—SPRING IS HERE. Take Rexall Blood Purifier. Taylor Drug Co., Washington. 4-4-tf.

—FOR QUICK SALE — A big, black, Island bred young horse, sound and quiet and well broken. Write, phone or call at Brace's hardware. L-5897-4-16-2i.

—BRACE'S store and warehouses will be closed Good Friday, April 17th and open Easter Monday. L-5897-4-16-2i.

—HOLMAN'S MASTER TAILOR SHOP—Our Master Tailor Policy—a semi-annual "check-up" or "fix-up" to give a "Perfect Fit" is bringing us hundreds of friends who prefer good-looking perfect-fitting clothes. L-5901

—PRICES MAINTAINED—The various fur houses in Summerside report that their private sales of silver fox skins in London and on the Continent have been good and there is every indication that the fur market is more than holding its own and will continue to do so. S.

—FINED FOR ILLEGAL TROUT FISHING — Three parties were brought before Mr. T. E. Campbell, J.P., at Summerside, charged with fishing trout prior to the opening of the season. All three pleaded guilty and in each case the fine was $20.00 and costs. The cases were prosecuted by Mr. Neil MacLeod, Inspector of Fisheries. S.

—LEFT FOR WESTERN CANADA—Mr. Jack Sheen, a student of Pine Hill University, left on Monday morning to take over his duties as a student minister at Knee Hill Valley, Alberta. He will visit in Calgary and Winnipeg on his way. S.

—RECORD LITTER OF PIGS—Mr. Daniel MacLeod of Victoria West is in the possession of a brood sow which has a remarkable record for the number of litters which she has raised to maturity. This sow is only two and a half years old and in five litters has raised 85 young. In her first litter she had nineteen and raised them all. Her next two litters made thirty-six, eighteen in each; and her fourth, fifteen. In her last litter she gave birth to 17 but two died. This is a grand total of 85. Mr. MacLeod says this is quite a record, although his brood sow is not a registered animal her broods are very healthy. S.

—GOOD LITTERS OF FOXES—Many reports are coming in of good litters of foxes. Mr. Peter White reports a litter of eight all living. A resident of Linkletter Road reports that in 50 litters that he has examined, he has 200 pups, which is a very good average. Mr. P. D. MacNeill, a former Summerside foxman, and who is now in charge of the Belmont Fur Farms, Edmonton, Alberta, in a letter to the C. N. S. F. B. Association headquarters at Summerside, says one of his foxes had a litter of eleven out of which he saved nine. Nearly all the ranchers report good litters. S.

PERSONALS

—Miss Jean Townsend is visiting friends in Toronto. S.

—Mr. Wilfred Maynard of Northam is undergoing treatment in the Prince County Hospital. S.

—Friends are pleased to see Mr. Joseph MacDougall out and about again after his recent serious illness. S.

—Mr. Clarence Harris of Summerside is making a good recovery from his recent operation in the Prince County Hospital. S.

—Senator Creelman MacArthur has returned to his home in Summerside from Ottawa where he has been attending the Parliamentary session. S.

—Mr. Lucius Crue is making a good recovery from his recent illness and has returned to his home from the Prince County Hospital. S.

—Miss Helen Champion, daughter of Dr. Champion and Mrs. Champion of O'Leary, was operated on in the Prince County Hospital on Monday and is reported to be resting comfortably. S.

—Mr. Alvin Blackmoore of Bearletown, who has been undergoing treatment in the Prince County Hospital, is recuperating in Summerside, the guest of Mr. and Mrs. Hampton MacLean. S.

Summerside Council To Reduce Service Charge For Electric Light

Several important matters came up at last night's adjourned meeting of the Summerside Town Council. It was announced that the service charge for electric light will be reduced from 80 cents to 50 cents per month commencing on June 1st with a minimum of $1.00. Hotels with an assessment rate of $10,000 to have their service charge reduced 25 per cent. Councillor MacKay stated that 60 letters had been sent to light users in arrears on payment for light and that five had paid in full and 35 had made arrangements to pay in the near future. A motion was passed to purchase four liners and four pistons for No. 2 and No. 3 engines so that they will be again placed in perfect running order. A motion was passed that Chief Engineer Jackson be relieved of that position and be employed as an ordinary engineer at $1,250.00 per year and to be given one month to consider the matter.

In presenting this motion, Councillor MacNeill, Chairman of the Electric Light Committee, stated that a thorough investigation had been made as regards the accident to No. 1 engine on March 8th which had put the town in darkness and that the Council had come to the conclusion that it was due to carelessness. It was found necessary to suspend Mr. Jackson as he was not in favour of having the old engines fitted up. The morning after the accident Mr. Jackson had repaired No. 1 engine. Upon the advice of Mr. Burns, of Charlottetown, engine No. 3 has been put in shape and it is the intention of the Council to have No. 2 engine also put into perfect running order. Councillor MacNeill went on to say that a saving of $50,000 had been effected by having the old engines repaired. The cost of repairing the engines would be about $35.00. Councillor Nicholson, Chairman of the Finance Committee, stated that he had been successful in obtaining a much lower rate of interest from the Bank of Nova Scotia for town loans, the rates and conditions of labour as were demanded by the Brotherhood of Labour were gone into and Councillor MacKay stated that after duly considering the matter the Council had felt that they could not grant all the requests as there were several men who did not belong to the Brotherhood and who had to receive consideration as regards employment.

It was impossible for the Council to consider the proposal of a twenty dollar head tax for outside labourers, or that the Brotherhood should have the option of employment from the town. The rates of labor were considered, however, and the following rates decided upon: 25 cents per hour for unemployment projects; 30 cents per hour for town work; 40 cents per hour for horse and man for unemployment projects and 45 cents for ordinary work; 65 cents a load for hauling sand and $1.25 for stone; rates to take effect June 1st. After some minor motions were passed Council adjourned.

SOUTH AMERICAN

(Continued from Page 1)

re-armament of Austria, Hungary and Bulgaria, they said they had "taken due note of fresh information given tonight by Pierre Laval (French Foreign Minister).

France and the Soviet Union today took an active part in the discussions of the Little Entente on these problems. Nearly all the discussion bore either directly or indirectly on the French protest against Germany's re-armament.

BILATERAL NAVAL CONVERSATIONS

LONDON, April 15.—(A.P.)—With negotiations under way for bilateral naval conversations between Britain, Russia and Germany and with the little Entente considering the question of increased armies for Austria, Hungary and Bulgaria, events seemed shaping tonight toward active peace moves in the wake of the Stresa Conference and the League Council session at Geneva.

As Prime Minister Ramsay MacDonald arrived from the Stresa conference, preparing to outline his accomplishments at Stresa to the Cabinet, naval quarters heard invitations had been sent to Berlin and Moscow to participate in technical naval discussions here in the near future.

It was said invitations were issued before the meeting at Stresa and that the proposal was discussed with the French and Italians during the conference, meeting with their approval.

Bond Issue Oversubscribed

(C. P. By Guardian's Special Wire)

MONTREAL, Apr. 15—Bond dealers tonight reported the $13,400,000 two percent bonds of Canadian National Railways maturing in 1938 were oversubscribed several times.

The issue, with $35,000,000 in nine-year three percent bonds, was announced today and will be offered to the public tomorrow. The bonds are guaranteed by the Dominion Government and proceeds will be used for repayment of matured or maturing obligations, including the repayment of $35,000,000 C. N. R. 4 1-2 percent bonds due Dec. 1, 1968, which have been called for redemption on June 1, 1935, at 103 and accrued interest.

Commons Votes To Adjourn Wed.

OTTAWA, April 15.—The House of Commons voted today 75 to 35 to adjourn Wednesday after Liberal Leader Mackenzie King renewed his protest against a long Easter adjournment and a late general election.

Mr. King spoke when a motion came up to adjourn the House until May 20. Sir George Perley, acting Prime Minister, said Mr. King's remarks were out of order as the question had been debated before and he would make no reply. The adjournment motion carried by 75 votes to 35.

Blackmailers Apprehended

(A. P. By Guardian's Special Wire)

NEW YORK, April 15.—Detectives today arrested two alleged blackmailers as they strode away from the home of George U. Harris, stock broker, with a book supposedly containing $5,000, the price demanded of Mrs. Harris for withholding a faked photograph from her husband.

Police said that a letter similar in typewriting and handlettering and also containing a composite photograph had been sent to Mrs. James H. R. Cromwell, the former Doris Duke, tobacco heiress, last fall. The demand in her case was $25,000 but was not paid, police said. The blackmailers in that case were not apprehended.

Fullerton Independent Of Govt.

(C. P. By Guardian's Special Wire)

OTTAWA, April 15.—Flat denial that Hon. C. P. Fullerton, chairman of the Board of Trustees of the Canadian National Railways, had ever been muzzled by the government was made today in the House of Commons by Minister of Railways R. J. Manion as he attacked published statements.

"Mr. Fullerton has never at any time been given any instructions either by myself or the government, to my knowledge," said Dr. Manion, "to refrain from making any statement he chooses to make."

Dr. Manion spoke in answer to a question from W. W. Kennedy (Cons. Winnipeg South Centre) who asked if certain newspaper articles were founded on "fantasy or fact." Dr. Manion said he welcomed the opportunity to answer the question as he did "not like being painted as a traitor to my country as I have been in articles of this sort."

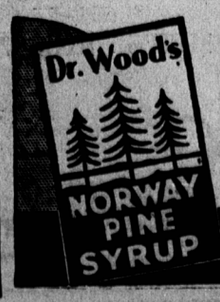
Govt. Grant Sought For OlympicGames

(C. P. By Guardian's Special Wire)

OTTAWA, April 15—Executive officers of the Canadian Olympic committee waited today on Finance Minister E. N. Rhodes to ask for a Dominion grant toward expenses of the 1936 games in Germany where Canada and 55 other nations will be represented.

For the last games the Federal Treasury donated $10,000 towards the expenses of the Canadian team, Mr. Rhodes promised to take the request under consideration.

The delegation was composed of P. J. Mulqueen, Toronto, chairman; William Fry, Dunnville, Ont., secretary, and Stanley Marples, Winnipeg, treasurer. They were accompanied by four members of Parliament, Errick Willis (Cons. Souris), Hon. J. L. Bowman, Speaker of the House, Hon. W. D. Euler (Lib. North Waterloo), and Mark Senn (Cons. Haldimand).



GOOD FOR CHILDREN
Breaks up their Colds

The healing, penetrating qualities of Dr. Wood's Norway Pine Syrup relieve the cough spasms, soothe the throat and bronchial tubes and aid recovery by loosening germ-laden phlegm. Children take it willingly. No unpleasant after-effects. Used in thousands of homes. Sold everywhere.

STRIKES at the ROOT of COLDS and COUGHS

RAIL PROGRAM BOOST TO EMPLOYMENT

Bill Introduced In House of Commons For Building And Construction Purposes.

(C. P. by Guardian's Special Wire)

OTTAWA, April 15—A double barrel bill to promote employment by a building program and construction of railway rolling stock was introduced in the House of Commons today by Hon. H. A. Stewart, Minister of Public Works. It involves $33,000,000.

The Government will guarantee a loan to the railways, $8,000,000 to the C. N. R. and $7,000,000 to the C. P. R. to purchase and repair obsolete, run-down locomotives and equipment, and pay the interest for two years.

The construction program will involve $18,000,000, including $1,000,000 to be added to the grade separation fund to be used to eliminate dangerous railway crossings.

The railways were not being forced into fresh expenditures but it had been represented they needed locomotives and cars.

Col. Thomas Cantley, (Cons. Vietou) told the House tonight the Canadian National Railways had 20,000 obsolete cars which must be replaced if the system was to be operated successfully.

Neither the C. N. R. nor the C. P. R. shops could produce locomotives or rolling stock as economically as private shops, Col. Cantley said. He believed the government was not supplying enough credit to the railways to purchase equipment—the $15,000,000 should be doubled at least.

The Transcoma Shops near Winnipeg had capacity for 7,000 men, Dr. J. V. Howden (Lib. St. Boniface) said, but only 1,700 men were at work at short hours. There was no form of railway rolling stock that could not be built there, and he appealed to the government to see as much of the money as possible be spent in C. N. R. shops.

Hon. J. C. Elliott (Lib. West Middlesex) said he had information that every contractor invited to tender on the large items last year was a "militant supporter" of the government.

Minister of Public Works H. A. Stewart claimed there was no loss to the treasury through last year's bill and every contract was let to a competent man.

Hon. J. L. Ralston (Lib. Shelbourne-Yarmouth) claimed there was no competition when two or three local Conservatives were invited to tender. He referred to two men in Pictou, N. S., whose tenders were such that one got one job and the other the other.

Felix Quinn (Cons. Halifax) said he had been told of a Liberal who received a contract at Sambro, N. S., and who employed only men of his own political persuasion.

Dr. Manion told Hon. W. R. Motherwell (Lib. Melville) the construction of cars and locomotives will go to private firms.

Bewails Manners of Some Smokers

(By The Canadian Press)

TORONTO, April 15—Somebody should open a school to teach women and girls smoking manners, writes a man-about-town to The Canadian Press.

"Mind you, I am not objecting to women smoking," he declares. "That's their own business and they have and apparently enjoy equal rights with men in this field.

"At the same time I suggest the enjoyment of smoking by the fair sex should be accompanied by the courtesies expected of men. For instance, why should a woman blow smoke into one's face at meals? Frequently she takes a chair in a restaurant or perches on a stool at a lunch counter, powders her nose, digs out a cigarette and puffs away without the slightest regard for the tastes of her neighbors indulging at the moment in a salad or a bowl of soup."

The writer asks if anyone ever heard of women inquiring before lighting up whether other people present had any objection to their smoking.

"If equal rights mean anything," he goes on, "they should mean equality in manners, too. In the old days when a young male upstart dared to smoke in the presence of the opposite sex without asking their leave he was soundly cuffed by an indignant oldster for his rudeness. If this rule worked both way the restaurants and other public places would resound with the smacking of fair cheeks these modern days."

Unanimous

(C. P. By Guardian's Special Wire)

TORONTO, April 15—Hon. L. P. D. Tilley, Premier of New Brunswick, speaking before some 200 members of the Canadian Club today mentioned unfamiliarity of Torontonians with Maritime affairs. "Now just to show you," he said, "I want all those who have visited the Maritimes to raise their hands."

Two hundred members—approximately—raised their hands.

Convicts Stage Passive Revolt In Ohio

(A. P. By Guardian's Special Wire)

COLUMBUS, O., April 15—A fourth of Ohio Penitentiary's 4,240 convicts walked away from their machines in four prison workshops today in "passive" revolt against policies of the state parole board. There was no violence.

Warden James C. Woodard, three months in office, tapped the institution's "grapevine" communication system tonight in a search for ringleaders of a "strike" for more paroles.

A thousand working inmates laid down their tools and refused to work in the print shop, cotton mills, woollen mill, and automobile license plate shops. Unsuccessful in efforts to induce the convicts to return to their tasks, Woodard ordered them marched to their cells. "They went quietly and peacefully with no disturbance of any kind," he said.

E. W. Beatty Criticized

(C.P. By Guardian's Special Wire)

OTTAWA, April 15—E. W. Beatty, President of the Canadian Pacific Railway, was described in the House of Commons today as Canada's public enemy number one for his attacks on the Canadian National system. P. G. Sanderson (Lib. South Perth) applied the expression, calling on the government to stop the propaganda or combat it.

The Western Ontario Liberal claimed Mr. Beatty was attempting to poison the minds of the people against their own railway and to depreciate it so his company eventually could gobble it up and operate the two systems in Canada.

Freighters Near Gulf Inward Bound

(A. P. By Guardian's Special Wire)

QUEBEC, Apr. 15—Three freighters inbound for the St. Lawrence River were reported nearing the Gulf today.

The steamer Keramini was reported by wireless 135 miles southeast of Cape Race, the Bullmouth 170 miles southeast of North Sydney, while abeam of Cape Race was the Kenbane Head. The three vessels are expected to reach the port of Quebec within the next three or four days.

Sturdy Food Value Of Seaweeds

(A.P. By Guardian's Special Wire)

MINNEAPOLIS, April 15—Down to the sea for seaweed will be man's next step in his quest for food, Prof. Josephine E. Tilden, University of Minnesota botanist and leader of a scientific expedition to Japan, Australia and New Zealand, to collect marine algae, said today.

Seven months of toil along the coast of the three nations was only the prelude to the job the gray-haired scientist and ten graduate students from the University have undertaken. Surrounded by 52 packing cases of dried and bottled algae—marine plants—collected with painstaking care from the rocky beaches and tide pools of the ocean, the group set to work last week on a six months' task—studying under the microscope and classifying from 4,200 to 2,500 species of sea weed.

"Marine algae," said Prof. Tilden, "are sources of all four of the important vitamins, A. B. C. and D, as well as iodine, lack of which causes Goiter."

She explained it was from marine algae that the cod and other fish obtain the properties that make their oil valuable to man, seaweed being the first link in a chain that ends with man.

LAKE VERDE SCHOOL

Honor roll for March:

Grade X—1, Pius Redmond, Laura Hughes and Charlie Boylan, (equal); 2, Alan Callahan; 3, Helen Acorn.

Grade IX—1, Martena McAdam.

Grade VIII—1, Marion Boylan; 2, Esther Redmond; 3, Basil Redmond.

Grade VII—1, Doris Russell; 2, Lavenia Shea.

Grade VI—1, Gavan Boylan; 2, Mary Callahan.

Grade IV (a)—1, John Acorn; 2, Ernie Shea.

Grade IV (b)—1, Everett Redmond; 2, Dawson Cole; 3, Tena Callahan.

Grade III—1, Harold Redmond; 2, Vera Boylan; 3, Mary Duffy.

Grade II—1, Helen Shea.

Grade I—1, Kenny Callahan; 2, Arthur Hughes; 3, Joe Duffy.

Anne L. Gill—Teacher.

Clean Kidneys Purify Blood

Thousands of sufferers from Kidney troubles are winning freedom from Getting Up Nights, Leg Pains, Nervousness, Stiffness, Rheumatism, Burning, Smarting, Itching, Acidity, and Loss of Energy with a Doctor's prescription called Cystex (Siss-tex). It starts work in 15 minutes. Flushes out Acids and poisonous wastes. Soothes, heals, cleans and tones raw, sore kidneys. Test it. See the big improvement in 2 days. Must end your troubles in 8 days or money back. Cystex is only 3c a dose at druggists.

Civil Service Promotions Unsatisfactory

(C. P. By Guardian's Special Wire)

OTTAWA, April 15—Promotion conditions within the civil service are unsatisfactory, the annual report of the Civil Service Commission, tabled today in the House of Commons, says. Last year there were 94 promotions only, while 235 civil servants were boosted to acting rank only.

"This is eminently unsatisfactory," says the report. "In the opinion of the commission the small economies which are rendered possible by the procedure in vogue in no way compensates for the dissatisfaction and unrest which the policy has caused throughout the service.

"The commission believes that when an employee is required to assume the duties of a position more difficult and responsible than that which he has been occupying, the necessity for the position having been investigated and established, it is sound employment practice that he should receive the compensation attached to it, and urges that such a policy be again adopted."

May Be Dearth of Candidates For High Posts

(By The Canadian Press)

OTTAWA, April 15—Although the legislatures of at least 3 provinces have been agitated in regard to financial provision for their respective lieutenant-governors it is believed the matter will not be a subject of Dominion cabinet or parliamentary action until the British North America Act has been amended.

It is stated here until there is agreement between the provinces and the Dominion on the question of altering the constitution the Ottawa government has no alternative but to appoint lieutenant-governors as vacancies occur. When a province cuts off the up-keep of "government house", however, it may be impossible to find anyone to take the position. In that event the chief justice of the province would carry on as administrator.

Ontario's opening skirmish in the campaign against government house was in March, 1932, when H. C. Nixon, leader of the Progressive group, now provincial secretary in the Hepburn Liberal government, offered a resolution in the legislature requesting the Dominion government, for reasons of economy, not to appoint a lieutenant-governor for a year. The post was then vacant following the resignation of Hon. W. D. Ross. Mr. Nixon's resolution was decisively defeated by the legislature, then of the Conservative regime of Hon. George S. Henry. Col. H. A. Bruce was appointed lieutenant-governor in October of that year.

Abolition of government house was frequently advocated by Liberal candidates on the hustings during the Ontario election campaign of 1934. With the party placed in power in Queen's Park Premier M. F. Hepburn told the legislature March 15 last the government would contribute nothing to the support of Chorley Park, seat of the lieutenant-governor, after Oct. 31, 1935.

The Manitoba legislature on March 21 last voted down a motion by R. F. Lawrence, Labor member for St. Boniface, to abolish the position of lieutenant-governor. "If the position has to be maintained, let the Dominion government pay all the costs or let the occupant pay his own expenses," said Mr. Lawrence in support of his motion, pointing out it was not advanced by the Labor party as such.

Just a year ago the Alberta legislature by a vote of 29 to 20 requested the Dominion government to make no further appointment of lieutenant-governor for that province after the expiration, in May, 1936, of the term of Hon. W. L. Walsh. Premier R. G. Reid was asked later what had happened to the resolution. He said it had been forwarded to Ottawa. "We got an acknowledgment," he added, when asked as to the Dominion government's reply.

In every province where the legislature discussed the matter it was emphasized the move was no reflection on the present incumbent of government house. Any action taken or suggested was declared to be merely in the interests of economy.

Meanwhile a committee of the House of Commons is inquiring into the advisability of amending the B. N. A. Act. It was the intention to discuss the lieutenant-governor question with the provinces last fall at a conference called by Prime Minister R. B. Bennett. It proved impossible to get the provincial premiers together and the subject was abandoned for the time being.

Compromise Bonus Bill Is Drafted

(A. P. By Guardian's Special Wire)

WASHINGTON, April 15—A compromise soldiers' bonus bill—labelled by its author as acceptable to President Roosevelt—was drafted tonight in an effort to head off the powerful drive for the inflationary Patman bill passed by the House of Representatives.

Chairman Pat Harrison of the Senate finance committee announced he probably would introduce the bill tomorrow. While the measure was being prepared, he sought to work out an agreement on it with leaders of the bonus drive.

Harrison's announcement followed his conference on the question with President Roosevelt only yesterday in which many of the proposals for dealing with the question were canvassed.

While Harrison would not disclose the nature of his bill, it was reported to be a combination of a number of other measures which have been offered as substitutes for the Patman bill, based primarily on the idea of advancing the maturity date of the adjusted service certificates to 1938.

CAVENDISH SCHOOL

Honor Roll for March:—

Grade X—1 (Jr)—1 Pauline Webb.

Grade X—(Jr)—1 Mabel Simpson.

Grade VIII—1 Ida Blacquiere.

Grade VII—1 Mary MacNeill, 2 Margarete Graham, 3 Howard Gallant.

Grade V—1 Helen Green, 2 Una Green, 3 Jimmy Clark.

Grade V—1 Francis McKie, 2 Pearl McKie, 3 Daniel MacDonald.

Grade III—1 Arnold Mills.

Grade I—1 Johnnie McKie. 2 Freddy Keefe.

Clara Burke, Teacher.

SHOREAWARDED HART TROPHY

(C. P. By Guardian's Special Wire)

MONTREAL, April 15—Eddie Shore, main dynamo in the Boston Bruins' powerhouse, tonight was announced as winner of the Dr. David A. Hart trophy as the most useful player to his team in the National Hockey League season which has just closed.

For the seventh time in his career and for the third time in a row Frank Boucher, star centre player of New York Rangers, has been awarded the Lady Byng trophy given the player who best embodies the highest type of sportsmanship combined with superior playing ability.

Both awards were made by a vote of sports writers in each city of the National Hockey League circuit. A wide margin separated Boucher from his nearest competitors, Russel Blinco, of Montreal Maroons and Joe Primeau, Toronto Maple Leafs. All three of the leaders are centremen.

Shore was voted the Hart trophy for the second time in his career. He had previously won it in 1932-33. This season he was given considerable opposition in the voting by Charlie Conacher, Toronto's big right winger, the league's leading scorer, who was a close second, and Art Coulter, Chicago defenceman.

Bank Action Against Trust Co. Dismissed

(C. P. By Guardian's Special Wire)

HAMILTON, Bermuda, April 15—Action brought against the Montreal Trust Company by the Bank of Nova Scotia in connection with the foreclosure on an equitable mortgage given the bank by the late Senator Nathaniel Curry of Amherst, N. S., as an additional security against a $90,000 overdraft in 1931, was dismissed in Supreme Court of Bermuda today.

Senator Curry deposited the title deeds to some Bermuda property with the bank, but he died before a legal mortgage was arranged.

The Montreal Trust Company, of which Senator Curry was a director, were appointed executives under the Canadian's will, and they contested the validity of the mortgage on the grounds the bank did not obtain the sanction of the governor-in-council to hold any mortgage until after the Senator's death.

The court upheld the submission of the Trust Company's counsel that the bank should have, according to the law of Bermuda, obtained sanction at the time of deposit of the deeds.

Veniot Defends I. C. R. Record

(C. P. By Guardian's Special Wire)

OTTAWA, April 15.—Hon. Peter Veniot, former postmaster general, protested in the House of Commons today against charges the old Intercolonial Railway, now the Atlantic Region of the Canadian National was a financial sinkhole.

After 40 years of operation, Mr. Veniot claimed, the combined deficit of the I. C. R. was $8,202,173 which he considered an excellent financial record. "We in the Maritime Provinces stand by the old Intercolonial. It was built as a bond of Confederation," he said.

"It is under the guarantee of the construction of that road that we in the Maritime Provinces came into Confederation and today, as a representative of one of the original provinces of Confederation, I deprecate the idea of provinces outside the Maritimes using the arguments they are using to decry the operations of the intercolonial."
