Fredericton had to play without
 one man for much of the game,
 "Shorty" Clark of the backfield be-
 ing injured early in the game, and
 retiring after a second injury.
 The defeated team seldom was in
 position to score, but throughout the
 game displayed marked ability in
 defensive tactics. U. N. B. had much
 of the territory and in the second half
 narrowly missed scoring more than
 once. The strength of the city team
 lay in the mass dribbling of for-
 wards and tackling and smothering
 the opposition's backfield.

 "3-0" in the opening game of the
 Intercollegiate football league by de-

 Ken Birtwhistle scored the winner's
 lone tally via the bucking route from

 It was a popular score, and young
 Birtwhistle was given a big hand from
 the fans. This play followed a bril-
 liant march by the P. W. C. backs,
 who carried the pigskin in a clever
 passing game from almost centre
 field. Filiter, the "kicker" young-
 ster playing local intermediate foot-
 ball failed to convert. He made a
 splendid try from a difficult angle.

to Be Preserved As
Historic Site.**

The room in the Provincial Build-
 ing, formerly occupied by the Public
 Library, will henceforth be used as
 the Provincial Tax Office. Extensive
 renovations to the old library room
 with the installation of a counter
 and a new floor have turned it into
 a very comfortable and convenient
 office. The work was begun about a
 month ago by Mr. Charles Carson,
 carpenter.

The furniture and equipment of
 the office have been transferred to
 the new quarters, and have been ar-
 ranged with an eye to convenience
 and conservation of space.

Hereafter the old tax-office, bet-
 ter known to tourists as the historic
 room where the Fathers of Confed-
 eration first met, will be viewed with
 the respect due it, as an historic site.
 Large numbers of interested tourists
 will have access to the room without
 disturbing office employees.

**Child Delinquency
Discussed Before
Executive**

The chairman of a special com-
mittee on the study of juveniles in
the penitentiaries, Mr. Sharpe of
Toronto addressed the Executive of
the Children's Aid Society last even-
ing. Mr. Sharpe is engaged in this
work for the Canadian Council of
Child and Family Welfare.

The speaker dealt with the causes
of delinquency, which were found,
he stated, mainly in the homes. He
advised that, as a general rule,
juvenile delinquents be placed in
new environments rather than in in-
stitutions, and cited a number of in-
stances of the successful execution
of this plan.

A very interesting discussion fol-
lowed the address. The suggestion
was made, among others, that the
Juvenile Court should not be held in
the City Police Court. Mr. Sharpe
pointed out that in many places the
Juvenile Court is held in the prin-
cipal's room of the schools, or in
some private room.
