THERE were displayed in Drake Bros. stall at the market yesterday two carcasses of beef, fed by P. Egan of Hampton, which would do credit to any farmer. They were less than two years old and weighed a snug sum.

You have heard lectures and lectures this past winter, but that has nothing to do with "The Lecture" by Rev. W. H. Smith of Summerside, next Thursday in the school room of the First Methodist Church. Subject—Primeval Man in the Light of Modern Science.

THE GUARDIAN has been shown three photos, taken by Mr. G. T. Morris, Sydney, of the fire which destroyed the Tar Tanks of the Dominion Iron and Steel Company on the 28th ult. The photos which were sent to Mr. J. H. Morris, Grocer, of this city, give a good idea of the extent of the conflagration.

SEALETON NOTES.—The recent cold northerly winds have added much in regarding farming operations.—The heavy rain storm of Friday last is what the farmers have been wishing for and with warm weather which it is to be hoped will follow, vegetation will make rapid progress.—Lobster fishermen all along the coast are busily collecting their summer bait, the herring being plentiful and otherwise preparing for the season's fishing. The many friends of Mr. Thomas Newson will regret to learn that for the past two weeks he has been confined to his bed. We hope to soon see him able to attend to his duties as at this season of the year the farmer requires to be in good health.—We are pleased to see Mr. Fred. J. Wright, son of Sheriff Wright, back among his old friends and acquaintances from New York, where he was during the past winter.—The funeral of the late Wesley Burns took place from his home on Wednesday May 1st. The services at the house and grave were conducted by Rev. Mr. Whiteman. Deceased was interred in the Sealeton Cemetery. A large gathering of friends and neighbors followed his remains to the last resting place.—The sad drowning accident of the young man Edgar Trenholm and rescuing of the uncle and young Smith by Mr. Phill Gallant, has produced a good deal of enquiry as to whether any recognition of Mr. Gallant's excellent services, not only in this one accident but on two similar occasions, will receive any attention at the hands of our Government as in duty bound it should.—We are anxious in this locality to see the new road act placed in operation, as something new is an absolute necessity if the travelling public are any longer to be provided with road facilities, as there appears to be a disposition on the part of the people to encroach on the public highway every time a new fence is required and that appears to be often in some cases. The third move roadward occurring on an exceptionally narrow road in the past nine years is the record of the road leading to the shore. Another disposition on the part of certain localities is to narrow up the turnpike and to so round it up that it is almost impossible to pass when two teams meet without getting down in the gutter and how two loads of hay or other bulky freight would get past is a mystery.—We hope to see our legislators have a care that the right men are appointed as inspectors, seeing that the position requires other qualifications than the mere fact of being able to shout the loudest at times of an election. It is a position requiring the very best judgment in our land combined with firmness and determination.

THE DEAF MADE TO HEAR.

St. Thomas.... A modern miracle was made known to-day when Mr. Riddle, of this city, announced that he had recovered his hearing. He had been almost entirely deaf, and it borders on the miraculous to find him able to hear everything with great distinctness. As his case is proving of such universal interest, we give Mr. Riddle's own statement. "My hearing was always poor, and not long ago I became almost deaf. It was the result of Catarrhal Inflammation, but nothing did me good until I used Catarhoxone. It cured my trouble, and I strongly recommend it to the deaf." Fully nine tenths of the deafness is the result of Catarrh and can be cured by Catarhoxone. The cures of deafness wrought by this remedy in cases of even twenty years standing are really astonishing. Among many others, ministers of the gospel testify to the wonderful powers of Catarhoxone and your druggist can tell of some astonishing cases in his own experience. Better give it a trial, if your hearing is impaired. Price \$1.00; small size 25 cents. Druggists or N. C. Polson & Co., Hartford.

COULD SCARCELY WALK.

Mr. George Thompson, a leading merchant of Blenheim, Ont., states: "I was troubled with itching piles for fifteen years, and at times they were so bad I could scarcely walk. I tried a great many remedies, but never found anything like Dr. Chase's Ointment. After the third application I obtained relief and was completely cured by using one box." Ask your neighbors about Dr. Chase's Ointment, the only absolute cure for piles.
