Are You Sure Your Children's Eyes Are Right?

A responsibility rests upon every parent to give his child every possible advantage in life; to give the child the best of weapons with which to meet the struggle of the years ahead. Surely good eyesight is "the priceless gift" that your child should have. Remember that poor eyesight means poor concentration and will retard the youngster's progress. Many a child considered dull or lazy in school or music studies has simply been suffering from defective vision. And often correct glasses have changed entirely the record of performance. Perhaps your youngster's report-card is reflecting the presence of eye-strain. Perhaps you are not doing your own child full justice. Have an examination made and know. Consult

ADDRESS AND PRESENTATION

The following address, read by Mr. Bernard Doyle and presented by Mr. Joseph Morrissey was given on Nov. 22nd. to Mr. and Mrs. Joseph Melsaac prior to their leaving for their new home in Ujig East.

To Mr. and Mrs. Joseph Melsaac.

Dear friends.—As we, your neighbors and friends meet here with you once more it is with feelings of sorrow and regret that we realize that this is the last opportunity we shall have of spending an evening with you again before you take your departure from Earncliffe to make your home in another part of the Province.

And so, we who have enjoyed the pleasure and benefit of your friendship and many kind neighborly acts for so long, desire on this occasion to express to you our great regret that you are going to leave us, and how greatly you will be missed by the people of this community who regard and esteem you so very highly.

And it must be a source of gratification and pride to you, Mr. Melsaac, in going away from the place where you were born and brought up, to realize that you do not leave a single enemy behind. On the

HOLMES & EDWARDS

A Charming Gift Symbolic of True and Lasting Friendship

Not alone for its gleaming lustre and peerless grace, but too, for the lasting beauty and everyday usefulness for which it is so highly prized, is Holmes & Edwards silverware a gift so acceptable, so expressive and enduring.

In fascinating flatware, whether it be the refreshingly new Hostess pattern or the quietly dignified Jamestown; in handsome table appointments—a plain cake dish or the more sumptuous casserole or flower basket—the mark of Holmes & Edwards proves that it is sterling silver's only competitor. It is protected against wear. In Silver Inlaid, blocks of solid silver are fused into the back of the pieces most often used—just where friction causes wear.

In Super Plate these points are protected by an extra deposit of sterling silver.

Your jeweller will show you a charming array of suitable gifts in either of the handsome designs above. Berry Spoon, \$3.50; Cold Meat Fork, \$2.25; Gravy Ladle, \$2.75; Sugar Tongs, \$2.40.
