A COTTON MILL CHANGES HANDS

Gibson Mill At Marysville Bought By Canadian Colored Cotton Company

[SPECIAL BY CABLE.] MARYSVILLE, June 28.—The Canadian Colored Cotton Mill Co. of Montreal has absorbed the Gibson Cotton Mills. It is expected that business will start next Monday under the new management. Already the demand for property is very great and prospects are that Marysville will boom.

DRANK POISON BUT WAS SAVED

Rash Act Of Girl Thirteen Years Old Because she Was Corrected

[SPECIAL BY CABLE.] TORONTO, June 28.—Because she had been mildly chastized by her mistress, Mary Kinsman, a thirteen year old girl from Stratford, took a large dose of poisonous Halm yesterday and was at the point of death when a physician arrived. The child was removed to the Sick Children's Hospital where a stomach pump was used with good effect and the little would-be suicide is out of danger.

TWAIN JESTS WITH ROYALTY

Tells King He Likes Windsor Castle And Will Make An Offer.

LONDON, June 21.—Mark Twain was conspicuous among the eight thousand guests at King Edward's garden party at Windsor to wind up "Royal Ascot week." The eminent American humorist had a long conversation with the King and with his brother, the Duke of Connaught. When the author was introduced by his real name, Samuel L. Clemens, the King remarked: "I know you better as Mark Twain than as Mr. Clemens." His Majesty displayed intimate knowledge of his guest's writings. Twain said: "I like your castle, Your Majesty, and will make you an offer for it." To a newspaper correspondent Twain said: "I am treating with the King for the purchase of his little place at Windsor. I am ahead of my other fellows on that proposition, anyway. The King was looking fine and the Queen looks as young as she did when I saw her some year ago." The British welcome to Mark Twain has been marvelous.

COLLINS TRIAL FOR THE MURDER

Of Miss McAuley Mainly A Repetition of the First Trial, Strong Case of Circumstantial Evidence Against The Prisoner

[SPECIAL BY CABLE.] ABERNETHY, N. B. June 28.—The fourth day of the Collins murder trial saw a large number of witnesses on the stand and a large amount of evidence taken. The weather was fine and there was the largest number of spectators there has been since the opening of the court. The prisoner showed considerable uneasiness during the day especially during the recital of the story of the finding of the body and the incidents of his capture. Evidence so far is just a repetition of the first trial, but makes a very strong array of circumstantial evidence against the prisoner, and no one else has yet been suspected of the crime.

Islander Mixed Up In A Divorce

A Native Of Augustine Cove Seems To Have Had One Wife Too Many Even For The Wild West One Left Him

WALLACE, Idaho, June 27.—Mrs. Sophia Bell Moriarty was granted divorce recently by Judge Woods from Finlay H. McFadyen of Augustine Cove, Prince Edward Island. Mrs. Moriarty is well known resident of this city, while the defendant formerly resided in Wallace under the name of Charles M. Bell. H. P. Knight was the attorney for the plaintiff, Mrs. Moriarty. The defendant did not appear default having been entered against him.

McFadyen came to Wallace in the fall of 1900. He at that time went under the name of Bell. In November, 1904, shortly after his arrival in Wallace, he bought out the cigar stand of Dan Connors, ex-mayor of the city, on Cedar street, and was known as the "Smoke House." McFadyen had been in the city a time before, four or five years ago, and was employed in Sutherland's livery barn at that time. He then was known under his own name. Bell had a wide acquaintance in the city and was a prominent member of the R.-D. Men and the Eagles.

HAD GOOD APPEARANCE. Bell was a gentlemanly appearing fellow and made many friends here. He became acquainted in time with Mrs. Moriarty and on November 8, 1905, they were united in marriage. But Bell's native tendencies, it is charged, were of a violent nature and the attractions of a good home did not appeal to him. It is alleged he became entangled with other women and finally Mrs. Moriarty learned that Bell had another wife at Augustine Cove, Prince Edward Island. Mrs. Moriarty immediately took legal action and attachment papers were gotten out and served on Bell. On the evening of August 23, 1906, just after the papers were served on him, Bell is said to have hired a couple of seaman to give him the aid of a hand car and skipped out for parts unknown. Since then he has remained away.

The other wife, Mrs. McFadyen, is at present at Kensington, Prince Edward Island, where she is engaged in teaching music. Mrs. Moriarty entered into correspondence with Mrs. McFadyen

FOUGHT DUEL WITH REVOLVERS

HAVANA, June 27.—A duel was fought Monday in the town of Calbazas, Havana province between Miguel Hernandez and Gabriel Lopez Garcia, the first a partisan of Senator Zayas and the other a partisan of General Gomez. The dispute began in a discussion about the respective merits of the presidential candidates, when Garcia used strong language against Zayas. Then they decided to fight it out. The weapons used were revolvers and Garcia was shot through the left arm. The official report by Governor Nunez of Havana says the cause of the fight was a political discussion and that both men struggled a long time with their fists before resorting to arms. Hernandez was a well known leader in the Revolution against President Palma. Garcia is a prominent Liberal also.

LOST INTEREST IN LIBEL SUIT

Mr. Emmerson On His Way To Virginia Talks On Case

TORONTO, June 27.—Hon. H. R. Emmerson was in Toronto yesterday on his way to Virginia. Asked about his libel suit he said: "I am not troubling about it at all. When the court ruled that any paper could publish what it liked about public men so long as it believed what it published, I decided not to bother. I have no further interest in what they are doing at Fredericton." "It is just like butting your head against a stone wall. I am satisfied so far as the preliminary examination is concerned for they certainly failed to prove the ridiculous charge that I was ejected from a hotel with two women of ill-repute." "I am willing to let the people decide for themselves, whether I was guilty or not." Mr. Emmerson had not read the latest news from Fredericton this morning. "What do the papers say?" he laughed. "You know I haven't been reading much about it lately. I am too busy and haven't any interest in it now."

KEEP THE CHILDREN WELL.

Stomach and bowel troubles kill thousands of little ones every year during the hot weather months. Diarrhoea, dysentery and cholera infantum often come without warning, and if prompt aid is not at hand the child may be beyond help in a few hours. If you want to keep your children healthy, rosy and full of life during the hot weather give them an occasional dose of Baby's Own Tablets. This medicine prevents illness by cleansing the stomach and bowels, and cures summer complaints when they come unexpectedly. Every mother should keep these Tablets in the home at all times. Mrs. Robt. Currie, Lorain, Ont., says: "Baby's Own Tablets are the best medicine I know of for stomach and bowel troubles." Sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

ALMOST DEAD OF BRONCHITIS. Few people have suffered more than Mrs. P. Taylor of Dayton, P. O., Ont. Today he is well and writes: "I must tell you how much Catarrhone has been to me. I was so bad with bronchitis sometimes I thought I would soon be over with me. A small coughing would come on that left me prostrated and weak. Since using Catarrhone I have had no trouble at all. It strengthened my throat, stopped the cough, gave me free breathing and entirely cured." Just the usual experience. Catarrhone invariably cures Croup, Bronchitis, Asthma or Catarrh. 50 sizes, 25c and \$1.00 at all dealers.

Was The Story A Made Up One

Many Conflicting Opinions As To The Evidence Given At The Celebrated Trial At Boise City Witnesses Impugn Orchard's Story

BOISE, Idaho, June 27.—The first direct testimony in defense of William D. Orchard was offered today. It was chiefly directed toward showing that Harry Orchard, blaming Frank Steunberger for the loss of his interest in the Hercules mine, had threatened to have revenge by killing him, and that the conduct of Orchard and K. C. Sterling, both before the Independence explosion, when they were frequently seen together, and afterwards, when Sterling called off a bloodhound that was following Orchard's trail, justified the inference that the mine owner's inspired the crime. The calling of the first witness for the defense was preceded by a further examination of Orchard to permit the defense to complete its formal impeachment questions. These were nearly all in connection with the claim that Orchard killed Steunberger because of an alleged grudge growing out of the sale of his interest in the Hercules mine. Orchard again denied that he ever threatened to kill Steunberger because of the Hercules mine and again asserted that he sold his interest in the mine two years before the trouble that drove him out of northern Idaho.

REDMOND DEFIES STATESMEN

DUBLIN, June 25.—John E. Redmond delivered an address at Wexford yesterday the ceremony attending the unveiling of a memorial to Wexfordians who fell at the battle of New Ross in 1798. He gave a defiant warning to British statesmen saying: "We tell England that we hate her rulers as bitterly as did our forefathers when they shed their blood on this spot. We tell her that we are as much rebelling to her rule to-day as our forefathers were in 1798. We tell her that she can change that hatred only by granting freedom and so long as she withholds freedom it will remain merely a question of expediency how and by what means we will strike at the power that holds our country in bondage."

YALE WINS THE VARSITY RACE

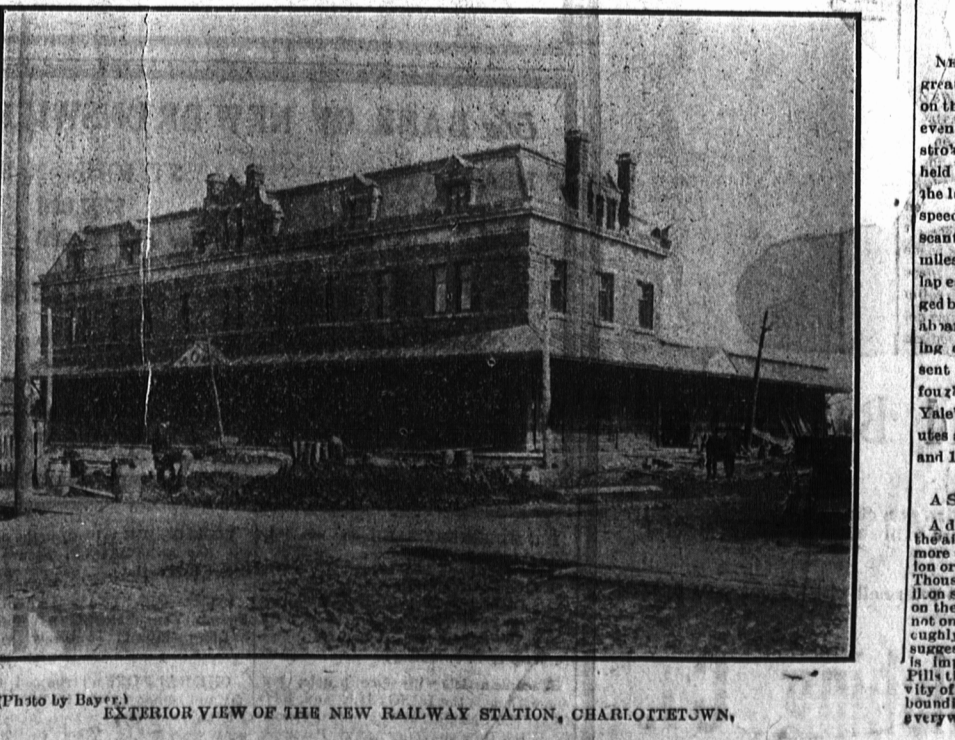

NEW LONDON, June 29.—Before the greatest crowd that ever witnessed a race on the Thames river, the Yale crew this evening rowing on an average of four strokes to the minute less than Harvard, held the big Cambridge crew even until the last half mile when they let out their speed and won a great victory by a scant boat. Never once in the whole four miles did the long graceful shells cease to lap each other. The delicate prows zigzagged between the strokes and the thousands aboard the banks and every kind of floating craft and those who lined the shore sent cheer upon cheer while the crews fought one of the greatest races of years. Yale's time for the four miles was 21 minutes and 10 seconds; Harvard's 21 minutes and 13 seconds.

A SUGGESTION OF RARE VALUE

A diseased condition of the surfaces of the air passage causes bad breath, but more commonly emanates from indigestion or an impure condition of the blood. Thousands of cases prove that Dr. Hamilton's Pills through their specific action on the secretory and eliminative organs, not only cure bad breath, but so thoroughly purify the system that anything suggestive of blood or digestive trouble is impossible. Through Dr. Hamilton's Pills the blood grows rosy and clear, activity of the body and mind increases, and bounding health is established, so that every year in 25c boxes.
