On last Thursday evening, some tourists who were present at New Wonderland, staying through two turns to see the performance—remarked to the manager on coming out, that it was the best motion picture house they had been in in Canada. They were Americans and when it is added that they also stated that they never had such a five cents worth of entertainment in their lives, it is safe to predict that New Wonderland is on the way to the head of the list in picture houses, and will get there just as soon as it can be reached. It is a pleasure to record the success of residents at home, it is much better than sending them abroad to rank as a successful Islander elsewhere. And when it comes to an enterprise such as New Wonderland being taken in hand and made a perfect success of by a lady, it is certainly nothing more than a pleasure in every sense of the word to give the credit where it is due.
