

THE PRINCE COUNTY GUARDIAN

Office in Summerside Fred. Tantor, Manager and in A. Barton Harbert Clerk, Manager.

Mrs. J. W. Callbeck and Miss Maggie Callbeck returned to Summerside yesterday from a short visit to friends in Charlottetown.

The annual meeting of the Presbyterian Church congregation will be held tomorrow night in the Guild Hall.

G. B. Chappell, of Summerside, spent a few hours in Truro Saturday evening with his sister, Mrs. E. J. Casack, Charles street. He was on his way to Boston, where he will spend the winter.

Miss Georgie McQuarrie, Summerside, was a guest with her friend Miss Flo Flemming at Gramere, recently. Miss McQuarrie is a "freshman" at Acadia College, and has left to renew her studies after her three weeks' recess.

Percy MacPhee, a young man belonging to Coleman, P. E. Island, was killed at Rangley Maine, recently while engaged in the lumber woods there. He was struck on the head by a flying limb, and was killed on the spot. He was a popular young man at his home in Coleman, and had only been away from this province a few weeks. He was a son of Hugh MacPhee, a well to do farmer. His remains were taken to his home for burial.

The telephone service between Summerside and Charlottetown has lately been much improved and the present condition of affairs is a great relief to the former state of interruptions and indistinctness. Heretofore when patrons have tried to talk they would be brought into contact with a buzzing which it was almost impossible to bear anything through. Now this is all changed. New metallic circuits have replaced the old grounded systems, and the induction which was caused by the telephone wires being in close proximity to the wires of the Summerside Electric Co. has now been completely vanquished. This is a move which is being thoroughly appreciated and enjoyed by all telephone subscribers, and but another evidence of the willingness of the Telephone Co. to do all they can to supply a first-class service.

The annual statement of the Town of Summerside for the year 1907 is made up of the following principal items:
