Catarrah of the Stomach

A Pleasant, Simple, but Safe and Effectual Cure for It.

COSTS NOTHING TO TRY.

Catarrah of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloated sensation after eating, accompaniment with sour or watery risings, formation of gases, causing pressure on the heart and lungs and difficult breathing, headaches, rickety appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obnoxious trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surface of the stomach. To secure a prompt and healthy digestion is the necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harrison, the safest and best treatment is to use after each meal a tablet, composed of Diantase, Aspetic Peptin, Little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. R. S. Workman, Chicago, Ill., writes: "Catarrah is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but to-day I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets." I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use.

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, Catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send your name and address to-day for a free trial package and see for yourself. Address F. A. Stuart Co., 58 Stuart Bldg., Marshall, Mich.

Admission twenty cents. An hours skating will be given at the close of the program. Be one of the large crowd who are going to attend.

A pleasant evening was spent at the home of Ernest and Mrs. Johnston, Fortune Bridge, January 22, the guests of the evening being Fred and Percy Johnston, Murray Harbor, North. Music, games, and refreshments were indulged in and the evening was a most enjoyable one. At a late hour the company dispersed, thanking the genial host and hostess and all wishing them a happy and prosperous journey through life.

The annual meeting of the Southern King's Board of Trade was held January 25, at Montague, President W. L. Pao in the chair. After routine, a communication was read from the Summerford Board of Trade, respecting the building of Marconi towers at Capes Traverse and Tormentine. The President in his annual report referred to the broken telegraph cable, but was glad to report that winter communication had been kept up very satisfactorily so far, with both the boats on the Georgetown-Pictou route. He said that the department should take cognizance of this fact, and have the boats placed on this route early in the season, so that shippers and importers would not be subject to the usual annoying delays. The Secretary reported a balance of \$30.75 on hand. The long freight haul, and other matters were discussed by Temple McDonald, Georgetown, G. A. Thompson, T. W. McDonald and G. S. Inman was appointed to draft a resolution. Another committee was appointed to draw up a resolution, asking the Minister of Marine and Fisheries to establish a lobster factory at the mouth of the St. Lawrence. The following officers were elected; President - W. W. Jenkins; Vice President - N. McLaren; Secretary - G. S. Inman.

The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada.

With a daily circulation of its morning and rural edition now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community.

Charlottetown has a population of 12,000 and Prince Edward Island has 108,000. The Guardian's daily circulation is therefore as 1 to 14 of population in the city to which it is published, or 1 to 13 of the population of the Province. This is the management believes, unequalled by any daily newspaper published in Canada.

Take one or two comparisons with other leading newspapers in other cities and provinces.

St. John has a population of 40,000 and the Province of New Brunswick 320,000. St. John has five newspapers and among these The Telegraph and The Sun are perhaps the foremost. Each claims a circulation of about 8,000, or say as 1 to 5 of the population of that city and 1 to 40 of the population of the Province.

Or again: Toronto has a population of some 250,000 and the Province of Ontario about 2,250,000. The Toronto Globe is a great Canadian newspaper, known all over the world as one of the foremost journals. The Globe's published daily circulation is slightly under 30,000. That is as 1 to 5 of the population of Toronto and 1 to 4 of the population of Ontario.

The points is that, that The Guardian covers the field of its circulation three and a half times as well, it compares with population of the city, and over three times as well, taking the population of the Province, as the best New Brunswick and Ontario newspapers, and these are admitted among the best in Canada.

These facts are printed in no spirit of boasting, but for the satisfaction of Guardian readers and advertising patrons alike. They have a right to know how completely their favorite journal is endorsed by the reading public among whom it circulates and how completely it covers the field as an advertising medium in this City and Province.

ALMOST DEAD OF BRONCHITIS.

Few people have suffered more than John P. Taylor of Dysart, P. E. Ont. Today he is well and writes, "I must tell you how much Catarrhizone has been to me. I was so bad with bronchitis, sometimes I thought it would soon be over with me. A spell of choking would come on that left me prostrated and weak. Since using Catarrhizone I have had no trouble at all. It strengthened my throat, stopped the cough, gave me free breathing and entirely cured. Just the usual experience. Catarrhizone invariably cures whether Bronchitis, Asthma or Catarrh. Two sizes, 25c and \$1.00 at all dealers.

Through an error Messrs. Moore & McLeod were made to announce in a recent ad. that they proposed holding a remnant sale "every Friday." Much as they would like to duplicate the enormous business done yesterday they report that a weekly remnant sale is out of the question - as there are limits to the number of remnants accumulated even in a store as busy as theirs. Messrs. Moore & McLeod ask us to make this explanation on account of the large number of Guardian readers who were unintentionally misled by the statement referred to. 1-20dtf
