Grain Market

CHICAGO

CHICAGO, May 26.—After breaking to almost three cents under Monday's high point the wheat market today rallied rather sharply in the late dealings.

Price setbacks were ascribed largely to beneficial crop results expected for spring wheat, returns showing nearly two inches rain at places in the Dakotas. Later, though, a blizzard northwest was reported, and there were estimates that spring wheat acreage in the four principal states would show a decrease of 15 per cent compared with last year.

Wheat closed unsettled ⅝-⅞ under yesterday's finish, corn ¼-⅝ off, oats ⅛-½ down, and provisions unchanged to seven cents lower.

WINNIPEG

WINNIPEG, May 26.—Reflecting the weakness displayed by stocks, wheat prices edged lower in featureless trade here today. In one of the dullest sessions in weeks wheat closed ¼-⅝ lower for the day.

May declined ½ at 63⅝; July and October each dropped ⅝ to 64 and 66¼, respectively.

Trade worked for export was a minus quantity.

Opening fractionally lower the local market took its cue from Chicago and in featureless trade receded to close at the low points. Weakness at Chicago was attributed to a weakness in the securities market. The anticipated improvement in the winter wheat crop was being discounted as a market factor.

Broomhall reports that the smallness of the crop in India and scarcity of wheat stocks in France and other parts of Europe augurs well for future exports from North America.

Cash wheat and coarse grains generally were unchanged in uninteresting trade.

Montreal Market Sidelights

MONTREAL, May 26. (By the Canadian Press)—The force of liquidation was increased n today's market on the local stock exchange, making the session the most active herein this year to date, and values generally found lower levels. The late rally in Wall Street, which followed an earlier period of general weakness, failed as an appreciable influence here with prices in the main ending near their lows of the day. The average price of twenty stocks dropped a third of a point to a new low for the index, while eleven issues established new low price levels. C. P. R. was one of the few issues to reflect the robust upturn that developed in the last hour in New York, that issue finishing here a 10 for a net gain of 1⅛ after having sold down to the new low of 8¾ early in the trading. Other issues to make new minimum prices here were Bell Telephone, Brazilian, B. C. Power, Bruck Silk, Alcohol, Hamilton Bridge, International Nickel, Montreal Power, National Shawinigan. The about turn in the Wall Street market trend reflected the indication that Congress was making important steps in the direction of a balance budget.

MONTREAL, May 26. (By the Canadian Press)—Steady, persistent selling on the Montreal Stock Exchange this morning brought about a further decline in security values, with most of the leading issues touching new low levels for quite a few years. A moderate rally in the afternoon, in line with but not so robust as the rally in Wall Street improved the position of a few issues.

The turnover was the greatest this year, amounting to 18,239 shares. Of this amount National Breweries absorbed 3,490 sales, Montreal Power 2,789 and Canadian Pacifc, 2,684.

Canadian Pacific was a weak spot in the morning, touching a new low at 8¾ but was the first to respond to the afternoon rise and ended the day at 10, up 1⅜ net. International Nickel, Bell Telephone, Brazilian Traction, Shawinigan, McColl Frontenac, National Breweries and Montreal Power all went to new low ground, and in most instances closed barely above the bottom.

Nickel's new low was established at 4½, eventually closing at 4⅞ for a loss of ⅛. Bell Telephone broke 4 points to 82, closing at that figure; Brazilian eased to 8⅝ but closed unchanged at 9; B. C. Power was off 1 at 16; Bruck Silk lost 2 at 2; Canadian Industrial Alcohol went to 60 cents, off 20 cents, an all time low; Hamilton Bridge, at 2, off ¼. McColl Power off 1 at 25; National Brewer- Frontenac off ½ at 8¾; Montreal ies off 1 at 10⅛; National Steel Car, off ½ at 8; Shawinigan off ¼ at 9½ and Steel of Canada, off ¼ at 13¼, were other issues to lose ground.

Gains were few. Lake of the Woods advanced ¼ to 4¾; Atlantc Sugar picked up a point at 23; Consolidated Smelters and Dominion Bridge were fractionaly higher.

Bond sales were $21,300.

Sterling closed at $4.1899 and United States money at a premium of 13⅝ per cent.

Reynolds Won Long Grind

LONDON, Ont., May 26 (By the Canadian Press)—The veteran marathon runner, Billy Reynolds, of Galt, Ont., showed his capable heels to a classy pack to win the annual distance run at the London Empire Day track meet, but it was only by a driving finish that Reynolds triumphed over his fellow townsman, Tommy Dick, in the gruelling chase of 26 miles and 385 yards.

The winner covered the distance in two hours, 58 minutes, 22 seconds. Dick was only 33 2-5 seconds behind him, while Cliff Bricker, another Galt entry, finished one minute, 19 3-5 seconds behind Reynolds to take third place. Next in the long run, contested under a brilliant sun that was tempered by a moderate breeze, came Jack O'Reilly, Toronto, in 3.3:57 3-10. Norm Dack, Hamilton, was fifth in 3.8.24 3-5 and Bill Orr, Montreal, sixth in three hours, 24 minutes.
