**Asthma Can be Cured**

And is Being Permanently Cured Daily by Clarke's Kola Compound. Here is What a Hamilton Lady Says:—

Mrs. Gilbert, 105 Rebecca street, Hamilton, writes:—I suffered from a bad form of asthma for over nine years, and, notwithstanding all the doctors could do for me, got worse and worse, so that my neighbors looked for my death at any time. I spent money lavishly in the efforts to get relief, but all to no purpose. For six weeks at a time I could not get up or down stairs, and was in a miserable condition. My daughter, who clerks in a drug store, had heard a good deal of Clarke's Kola Compound, and urged me to try it as a last resort. I paid \$2 for a bottle, but that is nothing, for it is worth more than that for every teaspoonful. Two doses gave me splendid relief, and after using but one bottle I am a marvel to all who know me. I am doing my own work, can get around as well as ever, and feel like a new creature. Clarke's Kola Compound has been a God-send to me, and I look upon it as a marvelous remedy. You may use this testimony as you see fit, and I shall be glad to give further particulars to anyone enquiring. I gratefully endorse Clarke's Kola Compound.

Sold by all druggists. A free sample will be sent to any person troubled with this disease. Enclose six cents in stamps. Address The Griffiths and Macpherson Co., Limited, 121 Church street, Toronto, Ont.

**WAR AND INTEMPERANCE.**

We lament the losses of our brave soldiers in South Africa where already some thousands have fallen in battle or died of wounds. Their death has carried sorrow into thousands of homes and has spread broad cast the pall of mourning. We grieve for the loss, although they died in what we believe to be a good cause. They died "as honor dies"—a noble death.

Large as are the numbers of our fallen soldiers, the total would make but a fraction of the vast army that are annually cut off in the British Empire through strong drink. In the British Isles alone it is estimated that 80,000 thus fall year by year, with many other thousands in Canada, Australia and other colonies and dependencies. These die a death of shame and dishonor. What father or mother would not rather give five sons to die on the battlefield, than one to fill a drunkard's grave!

And yet the drunkard-making business goes on from year to year. Wars have an end, and between them there may be long intervals of peace. But the cruel slaughter of the rum traffic is unending. By day and night it goes on throughout the Empire, in Canada, here in Charlottetown! And it is carried on by men who are "authorized

to sell" by the Christian Government of Prince Edward Island. Think of the wickedness, the shame of it.

We are unable to prevent wars, for they spring from international causes, beyond our control. But the votes of the people can make the rum traffic illegal and send to prison the men who are engaged in it. When moved to tears for our heroes fallen in battle ought we not to think of these thousands that are falling to death and dishonor by the rum curse, and of our duty to prevent this awful slaughter which is preventable? Think it over.

At length Gen. Buller's mail despatch reporting his defeat at Colenso has been made public. It includes the following in relation to the loss of the guns:

"I suppose the British officers will learn the value of scouting in time, but in spite of all one can say, our men seemed to blunder into the middle of the enemy. When I heard of the disaster to Long's artillery I believed the six naval guns had shared the same fate and I decided immediately that it was impossible to force the passage without guns. Long was dangerously wounded and I was unable to obtain explanations. I had personally instructed him where to go into action and with the naval guns only, but Long advanced so fast that he left the infantry escort and naval brigade behind. I believe that but for the failure of the artillery he would have carried the crossing."
