Mr. and Mrs. James E. McIsaac, of Hope River, visited friends in Kinkora recently.

**AT SAINT DUNSTANS**—Beautiful and appropriate Easter music was rendered at the three last Masses at St. Dunstan's Cathedral yesterday. At 11 o'clock Mass the annual procession of altar boys and clergy was held from the Bishop's Palace to the Cathedral, the boys singing very pleasingly on entering the Cathedral. Right Reverend Monsignor Maurice McDonald preached a forceful and eloquent sermon on the Resurrection. After Mass the procession returned to the Palace.

**ISLANDER DEAD**—The death occurred in Halifax on March 1st, of Reginald Cherry, eldest son of Mr. and Mrs. Cherry, formerly of Georgetown, after a short illness. All that medical aid and kind nursing could do was done, but God willed otherwise. The death of Reginald Cherry has cast a gloom over the community, as he was a bright, intelligent young man, and was a general favorite with the young and the old people. He was strengthened and consoled during his illness, and received the last rites of the Roman Catholic Church. He leaves to mourn besides his grief stricken parents, two sisters and two brothers. The many beautiful floral tributes, spiritual boquets, mass cards and letters of sympathy show the high esteem in which he was held. Sincere sympathy is extended to the family.

**How far would you go to be sure of a better Oil-?**

Knowing that a better oil means smoother performance, longer life, greater economy and bigger trade-in-value for your car, you'd probably go a long way to be sure of a better oil.

That's what Imperial Oil Limited did—went all the way to tropical South America for the crude out of which to refine Marvelube.

There's lots of crude oil available right at Canada's front door. If Canada's largest and most modern refineries had been able to evolve as good an oil as Marvelube from locally available crude they would have been glad to do so. Peruvian crude made a purer, carbon-free, fuller-bodied oil—an oil that meant better lubrication—so Peruvian crude was decided upon.

The decision set a new standard in motor oils. Aircraft operators, the most particular buyers of oil, are enthusiastic about Marvelube because it has given them a longer period of operation between engine overhauls, and a greater margin of safety.

You can enjoy the same benefits in your car, and there is a grade of Marvelube that is refined to meet the exact requirements of your car. Consult the Marvelube chart at good service stations and dealers everywhere.
