UP, UP HE SOARED BUT NO GLASS BROKE

High notes of Giovanni Martinelli, Metropolitan Opera tenor, failed to shatter drinking glasses as he attempted to duplicate the feat of a British soprano whose voice cracked a glass. Although the piano vibrated to Martinelli's powerful voice as he whinnied several with his finest high notes, the stubborn glasses held out.

THE BAPTIST CHURCH

The service of morning worship was conducted by the Rev. Dr. MacKenzie with sermon based on John 3: 14 and 16, "And as Moses lifted up the serpent in the wilderness, even so must the Son of man be lifted up." There is a deep purpose in this Lenten season, that we may come to a fresh appreciation of the meaning of Christ, when the world's pride and boasting carry us away. We need to see the cross as central, it is well to have the cross as a power within us. We do well to think of the meaning of good news, that this good news may do something for us and something with us. So must the Son of man be lifted up, thus have we a demonstration of what is hurting us, the poison of sin, indeed sin at its worst, striking against God, the cross says "there is something you need, something God can do for you," there is the exposure of wrong, the response of confession, there is the assurance of forgiveness, born again to a new form of life, beginning now. The day calls for a new generation of Christians, splendid with the splendour of Jesus in their hearts. The morning anthem was Ferrant's "Lord For Thy Tender Mercy's Sake." The Church School held the usual session at the close of morning worship. The service of evening worship at 7 P.M. was conducted by the C. G. I. T. with Miss Lois Tupper, Girls Work Secretary of the M. R. E. C., who brought a pointed, practical, informative and inspiring address. The Junior Choir led in the music, singing "O Saviour Sweet" and Sibelius' "Song of Peace." The music at both services was conducted by Miss Helen Stewart, A. T. C. M., organist and director of choir.

In Lonely Outposts

Your RED CROSS help is needed!

In frontier districts of Canada the nearest hospital or doctor may be a hundred miles or more away. Over twenty years ago the Red Cross began establishing outpost hospitals and nursing stations in these remote regions. Today a whole chain of Outpost Hospitals can be found in the frontier districts of the Dominion. They bring medical science within reach of these isolated communities. Hundreds of thousands of patients have been treated in these tiny hospitals, including thousands of confinement cases. These hospitals also serve as health centres for their communities, carrying on medical inspection in the schools and organizing clinics for the children. Your help is needed to maintain and expand this vital work. Stand behind the Red Cross, and help bring medical aid to your fellow-Canadians pioneering on Canada's frontiers. Give NOW... give generously.

ASK DOCTOR FIRST

There are no known cures for deafness, and the adoption of eye instrument to be applied to the ear should be entrusted to qualified medical care.

NOW Perfection... Check

Perfection... Check means "Quality-Tested", a new post-war scientific method that guards each Sweet Cap, step by step, from plantation to smoker.

Perfection... Check is modern magic... the "watchful eye" that checks, day in and day out, the manufacture of Sweet Caps... checks for choice leaf, moisture control, blending... and finally the even wrapping in pure snow white paper. Result... THE PERFECT POST-WAR CIGARETTE.

"The purest form in which tobacco can be smoked"
