—DEATH OF MRS LAWRENCE GAUDET—The death occurred at her home in Miscouche on Monday night after a brief illness at 82 years of age of Mrs. Lawrence Gaudet. The deceased was a life long resident of Miscouche, where she was held in the highest esteem by all who knew her and will be much missed in the district. There are left to mourn besides her sorrowing husband, four sons and one daughter, namely: Philip and Ephraim, of Everett, Mass.; Alfred of New York; Mrs. Rogers of North Andover, Mass., and Aurel at home, to whom The Guardian extends its sincere sympathy. The funeral is taking place this morning at 8.30, Rev. Dr. Monaghan officiating. S.

—DEATH OF MISS KATHERINE GAUDET—The death occurred under sad circumstances on Monday evening at her home in Tignish of Miss Katherine Gaudet, the youngest daughter of Mrs. Margaret Gaudet, the widow of Mr. Agnew Gaudet, at 87, after an illness of five weeks from

typhoid fever, at the age of thirty five years. The deceased was one of the most popular and competent young ladies of Tignish, having ever since she graduated from Business College held the important position of secretary to Messrs J. H. Myrick and Co. Tignish. This position had been previously held by her father until his death and by his father before him. Miss Gaudet will be greatly missed by an exceptionally wide circle of friends, throughout the community, who extend their deep sympathy to her widowed mother, three brothers and three sisters, namely: Frank, in Providence, R. I. Edmond and Aubin in Saskatchewan; Sister Rose Celestine of Mount St. Vincent, Halifax; Miss Fidelus and Miss Alma R. N., of New York who is at present at home with her mother, to all whom the Guardian also extends its sincere sympathy. This makes the second death in the family within a year, Mrs. Gaudet having lost another daughter, Sister Rose Stanislaus, who died last July in St. Patrick's Convent, Halifax. The funeral is taking place this morning to St. Jude and St. Simon Church at Tignish.—S.

PERSONALS

—Mrs. Annie L. Hunter, returned

To Farador People of P. E. Island

Dear Friends:—As the representative of the Farador Company I take the privilege of addressing you at the commencement of my nineteenth year of work. I am sure it will be a great satisfaction for you all to learn that to Summerside Tuesday after spending the week end with her sister, Mrs. Jess S. Matthews, Alberton.

—Mr. Russel Ahearn, proprietor of the Russel Hotel, Summerside, entered the P. C. Hospital Saturday for an operation. His many friends wish a speedy recovery.

—The Misses Violet and Rosamond Richardson returned to Halifax Ladies College, Halifax, on Tuesday morning to resume their studies in that institution. They were accompanied by their mother, Mrs. R. B. Richardson of Summerside. S.

"Do you think your son will forget all he learned at school?" "I hope so," replied the father "I don't see how he can earn a living as cheer leader."

the Farador has made tremendous strides during the past year and the outlook for the future is very bright. You who have made good use of the Farador in time of illness do not have to be told that the Farador possesses merit. You know that an ounce of experience is worth a pound of theory. Many of you have been raised from beds of sickness by this system of healing, although you were considered beyond hope of cure. Many of you have seen your loved ones relieved of such ailments as appendicitis, infantile paralysis, tonsillitis, pneumonia, diphtheria and various kinds of fever with surprising swiftness.

It is to your good words that the Farador owes its success in the Province. Out of several hundred who have been helped scarcely a dozen have been so selfish as to fail to pass the good word along to others who need help.

This letter is addressed to you with the hope that as time goes on you will renew your efforts in order that many sufferers may obtain the blessing of health as you obtained it.

The work of the Farador is only in its infancy. If all who have been helped would make it a rule to let others know what the Farador can do in time of illness the amount of good already accomplished would be lo-

creased ten-fold.

In order that the best results may be obtained, do not wait until a disease has become chronic before you resort to a sufferer of the beneficial effects of the Farador. Acute ailments are more readily overcome by means of the Farador than are chronic ones. Most people who now accept the Farador treatment come to it as a last resort. We want people to learn that they will save themselves much suffering and expenses by coming to the Farador as the very first resort and they will also be much more certain of being cured. It would be absurd to suppose that the Farador will cure all chronic diseases, although the record shows that it has relieved a great number of such cases. Do not become weary in well doing. The Farador is a comparatively new thing, and unfortunately some people are so prejudiced against anything new that they will turn a deaf ear to any advice, refuse to investigate and even deny the evidence of their senses. If such people fail to profit by your advice you have at any rate discharged an act of kindness towards them which others may profit by when they see the folly of clinging to old methods when such an up-to-date remedy as the Farador may be purchased or rented at trifling expense.

I would be glad if all who have Faradors would send them to me occasionally in order that they may be tested and any needed repairs made. The machine will sometimes get a bad name because the cord connection has become broken or imperfect.

With best wishes I remain yours for health.
