The Right Way—Spring Medicine that Begins and Ends Right

So generally successful is Hood's Sarsaparilla as a Spring medicine, and in all ailments of the blood, stomach, liver and kidneys, that it may truly be said to give universal satisfaction. It has been before the public for nearly 50 years, and today has the largest sale of any sarsaparilla. Nothing under the sun could keep up this great demand but phenomenal efficiency and loyal support by the people of a good medicine. It thoroughly renovates the blood, adds red corpuscles, creates an appetite, tones the stomach, aids digestion, perfects assimilation, secures 100 per cent benefit of the food you eat. Hood's Sarsaparilla represents the wisdom of one of the best physicians Boston ever had, combined with the practical experience of a pharmacist who has been 'putting' up prescriptions for more than 50 years.
