

IMPORTANT READING MATTER SELECTED FROM THIS WEEK'S NEWS FOR THE GUARDIAN'S SATURDAY SUBSCRIBERS

MONDAY

The many friends of Miss Flo. Henderson, daughter of Dr. and Mrs. Henderson, city, will be pleased to learn that she was successfully operated upon for appendicitis at the P. E. I. Hospital on Friday last and is now resting easy.

The funeral of the late Alvin McLellan of Moncton took place on Saturday morning from the residence of his uncle, Dr. A. A. McLellan, Summerside, to St. Paul's R.C. Church where Requiem High Mass was celebrated by his uncle, Rev. Father McLellan. The pall-bearers were: Joseph McDougall, Lorne McLellan, Neil Durant, James Tamlyn, E. Mer McLellan and Jerald Mulligan.

The many friends of Miss Bessie Elderkin are deeply regretting her immediate departure from Amherst. Miss Elderkin leaves the last of the month for the Pacific Coast, where in Vancouver she will be met by her brother, John Elderkin, and will be united in marriage to William Robertson Bell, formerly of Alberton, now of Everett, Washington, and a son of Robert Bell, Alberton. On Wednesday evening last, when Miss Elderkin arrived to spend the evening at the home of her friend, Mrs. Mabel Morris, Upper Victoria St., she was greeted by a bevy of her girl friends with merry tinkling "bells" and confetti. When Miss Elderkin had recovered her breath, a much jewelled and "belled" crown was placed upon her head, and she was escorted through the parlors, gay with flags and bellen, to her seat upon a throne, under a beautiful wedding bell, over which floated with stars sticks the Union Jack and the Cross and Stripes.

A large decorated barrel at the foot of the fair, young queen upon her throne, fairly bursting with woe and great mysterious looking parcels, contained the miscellaneous "shower gifts" of her friends. Miss Pearl Wigle, dressed to represent a fairy Princess read a poem entitled "Our Bess." As Miss Elderkin opened and admired each gift, Miss Wigle read the accompanying funny original verse of good wishes and much spicy advice for the bride to be. During the evening Miss Campbell sang "The Bungalow Built for Two" and Miss Wigle from the interior of the empty barrel gave a funny reading "Billy and Bess." The carriage of hearts and bells was carried out at supper which was daintily served at midnight. With the joining of hands "Auld Lang Syne" was sung and with the spirit of well-wishing still pervading the atmosphere, the young friends departed for their homes voting the "shower" a pleasing success.—Amherst News.

The brown mare Starlight, by Red Wilkes 2,061, now owned by Alfr Webster, Marie, on May 29th dropped a beautiful large foal by Kinaros. This foal is pronounced her largest and best colt; and she had colts from such good horses as Kaiol, Joe Patchen, Bow Fire and Brazilian. Mr. Webster is so well pleased with it that he has bred her to Kinaros again. The Guardian wishes Mr. Webster best of luck with his new born trotter.

Reports from Port Hastings, N. S., has it that on April 29th L. B. B. is now owned by George McLean of that place, has produced a natural born trotter, sired by Kinaros, the coming sire of P. E. I. for size and speed. Mr. McLean bought this mare from John D. Fire and Commercial, P. E. I., last year. She won a mile race on Tunnel track 2 years ago, best time 1:13. Mr. McLean has refused a large offer for his new comer.

On June 7th Thomas Baldwin's Parkside mare foaled a beautiful chestnut foal by Kinaros. Mr. Baldwin is highly pleased with his new born trotter and says it is the most broadly looking and best shaped foal that has ever been seen around those parts.

STARVED NERVES

The Cause of Neuralgia—It Must be Treated Through the Blood.

Neuralgia is a cry of the nerves for more and better blood. It literally means that the nerves are being starved. Like every other part of the body the nerves receive their nourishment through the blood. There is therefore no doubt that Dr. Williams' Pink Pills will cure the worst cases of neuralgia. They actually make new, rich blood, carrying to the starved nerves the elements they need, thus driving away the sharp, torturing pains which nearly drives the sufferer wild. So many cases of neuralgia have yielded to treatment through Dr. Williams' Pink Pills that every sufferer from this dreaded trouble should lose no time in giving the Pills a fair trial. Mrs. Sophia H. Johnson, Mozan, Sask., says: "For upwards of ten years I was a periodical sufferer from neuralgia. It located in the side of my face and in the jaw, which would actually click every time I opened or closed my mouth. At times the pain would be almost unendurable, and as time went on, my whole nervous system seemed to be affected. I was constantly doctoring, but the doctor did not seem to be able to give me permanent relief, and at last I decided to try Dr. Williams' Pink Pills. I got a half dozen boxes, and before they were half gone I felt much better, and by the time I had used them all every symptom of the trouble had gone, and I was enjoying a comfort I had not known for years. I have since remained in the best of health, and can only say I owe the joy of living without pain to Dr. Williams' Pink Pills."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Special to The Guardian. LONDON, June 11—With all the ancient and solemn ceremonial observed on such occasions the Prince of Wales was admitted to the Most Noble Order of the Garter Saturday and received the accolade from the King in the Throne at Windsor Castle. The investiture was a brilliant function.

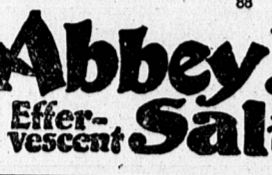

WHY NOT TRY IT?

When you need a laxative, why not try Abbey's Salt?

It is pleasant to take— does not flake on top of the water—and effervesces slowly, without choking or blinding the user like seidlitz powders.

Abbey's Salt is used all over the world and is regularly prescribed by the leading physicians.

Why don't you find out what it will do for you?

June 8th is the birth date of another standard bred trotter for Thomas Mellish, Union Road. It is from his standard bred mare Adeline and by Kinaros 38086. It is good size, well made at every point, what any horse man might well be proud of. Mr. Mellish is to be congratulated, as he is one of the few who are raising standard bred colts in King's County.

Chas. S. McDonald's well known mare "Dandy H." dropped a beautiful foal on May 24th sired by that much admired horse "Crown Prince" owned by Parmenas Hughes, Covehead. Much credit is due Mr. Hughes for his enterprising courage in keeping so fine a horse as "Crown Prince" when it is understood large sums have been offered for him. The foal is considered by some expert horse owners to be one of the finest seen in Covehead for some time.

(Special by Telephone.)

GEORGETOWN, June 10—The hearing of the Molyneux case was resumed this morning at 9.30.

Henry Campbell, recalled by the prosecution, testified as follows:

On going into the pantry on May 4th I found three crocks under the window. There were two flour barrels under a shelf. There was a sink in the pantry, 2 ft., 4 in. high, and the distance from the casing of the door to the sink was 4 1/2 in. The door, when opened sufficiently wide, would come in contact with the sink. There was a pump in the east end of the room. The pantry was 7 ft., 2 1/2 in. by 3 ft., 8 in. The distance from the bottom of the door to top of roller was about 6 ft., 7 1/2 in. The roller was about 1 in. in diameter. I estimate that when hanging, the woman's feet were two or three inches from the floor, more or less. The face of the body was against the door but couldn't say body touched the door.

To Mr. Mathieson—Archibald McPherson and I made the measurements in the pantry. There was a shelf over the sink. Noah Campbell, the next witness called, did not appear and it was stated that he had taken sick shortly after leaving home and was obliged to return.

Little Elsie Molyneux was placed in the stand but, owing to the fact that she could not be induced to talk, owing apparently to shyness, she was allowed to retire for the present.

Mr. Johnston stated that he had other witnesses to call whose examination could not conveniently be held today and asked that the prisoner be remanded for a short time.

Mr. Mathieson contended that any additional delay or expense should not be unnecessarily incurred.

His Honor remanded the prisoner until Wednesday, June 14th, the hearing to be resumed at 11.30 a.m.

NOTE.

In giving the evidence of John Bruce in Saturday's issue, it was stated that the witness said, when speaking of the prisoner, "he said he was a little afraid sometimes." This was incorrect, the proper words being: "he said she was a little strange sometimes." The error was made in telephone transmission, the two sentences sounding similarly when spoken over the wire.

CARVER—At Vernon River on May 25th., to Aldren M. and Mrs. Carver, a daughter.—(Congratulations) CARR—in this city on June 9th, 1917, to David and Mrs. Carr, a son.

O'BRIEN—At Deception, June 11, Mrs. Patrick O'Brien, (nee Anne Kilgins) aged 68 years. Funeral will leave her residence Tuesday morning at 8.30 for St. Patrick's Church, Ft. Augustus, where a solemn High Mass will be sung. Special to The Guardian.

TORONTO, June 11—J. B. Phillips, the mining Engineer who shot his young wife and himself on May 24th, appeared in the police court to answer the charge of attempted murder.

Magistrate Kingsford thought it would be as well for Phillips to withhold her story until the trial when she would be stronger.

He committed Phillips for trial. A company has been formed with a capital of five million to purchase a and the Berlin, Tomlin, and Weston bakeries in Toronto with the object of centralizing the management, modernizing the plant and providing three cities with better bread at the same price.

This is the outcome of the much talked of bread merger. The financier at the back of the project is Cawthor Muloch.

TUESDAY

Mrs. John Cumming of Westville, Pictou, announces the marriage of her daughter Margaret to Lemuel D. H. McCoubrey, of Sydney, formerly of New Glasgow, P. E. I.—Sydney Exc.

The many friends of Miss Nellie Acorn, formerly of St. Eleanor's, will be pleased to hear that she has completed her first year's training at St. Luke's Hospital in Quebec, Mass., and passed very successfully heading the list in a class of fifteen with an average of 94 per cent.—S.

The results of the sessional examinations in third year medicine at McGill University have been announced.

The winner of the Sutherland medal for the best examination in Chemistry is W. G. Morris, of Regina, formerly of Summerside. Nine of the 58 men who have successfully passed the examinations have secured aggregate honors. Mr. Morris being one of the successful men. He wins honors in Bacteriology, Pathology, Clinical Surgery, Clinical Chemistry, Physiological Chemistry, R. A. Gillis of Summerside wins honors in Bacteriology and Pathology. W. E. Williams of Mt. Pleasant wins honors in Bacteriology, Clinical Surgery, Clinical Chemistry, Physiology Chemistry. Messrs. Gillis, Williams, and Morris passed in all the subjects of the third year, viz.—Physiology, Pharmacology, Bacteriology, Pathology, Clinical Medicine, Clinical Surgery, Clinical Chemistry, and Physiological Chemistry. The above students are taking the course under the new five year curriculum. Mr. J. S. Jenkins of Charlottetown who is taking third year work under the old four year's regulations has passed in all the subjects of the year, Pharmacology and therapeutics, pathology, hygiene, medical jurisprudence, clinical medicine, clinical surgery, obstetrics and bacteriology. He has honors in clinical medicine and obstetrics.

The death of Mrs. John Bruce, nee Mary Ross of Ocean View, which occurred at 5 p.m. Sunday, June the 11th, has occasioned regret and sorrow in the neighborhood where the deceased has been a life resident. Owing to the fact that Mrs. Bruce has been ailing for some years and the fact that a short time ago she rallied to quite an extent, her death coming as it did was rather unexpected.

Although having a large family they were all so situated that only one daughter could be with her when she passed away. Mrs. Bruce had been a devout Christian and a member of St. John's Church, Belfast, P. E. I., and died as she lived believing in the Golden Rule "to do unto others as you would have them do unto you" and the life beyond the grave. Mrs. Bruce leaves to mourn her husband and the following: Mrs. N. B. McFayden, Quincy, Mass.; Mrs. Lew Wells, Grand Rapids, Mich.; Mrs. E. D. Harrington, Ocean View, P.E.I.; Mrs. Herbert Wadman, Boston, Mass.; Mrs. John R. McWilliams, Eldon, P.E.I.; Mrs. John Carrier, Earncliffe, P.E.I.; also, Daniel, John M., John A. and Angus M., in Seattle, Wash., and a very large number of friends. The funeral will take place at the house today, Tuesday, June 12th, at 2 p.m., conducted by the Rev. J.W. Mackenzie. Interment at Belfast Cemetery.

(By L. C. Kitson.)

Mrs. Chas. Varrell, Fortamouth, N. H., was visiting in Everett, Mass., recently the guest of Mrs. C. L. Kibby. Mr. and Mrs. Varrell spent a vacation on the Island a few years ago and speak well of their native land to pass away the summer months.

For Skin Sufferers

If you, or someone dear to you, have undergone the itching, burning, sleep-destroying torments of eczema or other cruel skin eruption and have suffered from its embarrassing, unsightly disfigurement; if you have tried all manner of treatment, no matter how harsh, to no avail, and have all but given up hope of cure, you can appreciate what it means to thousands of skin-tortured sufferers, from infancy to age, when the first warm bath with Cuticura Soap and gentle application of Cuticura Ointment brings instant relief, permits rest and sleep, and proves the first step in a speedy and successful treatment.

Years of Suffering

A Desperate Case of Catarrh in the Head

"My father has catarrh in the head for a long time. It was such a desperate case that he didn't know what to do, but one of his friends recommended Hood's Sarsaparilla. He got a bottle immediately, and as soon as he commenced taking it he felt relief and after the use of two other bottles he was completely cured. He was so well pleased he has ever since recommended Hood's Sarsaparilla." Dele Aline Begin, Lewis, P. Q. Get Hood's Sarsaparilla today. Sold by all druggists everywhere.

The Boston Red-Sox are now in third place. Some of the teams who showed their prowess as the "cellarites" in the League are now climbing fast towards the top. The Boston Fans at every game are shouting the old saying "Come on you Red-Sox." When Detroit opens up a series here next there will be a large crowd to witness the "Cops" boys' slaughter the Tigers and decrease their percentage in the League.

At Everett, Mass., June 3, a game of base-ball was played between the City Government Team and the Honor of Trade Team. The City team showed their prowess as the "cellarites" in the League are now climbing fast towards the top. The Boston Fans at every game are shouting the old saying "Come on you Red-Sox." When Detroit opens up a series here next there will be a large crowd to witness the "Cops" boys' slaughter the Tigers and decrease their percentage in the League.

Manchester & Beverly Farms, two of the most popular summer colonies in New England, one crowded with society folk, the other with President Taft will soon arrive at his summer residence in Beverly Farms. Every one is anxious to get a glance at the President when he arrives from Washington. Many of the newspaper seek hard to get the honor of the first presidential visit to the Island. While waiting for the departure of the Provincial express for St. John, N. B., the other evening I met a number of Provincialists from Pownal. They were bidding bon voyage to many of their friends who were going to the Island to spend the summer with relatives and friends.

At the residence of W. A. and Mrs. Johnston, Tauton, Mass., on Memorial Day many friends were gathered to spend the holiday. I learned that some of them were Provincialists and resided in a short radius of Boston. There was friends also from New York. Mr. & Mrs. Johnston's residence is exceedingly popular during the summer months. Mr. Johnston spent the summer visiting friends on the Island a few years ago.

At many of the dwelling-houses in the country there is found squabs and pigeons in large numbers. In some places there is frequently seen about 3000 of them in one house, and they are shipped to market in large quantities. Some of the shippers are proud of their birds-of-feather. P. E. I. Island farmer is of his four-footed animals; only they delight in seeing them travelling on foot while the Bird-Fanciers enjoy seeing their flock speeding through the air.

The Commr. O'Meara of Boston has been re-appointed for five more years as head of the Police Dept by Governor Foss. Governor Foss is trying to give Massachusetts the best administration she ever had; and it is rumored about that in the next election he will be elected Mayor by a large majority than before. Commr. O'Meara is an official who has administered his trust faithfully and uprightly and has won the confidence of his force and proven himself capable of the head of affairs.

A team composed of some of the crack players of a club in one of the suburb towns of Boston are planning a trip to Yarmouth, N. S. to play a series of base-ball games there. No doubt in a few years time we shall hear of them battling for honors with the "Cops" boys in the big game of the Reciprocity question is being discussed by many here; it is doubtful if the bill will be passed. The selfish and greedy combinations of capital are fighting fiercely against it; but it is to be hoped that their efforts will be futile and destructive prematurely. They have managed to have a few farmers as spokesmen to oppose the farming interests. The farmers of the country have no reason to oppose Reciprocity; but every reason to advocate it. Has not the combined trusts deceived the farmer, and are now working in the greatest secrecy to deceive him in cases to come. Have they not bought farmer newspapers and other enterprises to keep up their selfish policies. In five years ending June 30, 1910 the United States showed that they sold to Canada five hundred million dollars more than they bought from her. How then is reciprocity going to hurt the farmer? Let us have Reciprocity and relieve us from the wall of hindrance between the two countries; and see the Union Jack & the Stars & Stripes become entwined for centuries to come; by the abolishing of the tariff wall.

WEDNESDAY.

A deep feeling of regret will be occasioned in this city on the announcement of the death of Mrs. Ralph Peake, Charlottetown, who passed away yesterday in Halifax, the sad news having been conveyed to this city last evening by telegram to Mrs. James Peake. The deceased, who was a lady of refinement greatly respected by all who knew her, was the widow of the late Ralph Peake, of the firm of Peake, Brown, and a sister of the late T. Heath Haviland and Miss Haviland, Halifax, at whose home she passed away. She had been in failing health for some time and a persistent attack of pneumonia so weakened her heart that death was imminent for some time before the event. The body will arrive in this city tonight from Halifax, accompanied by Miss

Haviland, sister of the deceased, and will be taken to E. H. Haviland's, Prince St., from whose home interment will be held and of which later notice will be given. The Guardian tenders its sympathy to the relatives of the deceased.

John Anear, Lower Montague, recently mated his beautiful Scotch Clyde mare with the renowned Stallion Casper again, owned by Daniel Field & Son, Victoria Cross, also Alton Shaw, Gardigan, mated another Scotch mare with the same sire, William Webster, Rolla Bay, owner of the King's Co. Champion foal of 1910 sired by Casper Again, has mated his draught mare with this horse.

Rev and Mrs W. A. Ross left this afternoon for San Francisco, Cal., to attend the World's Sunday School Convention, which opens there shortly. Rev Mr Ross is Field Secretary of the N.B. and P.E.I Sunday School Association. Among other delegates from the Maritime Provinces are W. Botcher, of Summerside, P. E. I., and Miss Evelyn R. Bennett, of Hillsboro, A. C. and Miss Bennett was accompanied as far as Toronto by her sister Mildred. The party left the city this afternoon by the Ocean Limited. The Sunday School delegates from all parts of the Dominion will leave Toronto on Monday morning, by a special train, which will carry them to their destination. Moncton Ex.

The death occurred at his residence in Margate P. E. I., on Monday June 5th, after a lengthy illness of William Pound, Carriage builder. The deceased was born in England, Feb. 1841. When quite young his parents immigrated to this Province and settled at Fredericton. In Nov. 21st, 1863, he was married to Maria Tupper of Margate and a family of four sons and one daughter deceased were born to them as follows: James T. Marshalltown, Iowa; Alfred M. Vancouver, William B. Winnipeg, and D. Moody, New Westminster. In 1867, the deceased started a large and extensive carriage building establishment in Margate now owned and controlled by Frank Marks, former apprentice. For a period of about forty years he held the largest patronage probably of any firm in this province. The deceased was a very painstaking and conscientious workman and of dint of honest toil, combined with good business integrity, pluck and perseverance earned for himself a province wide reputation. In the home he was loved and highly respected. In the community he was most popular with every one. With his wife and widow who survives him they were both charitable, courteous and kind to strangers. In him the poor always found support and help. Despite his constant suffering with rheumatism for many years he was genial and of unusual cheerful disposition. By his removal the community has mourned the loss of an estimable and highly esteemed citizen, being of a keen intellect pertaining to the best welfare of the country. He was once a candidate in bye-election in the fourth district of Prince with the late Hon. G. W. Bentley. He supported liberally the school the church and societies in general. His whole life in Margate had been a devoted and faithful example for those amongst whom his life was passed. Consoled and fortified by his strong faith in God alone his soul quitted this vale of tears in the full confidence of a glorious immortality. The funeral service took place on Wednesday afternoon 3 p. m., and were conducted at his late residence and in the church by the pastor Rev. W. E. Johnson, assisted by Rev. E. J. Rattee, of Malpeque both of whom paid high tributes to the life and character of the deceased. "Lead kindly light," "Nearer my God to thee," "Rock of ages" and other hymns selected by the request of the deceased were sung by the choir with good effect. Interment took place in the burial ground of the Methodist Church at Margate. Following were the pall-bearers: Andrew Johnson; Wm. Brown, Margate; Robt. Heaney, John Connors Clinton; John Woodside, Kensington, and Michael Ready, Burlington. (Pioneer please copy.)

The Codling Moth, the insect that makes the apples wormy, is the most destructive insect pest of apples, inflicting every year more than half the crop. The following article is intended to make more general knowledge of its life history and habits, and the best methods of control. In order to make what follows clearer, it might be well to state that insects pass through four different stages: (1) The moth itself, which lays the eggs. (2) These eggs hatch into tiny little worms or larvae. (3) When fully grown these worms or larvae spin a nest or cocoon for themselves, and crawl inside of it where they change into what is called (4) a pupa from which in due time emerges the moth.

Strawberries on the Boston Market now are selling by the crate for 8c. Blue-berries have arrived and they are being disposed of quickly at 15c. The Reciprocity question is being discussed by many here; it is doubtful if the bill will be passed. The selfish and greedy combinations of capital are fighting fiercely against it; but it is to be hoped that their efforts will be futile and destructive prematurely. They have managed to have a few farmers as spokesmen to oppose the farming interests. The farmers of the country have no reason to oppose Reciprocity; but every reason to advocate it. Has not the combined trusts deceived the farmer, and are now working in the greatest secrecy to deceive him in cases to come. Have they not bought farmer newspapers and other enterprises to keep up their selfish policies. In five years ending June 30, 1910 the United States showed that they sold to Canada five hundred million dollars more than they bought from her. How then is reciprocity going to hurt the farmer? Let us have Reciprocity and relieve us from the wall of hindrance between the two countries; and see the Union Jack & the Stars & Stripes become entwined for centuries to come; by the abolishing of the tariff wall.

WEDNESDAY. A deep feeling of regret will be occasioned in this city on the announcement of the death of Mrs. Ralph Peake, Charlottetown, who passed away yesterday in Halifax, the sad news having been conveyed to this city last evening by telegram to Mrs. James Peake. The deceased, who was a lady of refinement greatly respected by all who knew her, was the widow of the late Ralph Peake, of the firm of Peake, Brown, and a sister of the late T. THE CODLING MOTH. The codling moth is rarely seen. It flies only in the evening and at night. During the day it remains motionless on or under the bark which it closely resembles. It is very small having a spread of not more than three-quarters of an inch. In this stage they do no damage. They begin to lay their eggs a few days after they emerge from the cocoon which is from the last week of June to the middle of July. The average female (Continued on page 5)

Coughs, Colds BRONCHITIS

If there is an ailment in the throat or chest, it is surely essential that the remedy be conveyed direct to the affected part. It's because the healing vapor of Catarrhazone is breathed into the sore, irritated throat and bronchial tubes, because its balsamic fumes kill the germs and destroy the cause of the trouble. These are the reasons why Catarrhazone never yet failed to cure a genuine case of Catarrh, Asthma, Bronchitis of Throat Trouble.

The wonderfully-soothing vapor of Catarrhazone instantly reaches the thickest recesses of the lungs, produces a healing, curative effect that is impossible with a tablet or liquid, which goes merely to the stomach, and falls entirely to help the throat or lungs. To permanently cure your winter ills, your coughs, sneezing, and Catarrh, by all means used a tried and proven remedy like Catarrhazone. But beware of the substitutor and imitator. Look for Catarrhazone only, 50c, and \$1, at all dealers. Catarrhazone Just Breathe It
