Bald Heads Not Wanted

Baldness is too Generally Considered a Sign of Advanced Age.

A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to take men over 35 years of age as new employees.

Probably 65 per cent of bald-headed people may regain a good deal of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp has become glazed and shiny. We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, and with this offer back of our statements no one should scoff, doubt our word, or hesitate to put our remedy to an actual test.

We want every one in Charlottetown who is suffering from any scalp or hair trouble, dandruff, falling hair, or baldness to try our Rexall Hair Tonic. We want them to use it regularly—say until three bottles have been used—and if it does not eradicate dandruff, cleanse and refresh the scalp, tighten the hair in its roots, and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no obligation from the user whatever.

We are established right here in Charlottetown, and make this offer with a full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare make the above offer unless we could substantiate it in every particular. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, The McKinnon Drug Co.

"An opportunity will be given to the ladies of Charlottetown who indulge in sewing by visiting the dress goods counter at Patons. Remnants of silk, cotton, wash goods, dress goods etc., left over from one of the largest seasons selling in our experience. Paton & Co. 1-25421.

A good program is being prepared and all who go are assured of a good night's entertainment. Admission children ten cents, adults fifteen cents. Ladies with baskets free.

The People's Theatre, which has been closed for the past four nights, owing to the poultry show, is ready for business as usual tonight. The manager has had the hall thoroughly cleaned and fumigated, and made it fit for occupancy. Their new issue is worth looking up, as it offers the biggest program ever offered to the public, as well as one of their season's calendars free to all (excepting children). Read their ad and show appreciation of the manager's efforts to please by attending and giving them a bumper house. The subject, from the Bottom of the Sea, is well worth the admission fee alone.

The following Fredericton notes will be of interest:—The farmers of Fredericton are busily engaged getting their winter's supply of wood. Benjamin Newson of Kingston, is visiting in Fredericton the guest of his aunt Mrs. Edward Sellick. He is doing some fine driving with his famous trotter—Refuge Division is progressing very fast.—William Buchanan is at present Worthy Patriarch. The Division intends holding a treat some time in the near future.—Cyril Macgregor spent Thursday evening in Fredericton.—Robert Arthur has returned from the west and is visiting friends in Fredericton.

A Clyde River correspondent writes: The farmers of this vicinity are at present busily engaged hauling their season's firewood. About forty of the young folks gathered at the house of John and Mrs. Scott, Glenwood Mills, recently, to partake of an excellent supper which was served by the young ladies in their usual style. A pleasant hour was spent over the supper, after which the young people proceeded to enjoy themselves. Music was provided by the organ and phonograph. Dancing was indulged in and songs sung, until the wee sma' hours, when the party dispersed, each and every one delighted with the splendid time they had enjoyed. Our school is progressing rapidly under the able management of Miss Margaret McQuarrie. Ernest Howard, Sackville, who has been absent for the past five years is spending a holiday trip to his old home here. John Scott and sons are doing a rushing business in sawing and grinding. John McLaughlin has returned home from the golden west.

Can New Brunswick attract settlers from Prince Edward Island, asks an exchange. This is a question raised by Alderman J. W. Keirstead, in a letter to a St. John paper. He does not mean that an effort should be made to depopulate the sister Province, but to attract those who leave it to go west. He says he is informed that one or two hundred capable young farmers with money in their pockets leave the Island each year, and an Islander whom he met at a chautau exhibition said he believed if their attention were properly directed to the cheap farm lands in New Brunswick and the fruit growing possibilities many of them would rather invest here than go west. This leads Alderman Keirstead to suggest that the provincial Government spend a few hundred dollars in illustrated talks by a well-informed man to Island audiences on New Brunswick farm lands that are available for purchase. It is not at all likely that the Government will pursue such a course, which is rather one for a combination of farmers or real estate men to pursue. The census shows that all the Lower Provinces are sadly in need of a policy that will hold their own people and attract others.

There are two parcels in the Charlottetown Post Office which have been there for the past month. The addressees may get delivery of these parcels by applying to the Postmaster.

The Pownal choir held their weekly practice on Wednesday evening at the home of R. and Mrs. McKinnon, Alexandria, by special invitation. The members turned out in force and had a most enjoyable practice. A number of the youth and beauty of Pownal, Hazelbrook and Alexandria assembled, ostensibly to hear the melodious music and singing, but actually, it is believed, to partake of the good things so generously provided by the hostess and her daughter, Miss McKinnon, who is a member of the choir.

On Tuesday last a very enjoyable evening was spent at the Parsonage in York. Through the kindness of Rev. E. A. and Mrs. Westmoreland the choir was entertained there, and although the weather was very unpleasant it did not prevent anyone from attending. The first part of the evening was spent with social conversation and games which were enjoyed by all. After a very dainty and bountiful luncheon was served and each visitor had done ample justice to it they retired to the parlor where a solo was sung by Mr. Westmoreland in his rich and powerful voice. It was highly appreciated by all present. Miss E. Brown with her clear and melodious voice also gave a solo and a lively chorus was then sung by the choir. The impromptu program was concluded by singing "Auld Lang Syne" and each person expressing their pleasure to Mr. and Mrs. Westmoreland for their kindness and hospitality in entertaining the choir in such a highly esteemed manner.
