RUHR INDUSTRIALIST GROUP MAKE DEMANDS OF THE GOVT.

Seek Authority to Continue Negotiations and also Want Provision for Longer Working Days.

(Canadian Press.)
BERLIN, Oct. 10.—Important, even drastic, demands were made of the German government today by the group of Ruhr industrialists headed by Hugo Stinnes, who recently were in consultation with General Duesse, the French commander-in-chief at Dusseldorf. Authority to continue negotiations with the occupation officials in the Ruhr was one of these demands. Provision for longer working hours for German workers both in the mines and above ground was another.

The demands were handed to the Government by Herr Stinnes himself. He asked an answer by noon today. A meeting of the cabinet took them under consideration this morning.

The industrialists also demanded compensation for the coal confiscated since the beginning of the Ruhr occupation and for the forcibly levied coal tax; the abolition of the coal tax for the Ruhr region, a guarantee that all future deliveries of reparations coal be placed in their hands; preferential treatment for the Ruhr in supplies of raw materials and foodstuffs.

The working hours underground, if the industrialists' demands were granted, would be 8-12 hours, and above ground ten hours.

The industrialists also asked what the Government's attitude would be toward the creation of a railway company in the occupied territory in which the Rhineland, France and industry would participate.

BRUSSELS, Oct. 9.—Belgian official circles are optimistic over the situation in the Ruhr. Advice reaching the Government shows the resumption of work on a daily increasing scale. The Belgian officials in the valley declare that 170,000 railway workers in the occupied region are ready to go back to work as soon as assurances are given that the Berlin Government will guarantee the payment of their wages and authorize them to take the oath of "professional allegiance" to the Franco-Belgian railway management.

C.N.R. MATTERS BROUGHT UP AT BOARD MEETING

Strong allegations against Superintendent T. B. Grady of the C. N. R. office here were made by Mr. J. J. Hughes, M. P., at the quarterly meeting of the Charlottetown Board of Trade last night. Mr. Hughes' statements created surprise and there was considerable discussion as to whether these complaints should not have been brought before the proper railway authorities, instead of the Board of Trade. Mr. Hughes said he had already done this. It was decided that the transportation committee of the Board of Trade afford Mr. Grady an opportunity of replying personally before going any further into the matter.

The main part of Mr. Hughes' address dwelt with the struggle for freight rate reduction for this Province. He described the interview with the Board of Railway Commissioners attended by himself and Mr. A. A. Pomeroy, when equalization of freight rates and other important matters were pressed, with partial success. He then explained at length his own subsequent efforts in this direction.

Mr. P. W. Turner, president of the Board, presided last evening. There was considerable correspondence read and discussed. A comprehensive report of the recent Halifax meeting to discuss the proposed Maritime colonization expansion plans was given by Messrs. E. T. Higgs and A. A. Pomeroy and received the thanks of the meeting. A discussion on immigration and other matters followed. Among those present last evening was Mr. S. R. Burke, of the Alberton Board of Trade.

Three Year Old Shoots Himself

(By Dominion News Service.)
LONDON, Oct. 9.—A three-and-a-half year old boy, Gerald Pollock, who lives at Camberwell, N. E., London was taken to Camberwell Infirmary with a bullet wound in the stomach.

Leonard Jesse Bone, who lives at the same address, told a reporter that Gerald was put to bed at 6.30 in his. Mr. Bone's bed until he himself went to bed. Soon after he had been tucked up there came screams of "Oh mummy! Oh mummy!" and, rushing upstairs, the mother and father found the boy lying in a pool of blood on the floor by the bed.

"The boy had shot himself," Mr. Bone said, "with a Service revolver which I keep under the mattress of my bed as a protection against burglars. It was fully loaded, and the boy must have got the trigger mixed up with the steel mattress when he pulled it out from under the mattress by the muzzle. The weapon must have gone off and the shot struck the boy in the stomach."

"We cannot imagine how he came to find it, for nobody knew it was there but myself, but he is a very sharp boy and is always playing with things; knives particularly seem to fascinate him."

CANADA HAS RIGHT TO VOICE IN SETTLEMENT OF EUROPE

(Canadian Press.)
OTTAWA, Oct. 10.—"You have a right to a voice in the settlement of Europe, and I hope that you will assert it, because it is in your interest and because it is in the interest of the world."
So declared the Right Hon. David Lloyd George to the Canadian people tonight at the banquet tendered to him by the Dominion Government when discussing the problem of war reparations and that proposal of the United States for the appointment of an international commission of economic experts to determine the capacity of Germany to pay.

The war premier of the United Kingdom declared himself heartily in favor of this proposal which was made last December or January by Hon. Charles Hughes, United States Secretary of State.

He was very careful at the same time, to make it clear that he spoke as a private citizen, and he made a specific declaration that he had not had any consultation in the subject with the members of the Canadian government.

Prince Will Sail on Empress of France

(Canadian Press.)
OTTAWA, Oct. 9.—The report that Lord Renfrew will sail for New York on the Mauretania on October 10th is denied at Government House here.

The Prince will be a passenger on the Empress of France which sails from Quebec on Saturday next.

Prince of Denmark Will Also Farm in Canada

(British United Press.)
NEW YORK, Sept. 10.—Prince Viggo of Denmark is following in the footsteps of the Prince of Wales. He arrived from Copenhagen on the Esthonia Monday, and planned to leave at once for Canada, where he intends to hunt and farm a while on the big farm of his brother, Prince Erik.

Prince Viggo, who is the son of the Prince of Valdemar, brother of the late King Christian the eleventh, is exemplified by the following sordid departure of a grey globe trotter: suit with grey check cap, a blue Bowery; a blue striped infirmity with a bullet wound in the stomach.

His costume differed in almost every detail from the correct form laid down by Lord Renfrew.

Oysters Cure For Scurvy

(By Dominion News Service.)
PARIS, Oct. 9.—Oysters help to cure scurvy, according to a communication made to the French Academy of Sciences. The discovery was made by Mme. Bauden, who is in charge of the Laboratory of the Paris Hygienic Institute. Guinea-pigs suffering from scurvy were cured within two or three days as a result of eating more or less willingly, a few oysters.

Ohio Officer's Home Wrecked By Dynamite

(Canadian Press.)
DENVER, Ohio, Oct. 10.—The home of Charles Pearce, 35, prohibition officer at Smithfield, Ohio was blown up today by dynamite. Pearce, his wife and baby escaped serious injury.

The blast partially wrecked the city hall opposite and inflicted minor damages.

Daring Fur Robbery In Montreal

(Canadian Press.)
MONTREAL, Oct. 9.—Working within a few feet of Central Fire Station at Youville Square burglars last night drilled holes through a two foot cement wall, a wooden wall and coal bin from the basement of an empty building and stole furs from A. J. Alexander, worth more than ten thousand dollars.

MANY ISLAND PURCHASERS FOR THE NEW VICTORY BONDS

Island Offerings Estimated at Nearly \$1,000,000—Large Number of Cash Payments Show Favorable Financial Condition of the Province.

In conversation with a local bond dealer the Guardian is informed that the new 1923 Victory Loan bonds have met with such widespread popularity that a great many people throughout the country, still waiting to renew their Edward Island approaches near the \$1,000,000 mark, and it is safe to assume that this month will see a large increase, as the offerings are still coming in. A great amount of these bonds have been taken up on cash payments, which shows that the financial condition of the island is in a much healthier state than pessimists have made out. The subscriptions are by no means limited to Charlottetown and the principal towns, for farmers throughout the three countries are large purchasers.

Much of the success of the loan may be credited to the bond dealer throughout Canada, who thoroughly circulated every Province in advance.

Drowned Skipper Not Legally Dead

(By Dominion News Service.)
PARIS, Oct. 8.—The Cherbourg Civil Court asked the French "Journal Officiel" to publish a decree certifying that Leopold de Valenciard, a sea captain who left Cherbourg Roads in 1843, in sailing ship bound for America, is really dead.

When this announcement appears the captain's descendants will be able to enjoy an estate worth several millions of francs. Captain de Valenciard's ship was lost with all hands, and his widow and three sisters then wished to share his large landed estate at Cherbourg. But French law forbade, as there was no legal proof that the captain was dead.

Last year a priest belonging to the Valenciard family, took up the matter afresh, and they now hope comfortably end their days with shares of the millions of the captain.

PRINCE HAS ENJOYABLE TIME AT THE CAPITAL

(Canadian Press.)
OTTAWA, Oct. 10.—Another day of solid enjoyment and recreation was spent by Lord Renfrew yesterday. Early in the afternoon he and his party and the Governor General, accompanied by their aides, retired to the Royal Ottawa Golf Club. Here they were joined by Sir George Perley, Sir Robert Borden and Hon. Martin Burrill and several rounds of golf were played. Lord Renfrew played with Sir Robert Borden, Sir George Perley and Hon. Mr. Burrill. He was given an interesting lesson in the use of the irons by Mr. Milligan, the club professional. At Government House in the evening a private dance was given. Lord Renfrew has not yet definitely made up his mind when he will say good-bye to the capital, but it will be either Tuesday evening or Wednesday morning. He will go to Montreal from Ottawa.

Ottawa, Oct. 9.—It was announced from Government House at noon today that Lord Renfrew is spending the day resting. He will board his special train for Montreal tonight, and it will put out at two a.m. tomorrow.

Fine Monument to Rev. Dr. Fullerton Arrives in City

The handsome monument to be erected over the grave of the late Rev. Dr. Fullerton by the congregation of St. James Presbyterian Church has arrived from Aberdeen, Scotland, and is now at the workshop of Messrs. Chandler and Bell, Kent Street.

The monument, which is of the finest polished Balmoral granite, of sarcophagus design, having a bottom base of five feet three inches, standing five feet high and weighing about five tons. The heavy, carved cap surmounting the whole bears an appropriate Scottish thistle design. At the four corners are inset columns, combining simplicity and exquisite grace. The lettering space, 3.5 ft. by 2.2 ft., is yet to be filled in. The lettering of the inscription will be done at the shop here, and it is expected to have the monument erected shortly. In the meantime anyone interested is invited to inspect the work. The monument is one of the many very fine memorial stones which the long established firm of Chandler and Bell have erected for citizens and in this case it will indeed be a fitting tribute to the memory of the dearly beloved pastor of St. James Church.

Following is the inscription which is to be placed upon the monument to be erected to the late Rev. Dr. Fullerton by the congregation of St. James Church:

He fought a good fight and finished his course. 11 Timothy, 4:7.

To the glory of God and the memory of Rev. Thomas Fullerton, D. D., Minister of St. James Presbyterian Church, Charlottetown, from January, 1893 to May, 1921.

Born in Glasgow, Scotland, March 28, 1861. Died in Charlottetown, May 23, 1921.

Educated in Glasgow University.

Served in the South African War from October, 1920 to December, 1901.

President P. E. I. Patriotic Society 1915 to 1919, in which office he rendered conspicuous service to the Empire in stimulating patriotism and patriotic endeavor on the part of Prince Edward Island throughout the Great War, 1914 to 1918.

Erected as a token of affectionate regard and loving appreciation by the congregation of St. James.

He giveth His beloved sleep. Psalm 127:2.

Several smugglers' agents are reported to have cleared small fortunes in the transactions. French authorities assert that one of their principal sources of income from the occupation has been the seizure of goods at the frontiers where smugglers have been endeavoring to deceive them by avoiding the prescribed routes. In one instance, silk, valued at nearly a million dollars, and said to have been consigned to the United States, was seized in German automobiles at the frontier.

Another shipment of a carload of knives and scissors from Solingen was confiscated, this also being destined, it was said, for American wholesalers.

EXHIBITION AT EGMONT BAY YESTERDAY

Despite the fact that the weather yesterday was exceptional good for harvesting over 2,000 people from the surrounding districts and points more remote were in attendance at the Egmont Bay annual exhibition.

The fair, one of the best held in years was formally opened at two o'clock by His Honor Lieutenant Governor MacKinnon and a cordial welcome to the visitors was extended by Rev. F. X. Gallant, who occupied the chair.

In a brief address His Honor Governor MacKinnon heartily congratulated the people of the district on the splendid showing of farm products. He also made reference to the large attendance which evidenced the keen interest taken by the people, and which aided much in bringing "The Bay Fair" to the high standard to which it had already attained. The speaker concluded by wishing a every success and a pleasant day outing.

Hon. J. H. Myers, Commissioner of Agriculture, the next speaker referred to the very creditable exhibit of horses, but stated that the live stock show did not do full credit to the district and hoped there would be a decided improvement in years to come. This branch of farming, he said, was one of paramount importance at the present time and was one of the farmer's best money producers. Mr. Myers concluded with an explanation of the benefits of raising produce for feeding purposes, and stated that every assistance possible would be given by the Department of Agriculture.

Among other speakers were Mr. Justice Arsenault, who spoke in his native tongue, and Rev. Father Gauthier, who spoke in English and concluded in French. (Father Gauthier in his remarks laid particular stress on the need of potato industry which he said was now extensively carried on throughout the Island. He pointed out that to succeed in this line the farmer must devote a great deal of attention to the work and that one must not expect to obtain big results immediately, but needed experience and patience.

The other speakers, Mr. J. A. Clark and Mr. Reid of the Department of Agriculture, both commented all on the splendid exhibit and expressed the hope that the future fairs would be even more successful.

In the exhibit of heavy horses Mr. Arsenault carried off first prize and in the showing of five animals first honors went to Charles M. Arsenault.

Among other exhibits were entries of which there were fifty entries, swine also with a large entry list, and flocks of which there were five pairs on display. In the showing of fancy work, Mrs. J. LeClair and Mrs. Joseph Petri were the principal prize winners. There was also a splendid array of vegetables and grains, the latter eliciting much comment from those present.

In connection with the exhibition there were meals served in a hall, and much credit is due to the ladies for their splendid efforts in the culinary art.

Negro Kills Man and Child, Population Expelled

(Canadian Press.)
PITTSBURG, Pa., Oct. 10.—As a result of the killing Saturday night of 73 year old Thomas Rowland and the wounding of his eleven year old grand daughter, Edith Colby by a negro that escaped, all negroes were ordered to leave the town last night by a self-appointed vigilance committee of more than two hundred men.

There are about 30 negroes in the district.

BRITISH BOARD OF TRADE WILL BOOST CANADA

Definite Offer is Made to Premiers on Markets—London Press Admits British are at Fault.

(Canadian Press.)
LONDON, Oct. 10.—On behalf of the British Government, Sir Philip Lloyd-Graeme, president of the Board of Trade, made the Dominion delegates to the Economic Conference this afternoon a definite offer for an increased and stabilized preference in the British markets. The offer covers dried and preserved fruits including canned fruits, also sugar and tobacco produced anywhere within the Empire. Its terms are:

Dried fruits, at present dried raisins, plums, which include pricots are dutiable at a rate of six shillings and six pence per hundredweight. The British preference on given is one sixth.

The British Government proposes under today's offer to admit these goods duty free when produced within the Empire. Under the present British customs tariff dried currants are dutiable at the rate of two shillings per hundredweight, empire products getting a reference of one sixth.

Now under the treaty with France the British Government is under certain obligations but are prepared to offer free admission to empire currants and are also prepared to consider what increase in duty on foreign currants may be necessary to make the preference effective.

At present there is no duty on any other dried fruit but while continuing to admit such Empire dried fruit free the British Government proposes to impose a duty of ten shillings per hundredweight on such foreign dried fruit as apples and peaches.

Preserved fruit, except for the fruits named above which are dutiable as such, when containing sugar, it is proposed in addition to such duty on sugar content, to impose an all round duty of five shillings per hundredweight on particular forms of preserved fruits at present dutiable and to admit Empire fruit free. Preserved fruit will include canned fruit which is of particular interest to Canada.

Phrase "The British Empire" to now Pass Away

(British United Press.)
LONDON, Oct. 10.—Before the Imperial Conference adjourns the familiar words "The British Empire" will be declared passed, and instead the "British Commonwealth of Nations" will be used to designate that group of countries now known as the British Empire. Delegates to the conference from the Dominions will see to it that the word "Empire" will be stricken from the title. The ground for the intention of the Premiers of the Dominions was furnished when the Versailles treaty named all the British possessions except India as nations. The word Commonwealth was also used in the documents declaring Ireland a Free State.
