## INVESTORS

It is a well known fact that many investors, when considering the purchase of securities, have not the time or the opportunity of personally making thorough investigations. In many cases no very clear idea is had of the nature of the security sought. It is therefore always desirable, and in many cases essential, that such investors avail themselves of the services of experienced Investment Brokers. If such investors will fill in and return to us the form below we shall be glad to give them the information required.
