**—TWENTY-FIVE FAMILIES** of airforce personnel are now living in temporary married quarters on the Summerside R.C.A.F. station. The movement is to be completed today. Later more quarters may be made available but for the present it is planned to accommodate only this number. The reason for this move is because of the crowded housing situation in Summerside and because some of the men were forced to pay higher rents than they could afford. Located in the four and five room apartments, the families will do their own house-keeping and will have certain social amenities available. There will be a store on the station where they may purchase groceries. Movies will be shown twice a week once weekly there will be open house in the mess. Children of school age are taken to town in the morning and picked up after class. — S.
