MONTREAL, Aug. 18—(CP)—Declines in papers and utilities and in some other sections of the list offset the few scattered gains that were posted at the close of Saturday's two-hour stock market session.

Montreal Power backed 1-2 and Brazilian 1-8. Price Brothers closed off 1-2.

National Steel Car fell a point but Canadian Car tacked on the minimum amount while C.P.R. was unchanged. Noranda gained 1-4.

St. Lawrence Flour sold off two points but Canada Cement preferred showed an upward adjustment of 7 1-2 points.

Total sales: 8,400 shares; Industrials, 2,100; Mines, 6,300; Bonds, nil.

GRAIN

CHICAGO, Aug. 18—(AP)—The wheat market Saturday extended a rallying movement with gains of more than a cent.

Wheat closed 5-8—1 cent higher than yesterday, September 69 1-4—3-8, December 71—71 1-8; corn unchanged to 1-4 up, September 60 1-4—3-8, December 54 5-8; oats 1-8 off to 1-4 up.

WINNIPEG, Aug. 18—(CP)—On the Winnipeg grain exchange Saturday, dealings were confined to a few trades in the October future at the fixed minimum price of 73 5-8 cents a bushel. The December future did not open.

General interest in most grades was noted on the cash wheat market but offerings were light.

TORONTO, Aug. 18—(CP)—Stocks registered narrow gains on Saturday in the smallest trade ever recorded by the Toronto exchange. Only 37,000 shares changed hands. All indices finished on the up side except western oils which held unchanged.

International Petroleum improved 3-8. Walkers pfd advanced slightly and the close was up for Bathurst Power B, Canadian Breweries pfd, Consolidated Bakeries, Dominion Woollens, Maple Leaf Gardens pfd, and Page-Hersey.

Aunor at 1.20 was up 4 cents, Bralorne added 10, Hollinger and Dome added minor fractions and slightly higher prices prevailed for Coniaurum, Kerr-Addison, Gunner, Perron and Preston and gains of 15 cents were netted by East Malartic and Little Long Lac. Central Patricia, San Antonio and Moneta displayed mild weakness.

Steep Rock was offered down 6 cents. A loss of 1-4—point for Smelters was the only adjustment in the senior group.

The market for the western oils was practically dormant though the bids were firm. South End Pete was 3-8 weaker.

FINANCE

By Frederick Gardner
Associated Press Financial Writer

NEW YORK, Aug. 18—(AP)—War tension lessened a trifle in Saturday's stock market and leading issues steadied after a week of generally sharp declines.

The Associated Press average of 60 shares was up .1 of a point at 41.1, but on the week showed a net drop of 1.9 points, largest weekly decrease in nearly three months. Narrowness of the day's proceedings was exemplified by the fact that of 1,233 listed issues, only 334 appeared on the ticker tape. Of these 120 were up, 93 down and 121 unchanged.

The turnover for the two hours of 106,700 shares compared with 180,260 last Saturday.

Stocks given a modest lift included U. S. Steel, Chrysler, General Motors, Du Pont, Westinghouse, Standard Oil of N. J., Anaconda, American Smelting, Sears Roebuck, United Aircraft, Consolidated Edison, N.Y. Central and General Electric.

Down a bit were Eastman Kodak, International Nickel, Youngstown Sheet, Woolworth and Sperry.

In the Canadian list Dome and Lake Shore Mines dipped slightly. Canadian Pacific held steady. Canada 4's, among the bonds, dipped 3-8 point.

Produce Prices

MONTREAL, Aug. 18—(CP)—Produce Market prices here Saturday, as reported by the Dominion Department of Agriculture, follow:

Butter: first grade solids, jobbing price, 22 1-2—23; Quebec no 1 pasteurized, current receipt price, 21 3-8, Quebec no 2, 20 3-8; Quebec no 1 pasteurized, wholesale jobbing price, 21 3-4, Quebec no 2, 21.

Cheese: Western white, current receipt price, 13 5-8—14; colored, 13 5-8—15-16; white and colored, wholesale jobbing price, 14. Quebec white and colored, current receipt price, 13 3-4, wholesale jobbing price, 14.

Eggs: graded shipments, inspected, in used free cases, selling price, A—large 28 1-2; A—medium 27; B 21; C 14 1-2—15. (Uninspected 1-2 cent lower.)

Potatoes: Mtl new, grade 1, .75—.80; 2, .45—.55; NB old, no 1 75's 1.25—1.40; PEI old, no 1 75's 1.25—1.40. (Potato prices are wholesale.)

Market At A Glance

(By The Canadian Press)

Toronto and New York—Stocks slightly higher.
Montreal—Gold stocks higher; industrial groups narrowly lower.
Winnipeg—Wheat unchanged at fixed prices.
New York—Cotton lower.

Naval Lieut. Awarded V. C.

LONDON, Aug. 16.—(CP Cable)—The war's second naval V.C. was awarded tonight to Lieut. Richard Stannard, of H.M.S. Arab "for outstanding valor and signal devotion to duty at Namsos."

Lieut. Stannard was aboard the trawler Arab in the bombed and burning harbor of Namsos, Norway, attacks.

When Nazi bombers fired tons of hand grenades on a wharf, Lieut. Stannard ran the Arab's bows against the wharf and tried vainly to quench the flames with hoses from the ship's forecastle. There was no water available ashore.

Later Lieut. Stannard placed the damaged ship under the shelter of a cliff and landed the crew and the crews of two other trawlers and formed an armed camp.

When another trawler nearby was fired by a bomb, the Lieutenant with two other men, boarded the Arab and moved her 100 yards before the other trawler blew up.

CROP REPORT

GENERAL

In the Prairie Provinces hot, dry weather has hastened maturity of the grain, and crop conditions on the whole continue favourable. Harvesting is well under way in Manitoba and wheat-cutting is fairly general over most of Saskatchewan and has begun in southern Alberta. Crops generally in Saskatchewan have made good progress, although the extreme heat has caused some deterioration in parts of the northwestern and north central districts. In Manitoba and Alberta crops continue promising. Grasshoppers are causing slight damage at scattered points. Pastures are in good condition. In the province of Quebec crops have continued to make good progress under favourable growing conditions. Grain, potatoes, roots, tobacco, tomatoes, apples and small fruits all give satisfactory promise, but a short crop of fodder and canning corn is indicated. In Ontario average yields of grains appear assured and corn, roots, tomatoes and small fruits give good promise; for peaches, pears, grapes and tobacco below-average yields are forecast. In the Maritime Provinces crops have been growing well and good yields of grain, potatoes, hay and roots are expected, while of apples a fair crop of good quality is anticipated. In British Columbia showers have benefited crops and, while grain yields will be somewhat below average, good yields of tomatoes, roots and tree fruits are in prospect, with the Okanagan apple crop larger than last year.

PRAIRIE PROVINCES

ALBERTA — With hot, dry weather prevailing, crops are maturing rapidly. Wheat harvesting has commenced in southern areas and should be general next week if the present weather holds. Present prospects are favourable for grain crops of high grade, with yields somewhat larger than last year. Sugar beets are satisfactory. Hay and fodder are plentiful. SASKATCHEWAN — Crops are ripening rapidly and wheat-cutting is progressing, under favourable weather conditions. Crop conditions vary widely. Summerfallow and late sown crops generally are satisfactory, but in many districts stubble crops are fair to poor. Indications are that coarse grain yields will be lighter than last year. Further slight grasshopper damage is reported. MANITOBA — Wheat-cutting is well advanced and threshing has commenced. Crop prospects generally appear favourable, but in some districts stubble crops will be light. It is reported that early threshing returns are grading high. The condition of coarse grains varies from fair to poor. Sugar beets have improved and are now making satisfactory progress.

PROVINCE OF QUEBEC

EASTERN TOWNSHIPS AND OTTAWA VALLEY — Grains have ripened rapidly and harvesting is underway in some sections. An average yield is anticipated. Pastures are in very good condition. Fodder and canning corn are backward and indications point to a short crop. Tomatoes, while later than usual, show promise of being plentiful. Potatoes and other root crops are making satisfactory progress. Tobacco plants are growing well. The apple crop is promising and rasberries and blueberries are plentiful. LOWER ST. LAWRENCE AND LAKE ST. JOHN D'STRICT — Grains are ripening rapidly and give promise of an average yield. Potatoes and other roots are in good condition. The hay crop on the whole will be average. Pastures are in very good condition. Raspberries and blueberries are plentiful in most sections.

PROVINCE OF ONTARIO

Harvesting of the main grain crops is well advanced, with satisfactory yields assured. Growing crops continue to make rapid progress under favourable weather conditions. Fall wheat threshing is general and good returns are reported. Cutting of heavy stands of barley and oats is under way; average yields are expected, notwithstanding considerable lodging and some rust. Pasturage is in good condition. Corn, roots and tomatoes are doing well. Tree fruits show improvement, but below- average yields are forecast for peaches, pears and grapes. Raspberries have been plentiful and other small fruits are satisfactory. Tobacco plants have shown continued improvement under ideal weather conditions and priming has commenced, but quality and yield will be below average.

MARITIME PROVINCES

In Nova Scotia and New Brunswick grains are doing well and a good yield is in prospect. Some damage to potato plants from wilt and rust is reported but the crop outlook generally is favourable. Other roots are making good progress. Haying is practically completed, with an average cut reported. Pastures are in good condition, but rain is needed. Apples are sizing well and while the yield will be below last year's, a fair crop of good quality is anticipated. The blueberry crop will be below average. In Prince Edward Island grains continue to make good progress. Weather conditions have been favourable for root crops and potatoes show rapid growth. A heavy cut of hay has been harvested. Pastures are in good condition.

PROVINCE OF BRITISH COLUMBIA

Cutting of the second crop of alfalfa is practically completed. Harvesting of the grain crops is under way; the yield is somewhat below average. The tomato crop continues to be satisfactory. Root crops are progressing well; good average yields are indicated, except in the Fraser Valley, where crops will be only fair. The following yields at interior points are now indicated: Peaches 100 p. c., apples and pears 95 p. c. to 100 p. c., plums and prunes 90 p. c. of average. Picking is general; pears, peaches and plums are being moved to market in volume. The estimated apple crop in the Okanagan district at 6,054,800 packages is approximately 900,000 packages in excess of last year's actual figures. Scab is affecting the crop in the Kootenay district. Pasturage conditions have improved and water for irrigation purposes is generally satisfactory.

The Central Guardian

This column is reserved for news of local interest but advertising of a newsy nature may be inserted at 5 cents a word strictly payable in advance.

CONFEDERATION LIFE INSURANCE. L-9789-7-21-3ii

PIANO BOXES — Special low price. Toombs Music Store. L-654-8-19-1i.

GOSPEL TENT MEETINGS continue in the Gospel Tent at Brookfield nightly except Saturday at 8 o'clock. All welcome. No collection. L-652-8-19-1i.

NOTICE — Teachers now in their schools who are willing to volunteer their services for National Registration will have such days counted as regular teaching days. Dept. of Education. L-650-8-19-1i.

WAS PRIZE WINNER. — Snowflake Lodge, L.T.B.A., held their regular meeting on Monday evening. At the close of the meeting a social evening was enjoyed by playing games. Prizes for highest scores were won by Master Wilson MacNeill, town, and Mrs. Gladstone Hickenbotham of Montague, P.E.I. The serving of a dainty collation further enhanced the merriment of this happy function.—New Glasgow News.

STREET DANCE.—A large number patronized the street dance held under the auspices of Robin Hood Chapter of the I.O.D.E. on Friday night in Dartmouth. The dance was held on Ochterloney street between Commercial and Edward Sts. In attendance were the P. E. Island Highlanders band and orchestra. There were also numbers by dance pupils of Miss Faye Webber.—Halifax Chronicle.

Personals

Major A. R. Cooper, E. D., has been recalled to military service, and is now camp paymaster at Aldershot Camp, Nova Scotia.

Mr. and Mrs. J. T. Mitchell have returned from a motor trip to Stanhope, P.E.I., where they spent some time. —Ottawa Journal.

Miss Tousie Arsenault has left for Borden, P.E.I., where she will spend a month visiting her sister, Mrs. Eddy Richard, and will also visit friends in Summerside and Charlottetown.—Moncton Transcript.

Mrs. James Lewellyn, Hillside, has left for Sturgeon, P. E. Island, to visit relatives. She was accompanied over by her brother-in-law, Dean Lewellyn, who had spent a jolly vacation period in Trenton. — New Glasgow News.

Mr. Herb Weatherbie, who has been employed at Murray River, P. E. Island, for the past four months, has returned to his home in Trenton, N. S.

The many friends of Mrs Guthrie Pallingall will be glad to know that she was able to return home on Saturday where she will convalesce following her very serious illness in the P.E.I Hospital.

Use Minard's for sprains.

British Bomb Sight — Savior of an Empire?

BY MAJOR PAUL L. REED, NEA Service Special Correspondent

If the British, as they insist, are devastating German industrial areas the bomb sight above is largely responsible. Its job is to co-ordinate four variable factors: altitude of the bombing plane, true air speed, wind direction, wind velocity.

The picture shows an R. A. F. bombing school student peering through the aperture on the vertical arm of the sight. Altitude of the plane is registered on this vertical arm. The student's right hand is resting on the wind direction scale knob, his left hand over the bomb release trigger.

Image of the target appears at the base of the sight. The forward horizontal scale is for the "set forward" allowance of the "time of flight." On this scale allowance is made for the time that must elapse as the bomb falls to the target from the plane.

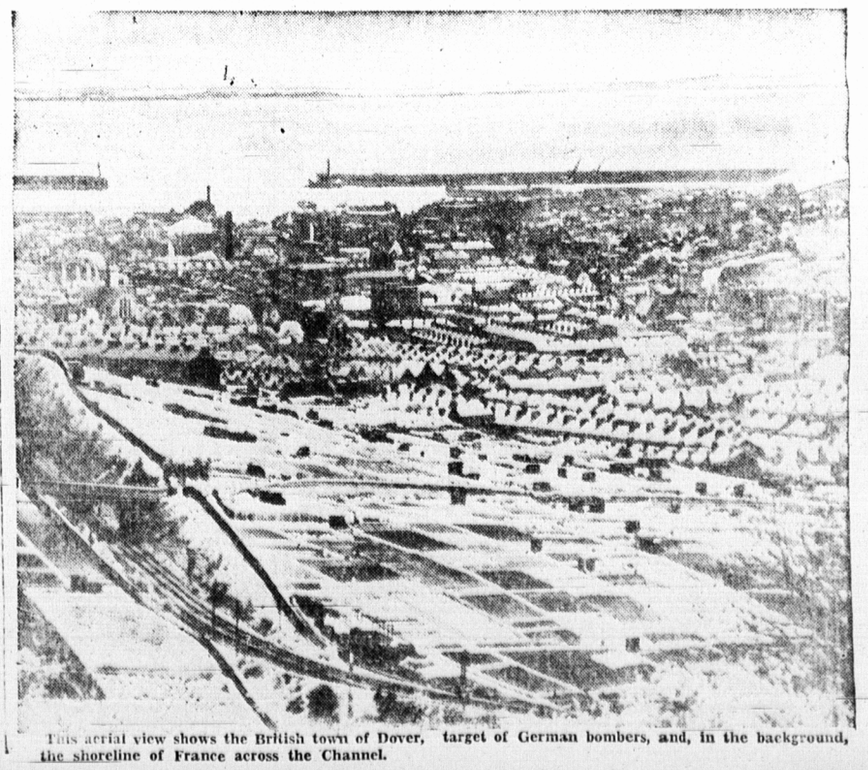
True air speed is set on the circular scale on the lower right of the base of the sight. Wind direction is set on the large horizontal circular scale and allowance for deflection or drift is set on the semicircular scale on which the frame of the aperture rides. Wind velocity is calculated and included in this adjustment.

A complicated gadget . . . and the fate of an empire may rest on its scales and tables.

EMBARRASSING MOMENT

LONDON — (CP)—A high Admiralty official walking to Whitehill recently was stopped by a woman who threw her arms around him and exclaimed: "Oh Captain I am glad about the French Navy—I'm an American."

The three German airmen in the centre, above, manned one of the planes in the giant Nazi aerial armada which recently blasted England. Forced down, they are pictured in London, being taken to prison camp by British soldiers. Youthful appearance of the trio recalls British report that many Nazi flyers are but boys in their 'teens. Photo passed by British censor.



This aerial view shows the British town of Dover, target of German bombers, and, in the background, the shoreline of France across the Channel.
