Our Spring Opening

Has been a grand success from every point of view, and many flattering expressions, and expressions of appreciation and encouragement, have been heard about the magnificent showing made in all lines—by ladies whose critical tastes and refined judgment leave them qualified to judge.

The very lovely millinery creations shown—almost all of which were by our own milliners—came in for a large share of admiration, and justly so, the specimens shown, proving beyond a doubt, that Miss West is capable of producing a hat, which, in all respects, is on a par with the best imported models.

Notwithstanding the fact, that the weather was very unfriendly and altogether "un" spring like, the sales of Millinery for Easter, crept away above high water mark—by far the largest we have ever had. We are supremely happy over this fact, as it shows approval of a high order, and can easily understand, how much larger still they would have been, had there been a glint of warm April sunshine as an encouragement to don the proverbial "Easter bonnet."

However there is a "good time coming" and many ladies, while they have not actually purchased, have made up their minds WHERE to purchase, when the time comes.

Miss West has been fairly deluged with orders, but with a very large experienced staff to assist her, can promise not to disappoint any.

We greatly appreciate the fact, that so many ladies braved the chilly winds in order to be present at our opening, an event, which more than one pronounced to be worth coming miles to see. It shall serve as a stimulus to still greater exertions on our part, to procure for you always the very latest and best in the Millinery World.

We make a specialty of children's headwear, so bring the little girls along, and Miss West will make them pretty hats or bonnets "different" from the ordinary kind, at very modest prices.
