

ONE ADVANTAGE to the dealer in selling MORSE'S TEAS is that he does not have to do any talking. What an easy job retail merchandising would be if the same thing could be said of all commodities.

LEFT FOR MONTREAL—Monsignor Maurice McDonald left yesterday morning for Montreal where His Lordship Bishop O'Leary is seriously ill. There is much alarm over His Lordship's present condition.

STOLEN CARS LOCATED—The two cars stolen Thursday night were located yesterday morning. The one belonging to Dr. McKenzie was found by the side of the road in the ditch at Bunbury, the other stolen from where it was parked opposite the Market building, was found on Upper Prince Street. Two cars were also stolen at Summerside Thursday night, one a Ford sport coupe No. 1780, belonging to Dr. Tanton, the other a Chevrolet tonneau No 1860, owned by Mr. Morley Bell. Neither have yet been found.

The many friends of Master Stewart, Macklin, grandson of Mr. Bruce Stewart, will regret to learn that he is a patient in the City Hospital suffering with a broken arm.

Summerside Council Meeting

SUMMERSIDE, Nov. 15.—An adjourned meeting of the Summerside Town Council was held on Friday night for the purpose of discussing police matters. The Mayor and all the Councillors and three police officers were present. It was moved by Councillor McNeill and carried, that an amount up to \$4,000 of the monies standing to the credit of the Town at the bank, be transferred to the electric light Dept. from time to time if, and when required. The memorandum of an amendment to the by-law governing milk vendors licenses, so as to cover the sale of pasteurized milk, was read by the Mayor for the information of the Council and to be submitted to the Recorder. Police matters were then taken up for a couple of hours. The Mayor and Councillor MacNeill explained that the police are accused of not doing their duty, especially in regard to speeding and drunken auto drivers, corner loafing and houses of ill fame. With regard to corner loafing, a letter of complaint was read from Messrs W. F. Strong and Co. Chief of Police Murray and officers Jamieson and Linkletter were severely cross examined, and they put up quite a spirited defense, some explanations that were a good deal to the point. In the end the officers were given to thoroughly understand that they must do their duty; that the corner loafers must be cleaned up. They were instructed to take the names of all offenders and to bring them to court irrespective of persons. They must do their duty and clean the town up or take the consequences. If they did their duty they would find that the Council was behind them. On motion of Councillor Moore, Mr. Joseph B. Linkletter was appointed a regular police officer for the Town of Summerside at a salary of \$80 a month.

May Be Trouble

(Continued from Page 1)

The opposition would not be confined to one quarter of the House. This is the bill which Miss Bondfield seeks to repeal the "not genuinely seeking work" provision which brought her so much criticism at the Brighton Labor conference. Under this provision applicants for unemployment insurance are disqualified from benefits if they fall within the "not genuinely seeking work" classification.

THE MARKETS

(Canadian Press) OTTAWA, Ont., Nov. 15.—(Eggs)—Canadian egg markets continue firm and unchanged today.

TORONTO.—The local egg market is firm and unchanged with storage stocks moving freely at firmer prices. Storage eggs are selling to retailers at, extras, 43-44; firsts, 40-41; seconds, 35-46.

MONTREAL.—Receipts of eggs here today were 207 cases as compared to 1,844 cases on the same day a year ago. The market is firm and active with a good demand. Strictly fresh supplies are scarce, although prices are unchanged. Storage eggs are selling well.

(Canadian Press) MONTREAL, Que., Nov. 15.—Following the advance in wholesale prices butter to the retail trade was advanced one cent per pound on the Montreal wholesale produce market today. While the increase, which raised solids to 42 cents and prints to 43 cents, was not announced today by the wholesale houses, it is expected these prices will be general Monday. Other sections of the market continued slow, with prices holding unchanged. The poultry market is reported heavily stocked and arrivals are still heavy, prices today, however, continued unchanged, but it was intimated reductions would be made in a revision of prices Monday. Oats were up two cents a bushel today on the cash grain market, and corn was one cent higher, but the rest of the list remain unchanged.

COURT REFUSES BAIL FOR AUGER

TORONTO, Nov. 15.—Justice Kelly in a judgment handed down at Osgoode Hall today refused the application for bail made on behalf of L. M. Auger, former member of Parliament, now in custody at Ottawa Jail, charged with a serious offence against a young girl. The accused is alleged to have criminally assaulted a 17-year-old girl from his constituency of Prescott County, and was convicted at the Ottawa Assizes in March last by Justice Wright and a jury and sentenced to nine years penal servitude at Kingston.

The Appeal Court at Toronto granted him a new trial, and on Oct. 16th, at the Assizes held at Ottawa, a retrial resulted in a disagreement by the jury.

Auger was sent back to jail to await trial at the Ottawa assizes, which will be held in January, 1930. Justice Kelly, in his judgment, says that crimes against women are increasing. "The quality of civilization of a people may be gauged to some extent by men's attitude in that regard towards women, and the degree of civility in protecting them against attacks of that character. Such attacks should never be regarded lightly."

MARKET REVIEW

(Courtesy Bolloway, Mills & Co., Limited.)

TORONTO, Ont., Nov. 15.—The New York rally continued today, but there was very little evidence of it in the prices prevailing on the standard exchange. The tendency at opening was to strengthen, but was short-lived and the market continued for most of session with a softening tendency. In a good many cases, stock lost ground.

This is not surprising as the pivot stocks have already had a very substantial recovery and profits taking was bound to hold them. If the rally continues, it is likely that the leading stocks will work into higher ground, but the rise will be more orderly than previous recoveries.

Nickel opened at \$33.00 on the Standard and \$32.00 in New York and gave ground steadily thereafter, with the last sale at \$30.90. Noranda opened at \$36.50, gained 25 cents and then eased slightly with the closing bid \$35.25 to \$35.50.

Heavy Increases

(Continued from Page 1)

from seven to twelve and one third cents a pound; dried skimmed and dried buttermilk one half to three cents a pound, and malted milk from twenty to thirty-five cents.

As the butter increase proposed by the House was not amended by the Finance Committee this item was passed by and the next amendment was adopted to raise the cheese and cheese substitutes duty from 5 cents a pound to eight cents.

Toronto Dairymen Comment On Bill

TORONTO, Ont., Nov. 15.—Duties so prohibitive they will stop the export trade in fresh and sour cream from Canada to the United States, was the comment of Toronto dairymen today on the bill to increase the tariff on dairy products, which passed the United States Senate yesterday.

One official said that companies, which have engaged extensively in the cream export business will be seriously embarrassed. "But there is still hope," he declared. "I see there is just a possibility the new duties may not be finally fixed as they are announced today." With the loss of the United States market, he stated, the probable effect on the Canadian farmer will be a slight reduction in the price he receives for milk and cream.

Our farmers won't sell any more sweet or sour cream across the line," said C. O. Hand, Secretary of the United Farmers Co-operative Co. Ltd. "Ontario and Quebec farmers sold about \$5,250,000 worth of it there during the year ending March 31st, 1929. The most of it came from Ontario and now it will be nearly all churned into butter. Will that create an over supply here," he was asked. "No, it is not likely that it would, this year anyway," he replied.

Car Thieves

(Continued from Page 1)

It was found in identically the same spot and had evidently been driven from the west as it was parked on the wrong side of the road. Dr. E. T. Tanton was the other victim. His car was parked outside the Royal Bank. The Doctor, who was making a friendly call in that neighbourhood, on going to the place where he had left the car, found it had also disappeared. The Doctor's automobile was found just below his office on Central St., about two o'clock on Friday afternoon. No one seems to have seen who returned it, but it had apparently been driven about thirty miles since the Doctor had used it last. He could not notice any lowering of the gas in the tank; so whoever had used it had replaced the juice. The car was covered with mud, an indication that it had been to the country. Both the stolen cars were returned in good condition, but who appropriated them for the night has not yet been discovered.

ated that the 1930 event will be a tremendous success. Mitties were appointed to confer with prominent bodies with a view to establishing the show on an even broader and more extensive scale than this year's feature. As an evidence of the enthusiasm which prevails in regard to the fox exhibition a number of trophies have been donated. Among the donors are Lieut.-Gov. Frank R. Hertz, Messrs.

His friends all wish him luck in this his chosen profession.

"Y" Education Programme

During the last few weeks the Educational Committee of the Y. M. C. A. have been giving illustrated lectures on Friday and Saturday nights for juniors and students.

Last night the lecture was one showing the cities and towns of Nova Scotia. The lectures were made possible through the Tourist Publicity Bureau and the Canadian Government which gave the slides. A special S. C. M. program for students will be given to-night in the form of an illustrated lecture. The Y. M. C. A. service of song will begin Sunday night when Adjutant Martin, leader of the Salvation Army in Charlottetown, will give an illustrated lecture on the life of Christ. This is one of the most notable features yet produced for such lectures. A cordial invitation is extended to all.

Telephone Worker

his left side, close to the curb, which, if he had struck it, would probably have meant instant death.

At the time of the accident Mr. Mahar was working with Messrs. J. D. McLeod, Louis McAulay and H. M. McCormack, repairing a loop. The men had been at work about five minutes, and had repaired the loop, which Mahar had lowered to the ground. The latter was in the act of replacing the loop when the accident occurred. The work would have been completed in another half minute, the foreman states.

The injured man is about 35 years of age, a skilled workman, not given to careless habits, and held in highest esteem by all who know him. "Mother, may I go in to swim?" "Yes, my darling daughter. But if that's the suit you are going to wear. Please stay under the water!"
