DOCTOR SAYS VINOL IS THE BEST TONIC

Honest Opinion Doctor Gave His Patient

Bedford, Ohio.—"I was in a pitiful condition, weak, nervous and run down so I could not do my housework. I had doctored for years and tried everything under the sun. A friend told me about Vinol. I asked my doctor about it, and he replied, 'It certainly is the best medicine that can be had today. I couldn't give you any better.' I took it, and today I am as well and strong as any woman could wish to be, and it was Vinol that saved me."—Mrs. Frank A. Horsey, Ash St., Bedford, Ohio.

We guarantee this famous cod liver and iron tonic for all such conditions. E. A. Foster, druggist, Charlottetown.

YOU CAN'T FIND ANY DANDRUFF AND HAIR STOPS COMING OUT

Save your hair! Make it thick, wavy, glossy and beautiful at once

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A 25-cent bottle will double the beauty of your hair.

Notice of Sale

of a house and Lot of land on Stewart Street, Charlottetown, and farm at Mount Ryan, Lot or Township Number 35, the property of the estate of the late James A. Smith. A Success—Twice Over

This season's thirty-five horsepower Overland Model Eighty-Five has scored a double hit in Canada.

For this is the popular model that offers to buyers a choice of either a Four or a Six. It is built in both motor designs.

The wheelbase of the Four is 112 inches—the Six 116 inches.

Solid comfort is assured in both. Big, roomy seats and cantilever rear springs are just two of the reasons why.

As for the motors themselves, little need be said—the fame of the Overland thirty-five horsepower four-cylinder engine is known the world over. And the engine in the six is just as efficient.

We believe the Overland Eighty-Five comes closer to fulfilling the commonsense requirements of more people in Canada than any other model brought out this year.

Let us show you these cars. Bruce Stewart & Co., Ltd. Charlottetown, P. E. I. Phone 62.

Willys-Overland, Limited Willys-Knight and Overland Motor Cars and Light Commercial Wagons Head Office and Works, West Toronto, Ont.

WHAT DYSPEPTICS SHOULD EAT

A PHYSICIAN'S ADVICE

Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisurated magnesia in a little hot or cold water. This will neutralize any acid which may be present or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisurated magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach; but by neutralizing the acidity of the food contents, and irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisurated magnesia from your druggist, eat what you want at your next meal, take some of the bisurated magnesia as directed above, and see if 'mea is not right.'

ARE YOU LOSING YOUR GRIP
