

Madame Albani Says: "The Heintzman" "Is an Excellent Instrument"

(COPY)
 Wolfville, N.S., June 6, 1906.
 Dear Sir:
 I write to tell you that I was very much pleased with the Piano you supplied for my concert at Charlottetown the other evening. It was an excellent instrument and does your firm great credit.

Yours very truly
M. Albani

What Constitutes Good Carbide

The quality of Carbide is first judged by the number of cubic feet of gas produced by a given pound.

Four and eight-tenths cubic feet per pound is recognized as the world's standard.

It is the standard accepted by the British and German Acetylene Associations.

It is possible to make carbide yielding 5 cubic feet to the pound, the cost of production would make it too expensive for general use.

A standard of 4.8 cubic feet, is quite sufficient for general lighting purposes.

It is upon this high standard that [E] Calcium Carbide is produced.

The principal impurity in Carbide is phosphorus, which depreciates the quality of the light—reduces the candle-power of the gas.

This is due in the first place to the presence of phosphorus in the lime. Now the lime used to make [E] Calcium Carbide contains a minimum of phosphorus.

[E] Calcium Carbide can be relied upon to give a clear, steady, brilliant, white light.

It is the highest standard of carbide manufactured and offered for sale on the market.

Remember, [E] Calcium Carbide is the carbide you require.

Drop us a line to-day and let us give you some more facts about carbide.

THE SHAWINIGAN CARBIDE CO., Ltd. MONTREAL.

PRINCE COUNTY GUARDIAN

Offices in Summerside, D. K. Currie, Manager; and in Alberton, Herbert Clark, Manager.

Shirt Waist Superiority!

Our aim is through honest advertising to let the public know of the different lines of goods which we have in stock for their selection—not what our competitors have not—We do not indulge in "bombast" or egotistical assertions about having the "first choice" and the "exclusive right" to the "cream" of every line we carry from suits down to shoe-laces. Such assertions invariably provoke a smile of pity from intelligent people, who take them with the proverbial grain of salt. Ladies now-a-days simply visit the different stores and soon find out for themselves "Who's who" and "What's what".

It tickles us to hear certain competitors persistently assert the extreme superiority of THEIR different lines over that of all others, when we KNOW to the contrary. Take shirt waists for instance—We claim to have a stock second to none in this City, and are here to back it up. That the people know it, too, is evident from the fact, that up to the present we have sold 100 more shirt-waists than we did last season, and have had to repeatedly fill up on our lines—perhaps this is where the shoe pinches. However just to give the few, who do not already know of our splendid stock, an idea of the many lines we have still to choose from, we append the following lists—

Good quality lawn, trimmed with insertion and tucks only 45 cts each. Another line of good serviceable lawn waists nicely made and trimmed at 75 cts each.

A line of nice quality lawn, prettily tucked down front with row of insertion in centre, full length sleeves with tucked cuff is priced 80c.

Another line of good lawn, with hemstitched tucks down each side of front, where it closes invisibly under small box pleat has the long sleeves finished with prettily tucked cuff. Price only 95c.

A very pretty line daintily tucked and trimmed with embroidery insertion is priced \$1.10

A very pretty lot of white lawn shirt waists is trimmed down front with three rows embroidered insertion, with val. Insertion set between. There are clusters of fine tucks to yoke depth, while it is closed down back under pretty box pleat with hemstitched tucks on either side, the sleeves are full length and finished with pretty cuff. Price \$1.40.

A dainty self spotted dimity, has circular yoke, also collar attached, of rows of val. insertion, while the same pretty trimming is arranged in a unique design over front, the 3/4 sleeves being prettily finished with lace trimmed cuff. It is closed down back with tucks on either side of closing. Price \$2.35.

A beautiful fine lawn waist has embroidered insertion set in front and crossed so as to frame a motif of elegant insertion, pretty attached collar, 3/4 sleeve with tucked cuff edged with insertion and val. lace open back with clusters of tucks. Price \$2.00.

A dainty and elegant waist is of sheer nainsook with embroidery front, set with two rows of finest val. insertion. The 3/4 length sleeves are prettily finished with finest insertion edged with lace. There are three clusters of fine tucks to yoke depth in back. Price \$2.05.

A lovely waist of mull has front embroidered with three beautiful vines, between which is set two clusters of tucks to yoke depth, below which val. insertion is set in to form dainty scrolls, open back, 3/4 sleeves daintily finished. Price \$3.85.

A dainty and charming all-over embroidered mull has low square neck finished with ribbon-run insertion, the dainty 3/4 length sleeves being finished in the same way. Price \$5.50.

A most beautiful embroidered waist has three large open work medallions set across front yoke and in sleeves, small round yoke of finest val. insertion with clusters of pin tucks to yoke depth in back which is visibly closed. Very pretty and dainty. Price \$5.50.

Then there are pretty and serviceable black muslin waists with four deep hemstitched tucks down front where it closes, two deep tucks down back, deep cuff, pretty collar attached. Price \$1.20.

Another line of black dotted Swiss is handsomely trimmed with black val. lace and insertion, closed in back, with 3/4 sleeve finished with cuff prettily trimmed with black val. lace and insertion. Price \$2.35.

These are only a few of the many charming designs we show, and the description does not really do them justice, so we invite all interested to call and give us the pleasure of showing these dainty goods.

Besides we have a beautiful stock of ladies' "tub" suits in percale and linen elegantly made and trimmed at from \$1.35 to \$9.50 a suit.

We invite the closest comparison and will thus still further increase our already generous patronage.

M. TRAINOR & CO.

The Store That Saves You Money.

Summer Hats. I have them of every description. Just bring in your head and your pocket-book and I will do the balance. Don't waste your time by looking around but come direct to the only up-to-date hatter, H. H. Brown, The Hat and Cap Man. 6-28d11

ALMOST DEAD OF BRONCHITIS. Few people have suffered more than Joe P. Taylor of Byram, P. O., Ont. Today he is well and writes, "I must tell you how much Ontario's has been to me. I was so bad with Bronchitis some time I thought it would soon be over with me. A spell of coughing would come on that left me prostrated and weak. Since using Ontario's I have had no trouble at all. It strengthened my throat, stopped the cough, gave me free breathing and entirely cured. Just the usual experience. Ontario's invariably cures whooping, Bronchitis, Asthma or Catarrh, no matter how long it has lasted. 25c and 50c at all dealers. W. Taylor, J. Water. 6-28d11

More trouser style fit and comfort. We are making 25 pairs every week, all first class fits. Maclellan Bros., Where all good garments are made.
