(Canadian Press) LONDON, June 29.—The British government proposes to levy graduated duties on barley and its substitutes in the hope of aiding agriculture in Britain. The measure will be bitterly fought by Free Traders and the announcement from Mr. McKenna, prospective Chancellor of the Exchequer, and lifelong Protectionist, is awaited with interest.

Attempts Made to Destroy London Church by Fire

(British United Press.) LONDON, June 29.—The seventh attempt within the last few weeks to burn a church in South London took place last night when St. Leonard's, one of the most imposing edifices in the suburbs of Stroton narrowly escaped destruction. The conflagrations are believed to be the work of some fanatic with ultra Protestant views for in each case special attention was given to the destruction of pulpits in which the clerical vestments were kept. Entrance in every case was obtained through a window. A recent attempt was made to fire the still more famous church of Holy Trinity, in one of the most crowded parts of South London, when a blaze was started in three places simultaneously, but by strong efforts the firemen managed to subdue the flames before the building was destroyed. Since then two other churches were set on fire and threatening letters have been sent to many vestries.

Definite Split in British Labor Party

LONDON, June 29.—The probability of a definite split in the ranks of the Labour party will be the chief subject for unofficial discussion among delegates at the annual conference. The obstreperous disposition of Scottish members and their unamenable to party discipline is leading many of the less radical members to believe that the party will not be weakened by separation from this wing. Not only the government but the party as a whole is disgusted with the conduct of these wild men. The defeat of the radical resolution expressing the opinion that Labour should oppose all naval and military estimates has aroused the bitterest feeling on the part of the extremists against leaders and sensational announcements are probable at the meeting of the party Tuesday next.

Cardigan Liberal Conservative Convention

A largely attended and enthusiastic convention was held in the public hall at Cardigan, on Tuesday the 26th inst., for the purpose of nominating candidates to contest the Third District of King's, in the Liberal Conservative interests. All the polls were fully represented, and in addition to the delegates, a large number of electors were in attendance. The meeting was most harmonious and enthusiastic throughout, and one of the most successful of its kind ever held there for many years. The chair was occupied by Mr. Albert Fraser, of Montague, convener for the district, and Mr. Fred R. Melish acted as secretary. On nominations being called for, Mr. John A. McDonald, of Cardigan for Conner, was moved by Mr. John A. McLean. No other nominations being made, was carried unanimously. For Assemblyman, Mr. Russell Hunter, of Strathcona, was moved by Mr. James Buchanan, and seconded by Mr. Patrick Fogarty, and supported by several others. On motion of Mr. Daniel McGregor, seconded by Mr. George Creed, the nomination was made unanimously.

The candidates chosen then addressed the meeting and in fitting terms expressed their thanks for the honor conferred upon them and their intention to serve the District to the best of their ability, after which the Leader of the party, Mr. J. D. Stewart, K.C., came forward and received a most enthusiastic reception. In a vigorous and able speech of an hour's length he addressed the audience on the public questions of the day, outlined the policy and platform of his party, and scored the Bell Government for the deception by which they had gained office, their disregard for their pledges, and the similar discreditable means by which they still sought to cling to power. He reviewed at length the financial situation, the fictitious deficit of 1919, the large increase in the public debt, which could be readily measured by the increased amount of interest paid. The Highway scheme and other topics of the day were then reviewed in an able and effective manner, and with the assurance that the Liberal Conservative prospects were never better, and that every thing pointed to a victorious return of the party to power on July 25th.

Mr. Stewart closed his address amid long and continued applause. Resolutions expressing the views of the convention on the political situation were then submitted and carried unanimously by a standing vote. Mr. Peter McKenna, of Balfour's Road, the seconder of these resolutions, it was stated, held the record in the convention that day for long and continuous support of the Liberal Conservative party, and the announcement was received with prolonged applause. Mr. James McIsaac being called upon, received a very hearty reception on coming forward, and spoke with all his old-time vigor and effectiveness, after which Mr. Howard McDonald, Liberal Conservative candidate for the Georgetown District addressed the convention in a brief but effective and well delivered speech. The singing of the National Anthem brought the proceedings to a close.

Important Development In G. T. R.

(British United Press) LONDON, June 29.—A cable relating to funds, which has just been received from Canada by the Junior Stock Holder's Committee of the Grand Trunk has resulted in an announcement that matters of grave importance are being considered by the committee. Information contained in the cable is considered so vital to the case that the committee are withholding details at present awaiting the opinion of their counsel upon certain new points which have been raised. If this opinion is favorable important developments are expected and it is probable that action will be taken in connection with properties in London formerly held by the Grand Trunk. A protest meeting will be held here July 17th.
