### The Easy Foot Lift

The Right Thing in the Right Place.

A Foot Lever That You Can Use.

It is not necessary to put a man on the cutter to hold it down, but the fact that with the Frost & Wood Foot Lift you can not only raise the cutter-bar but the bar with a man on it, shows how easy it is to raise the bar without the man on it whenever you require to do so—a Foot Lift that Lifts.

This is not the get-off-your-seat kind of foot lever, but one that is placed just where you want it—just where it will do you the most good. A foot-lift that enables you to raise the cutter-bar with the greatest ease and convenience while turning or passing an obstruction, leaving both hands free for handling the reins.
