**A WELCOME SOCIAL.**—On Monday night, Sept. 10th the Pastor and congregation of the Central Baptist Church held a social in the Sunday School Department as a mark of welcome to the students of the various institutions. The church was crowded. Rev. Mr. Freeman in a hearty voice of welcome showed clearly to all the need of realizing the opportunities of the present moment. The chairman for the evening was Professor Clark. A splendid programme was then rendered of which perhaps "The Hair Cut" was the best number. Ice cream and cake was then served in abundance to all, by the church ladies, and as usual reflected great credit on their culinary abilities. Games of various kinds were played and many had the pleasure of having their fortunes told. This enjoyable social evening was brought to an end by singing the National Anthem—"God Save the King." A large number of students look back on this as one of the most pleasant events of the season.—J.

**For Sprains and Bruises.**—There is nothing better for sprains and contusions than Dr. Thomas' Electric Oil. It will reduce the swelling that follows a sprain, will cool the inflamed flesh, and draw the pain as if by magic. It will take the ache out of a bruise and prevent the flesh from discoloring. It seems as if there was magic in it, so speedily does the injury disappear under treatment.

**GOING OVERSEAS.**—Miss Susannah McLeod is spending a few weeks at her home at Orwell Cove, preparatory to returning to France, where she intends to go into Red Cross nursing. Miss McLeod has been in the Red Cross nursing service of Uncle Sam's army for some time, and through her geniality and kindness has won many friends abroad as well as at home. Her many friends wish her success on entering on her life's work, and trust ere long to see and hear of her name being added to the already long list of successful Islanders. O

It is usually safe to say that when a child is pale, sickly, peevish and restless, the cause is worms. These parasites range the stomach and intestines, causing serious disorders of the digestion and preventing the infant from deriving sustenance from food. Miller's Worm Powders, by destroying the worms, correct these faults of the digestion and serves to restore the organs to healthful action.

### The 'Stomach is a Source of Energy

Our source of energy is in the food we eat. If we eat less than the body requires to maintain itself, we are starving, and we'll soon grow weak, and emaciated.

Don't try the starvation method of curing stomach troubles. You must eat to keep up the fires of life. But if food lies in your stomach without being properly digested it will sour, ferment, and cause distress. If your stomach is out of gear—take
