### Modern Studio Opens in Summerside

The announcement of the Enman Photo Service, Summerside of the opening of their new ultra-modern photo studio assures the people of Prince Edward Island of the best photo service available in the Maritimes. The studio which will be operated by the talented MARIE WEDGE, R. N. who is a graduate of the New York Institute of Photography, is equipped with what is probably the most up-to-date lighting and photographic equipment in eastern Canada.

Along with being fully qualified to meet the requirements of all persons, wishing to have portraits wedding or family groups taken, the operator is more than qualified to specialize in child photography having completed a course in child psychology in Philadelphia. The lighting equipment, is a creation of the Saltzman Lighting Equipment Co. New York, and was recently imported here from New York City. The large portrait camera, a "Century" is fitted with a Bausch & Lomb-Zeiss lens. Other types used will include the "Speed Graphic" and View Cameras.

A superb portrait display on the walls of the studio gives the customer an ideal opportunity of selecting the type of portrait suited to the taste. These photos are descriptive of the various shading and lighting effects employed by top notch photographers and are indicative of the artistry of the operator. Not only do these portraits aid the customer in making a selection, but also present definite proof of the attention given to detail.

In a unique and comfortable waiting room in one section of the studio is a display of numerous types of mounts which assures satisfaction to the customers in every respect.

Along with the new photo service and the regular printing and developing service, the establishment is making available to the public an up-to-date film library complete with 8 and 16 millimeter projectors. A visit to this studio which is located above The Enman building will be beneficial and educational.—S
